PREFACE

[Third Edition]

In view of better response of readers to the second edition of this book, the present third edition is published with additional Government resolutions. I have added “The Maharashtra Fiscal Responsibilities and Budgetary Management Act, 2005” with “The Maharashtra Fiscal Responsibilities and Budgetary Management Rules, 2006” to make book more useful. I hope that this third edition is more useful for the readers.

This venture is possible because of encouragement from my family members, relatives, office and professional colleagues.

I must appreciate the full co-operation rendered by Shri N.V. Joshi and K. A. Deshpande for making the third edition more useful to the readers. I am also thankful to the staff of the Library of the District Bar Association, Nagpur and Judges Library, High Court, Nagpur for their co-operation in completion of this book.

The pains taken by “Zero Systems” and “Laxmi Binding Works” must be appreciated.

Despite the extensive efforts taken by all the persons involved in the printing work, mistake, if any, noted by the readers, be kindly communicated to me in writing so that it will be corrected in future editions.

**Chapter 2- General Principles And Rules**

**Section I**

**A - Receipt of Government Money**

3. **Issue of receipt on payment.**

Government servants receiving money on behalf of Government must give the payer a receipt.

This receipt should be signed only by a responsible officer who would satisfy himself at the time that the amount has been entered in the Cash-Book. Receipt-Books in Fin. R. Form No. 1 should be used in all cases and the blank receipt books should be kept in the safe custody of the officer who issues them.

4. **Government Servant not to handle money in official capacity which does not belong to Government.**

A Government servant who handles Government money should not, except with the special sanction of the head of the office, handle also in his official capacity money which does not belong to Government. Where, under any special sanction, a Government servant deals with both Government and non-
Government money in his official capacity, the Government money should be kept in a cash box separate from the non-Government money and the transactions relating to the latter should be accounted for in a separate set of books and kept entirely out of Government account.

5. **System to be adopted for passing receipt for money received.**

The following system should be adopted for passing receipts for money received on behalf of Government in Public Works Department offices:-

1. Each member of the Supervisor Establishment and the Bombay Subordinate Engineering Service not in charge of a Sub-Division, Sectional Inspectors and temporary Overseers in charge of Sections and Canal Inspectors employed on irrigation works where there are no Sectional Inspectors or Subordinates should be supplied with a receipt book with foils in triplicate. A security deposit of Rs. 50 should be taken from Sectional Inspector and Canal Inspectors.

2. Each Cashier of a Divisional Officer, or the Head Clerk in a Divisional Office carrying on such duty, and the Head Clerk of a Sub-Divisional Office should be supplied with a receipt book with foils in duplicate.

**Note** - Where the delay in the issue of receipt for payments received from the public is the normal feature, triplicate receipt books may be used. In such cases, the duplicate receipt books should be withdrawn from the Divisional and Sub-Divisional Head Clerks, and the Executive Engineer or the Sub-Divisional Officer only should issue duplicate receipts from his own book to the Divisional or Sub-Divisional Head Clerk or to the Executive Subordinates who receive money from the public on behalf of Government and issue triplicate receipts.

3. Each supervisor or overseer or Sectional Inspector or temporary overseer in charge of a section or Canal Inspector employed on irrigation works where there are no Sectional Inspectors or Subordinates whenever he receives money on behalf of Government should hand a permanently numbered receipt to the depositor and send the duplicate with the money to the cashier or the Head Clerk carrying on such duty in the Divisional Office or the Head Clerk in the Sub-Divisional Office, who will issue a receipt from his book and paste the supervisor's or overseer's etc., receipt against his
counterfoil. The supervisor or overseer, etc., will paste the receipt of the cashier or the Head Clerk carrying on such duty in the Divisional Office, or the Head Clerk in the Sub-Divisional Office, on his counterfoil. Any supervisor or overseer, etc., found giving a receipt not in the prescribed form will be severely dealt with. He should on no account lump items in one counterfoil but should send the counterfoil of each receipt granted.

(4) If the supervisor or overseer, etc., is far away from the headquarters he should deposit the money in the nearest treasury and send the treasury chalan with his duplicate receipt to the cashier or the Head Clerk carrying on such duty in the Divisional Office or the Head Clerk in the Sub-Divisional Office, who will send him a receipt and paste the supervisor's or overseer's etc., receipt and chalan against his counterfoil,-the supervisor or overseer, etc., pasting the receipt of the cashier etc., against his counterfoil.

(5) The Executive Engineers and the Sub-Divisional Officers will examine the receipt books issued to all their subordinates at every convenient opportunity and at least once a month and initial them in token of their scrutiny.

(6) One receipt book at a time should be issued to each subordinate by name and should be kept in the personal custody of the officer to whom the receipt book is issued. In the case of transfer the receipt book will be personally handed over to the relieving officer, who will certify in his charge papers that he has received the receipt book, stating the number of blank foils in triplicate which it contains. The Executive Engineer should keep an account of all the receipt books obtained by him for his Division and should keep the stock in safe custody in his office chest.

(7) Divisional Accountants should not be authorised, in any circumstances, to issue final receipts in Public Works Account Form No. 3 over their own signature. Ordinarily they should also not be required to receive or pay out cash. Under rule 17(b)(3) below, however, they are authorized to make payments up to Rs. 10 in each case on contractors' bills in the absence of the Executive Engineer. In cases where monetary transactions at the headquarters of the
Divisional Officer are not large, either in number or in amount, Divisional Officers may also on their own responsibility but with the previous consent of the Principal Auditor entrust the receipt and disbursement of cash to the Divisional Accountant.

6. **Receipt book to be obtained annually.**

Receipt books containing Fin. R. Form No. 1 should be obtained annually on indent by Executive Engineers from the Yervada Prison Press. The books should be carefully examined to see that the number of forms contained in each are intact and a certificate of count recorded on the flyleaf. Similarly, they should be examined again when issued to subordinates and care should be taken to see that they are acknowledged by the latter promptly. Counterfoils of used receipt books should be returned promptly to the divisional office for record.

**Note.** Special Officers, viz., Chief and Superintending Engineers, Superintendents of Works and other special officers not being Divisional Officers or their subordinate officers, do not realise any departmental receipts.

7. **Departmental receipts to be realised ordinarily in legal tender coins or currency notes.**

Departmental receipts may ordinarily be realised in legal tender coins, or currency notes. But in certain cases cheques payable on demand including crossed cheques, remittance transfer receipts and demand drafts may be accepted.

8. **Acceptance of government dues by local cheques.**

(a) At places where the cash business of the treasury is conducted by the Bank, cheques on local banks may be accepted in payment of Government dues, or in settlement of other transactions with the government, if the cheques have been crossed by the drawer. Until, however, a cheque has been cleared, the Government cannot admit that payment has been received and consequently final receipt shall not be granted when a cheque is tendered. A receipt for the actual cheque only may be given in the first instance, but if a person making payment in this manner so desires, a formal payment receipt shall be sent to his address after the cheque has been cleared. Collection charges of the Bank, if any, which should previously be ascertained
by the payer, may be included in the cheque for the payment of Government dues or may be paid in cash. The preliminary acknowledgment of the receipt of the cheque will be given in the following form:

"Received cheque No.........................date................
for Rs. ............ As per particulars below, drawn on ..............
on account
as per challan
No ............. Rs. .....................
Collection charges (if included in cheque) Rs. ...................."

(N.B.- The collection charges should not enter Government Accounts.)

Note. - The Reserve Bank and the State Bank of India reserve to themselves the right to refuse to accept cheques the collection of which in their opinion cannot reasonably be undertaken and which they would not accept on behalf of their own constituents.

(b) In the event of a cheque being dishonoured by the bank on presentation the fact shall be reported at once to the tenderer with a demand for payment in cash, but the Government cannot accept any liability for loss or damage, which may possibly occur as a result of delay in intimating that the cheque has been dishonoured.

(c) When Government dues which are payable by certain fixed dates are paid by cheque, the person desiring to make such payment in this manner without risk must take suitable precautions to ensure that his cheque reaches the treasury or the receiving office at the latest on the working day preceding the date on which the payment is to be made. Cheques received on the last day of payment of Government dues may be refused at the discretion of the officer to whom they are tendered and those received later will not be accepted.

Note 1.- The term "local banks" as used in this rule means bank (including the Reserve Bank and the Imperial Bank of India), located in the Station in which Bank treasury is situated.

Note 2.- Government dues paid by Postal Money Orders should be deemed to have been paid on the date of actual remittance of money into the post office and not on the date of receipt of the money by the
department concerned. This should also apply *mutatis mutandis* to
Government dues paid by any other recognised mode of
remitting money by post.

9. **Public money should be kept in strong treasure chests.**

Public money in the custody of the department should be kept in strong
treasure chests and secured by two locks of different patterns. In the absence of
any precise orders from Government, the officer in-charge of the chest should
make such arrangements for the custody of the key and the proper disbursement
of all moneys as he considers requisite. All the keys of the same locks must,
except where the procedure prescribed in the note to this rule is adopted, be kept
in the same person’s custody, and, as a general rule, the keys of the one lock
should be kept apart from the keys of the other lock, and in a different person’s
custody when practicable. When there is a police guard, the havildar or other
petty officer of the guard should usually be the custodian of one set of keys. The
chest should never be opened without both custodians being present. The non-
commissioned officer or duffadar of the guard should always be present when a
treasure chest is opened and until it is again locked. Whenever a cashier is
attached to an office, the keys of one of the locks of the treasure chest will
necessarily remain in his possession.

**Note.**- If considered desirable, the duplicate keys of cash chests may be
placed under the seal of the officer in-charge, in the custody of
the Treasury Officer. In the event of this practice being adopted,
a duplicate key register should be maintained and once a year, in
the month of April, the keys should be sent for, examined and
returned under fresh seal, a note being made in the register that
they have been found correct.

10. **Duty of officer-in-charge of chest.**

The officer in-charge of the chest will count the cash in the hands of each
cashier at least once a month; or, in the case of outstations, he or any other
gazetted officer named by him will count it whenever he may visit them, and will
record a note in the cash book showing the date of examination and the amount
(in words) found. The balance by actual counts should moreover be compared
with the cash book balance and excess or deficit, if any, noted in the cash book
and reported to the immediate superior.
11. Counting to be made on last working day of each month.

The counting should be made on the last working day of each month immediately after closing the cash account of the month, but where this is not possible, the cash balance may be counted on the first working day of the following month before any disbursement is made on that date.

B - Receipt of Non Government Money

[12. Money received to be paid in Public Account.

(1) (a) Under Article 284 of the Constitution, all moneys received by or deposited with any officer, employed in connection with the affairs of the State in his capacity as such, other than Revenues or public money raised or received by Government, shall be paid into the Public Account.

(b) All moneys received by or deposited with High Court or any other Court in the State of Maharashtra, shall also be dealt with, in accordance with clause (a) of sub-rule (1).

(3) Personal Ledger Accounts within the Public Account in the treasuries should be opened by Government servants authorised to administer the funds. The Government servant will be personally responsible for ensuring that the moneys are expended in strict conformity with the rules and regulations governing the funds to which the moneys appertain and that precise record of all the transactions of the fund is kept in a form complying with the regulations of the fund.]

(f) Security bonds and other valuable documents belonging to other Departments may be lodged in the treasury for safe custody and such documents should be sent to the treasury in a sealed double cover or packet with a forwarding letter, the details of the contents being recorded on the outer cover under the dated signature of the Departmental Officer. The Treasury Officer, will pass a receipt for each such cover, enter the cover or packet, in a suitable register, record the register number on the sealed packet to facilitate its identification and then keep it in a box or almirah in the strong room under his own lock. For Greater Bombay the Pay and Accounts Officer, Bombay, should be considered as the officer for the purposes of this rule.

(g) Iron safe and chests of $^[Co-operative Banks and societies]$ should be accepted for the safe custody at the treasuries and sub-treasuries on the following conditions:-

(i) Neither the $^[Government of Maharashtra]$ nor any officer of Government shall be held liable or responsible for any loss that may be incurred by the $^[Co-operative banks and Societies]$

Section III - Payments

(i) Drawing of money from the Treasury

Detailed rules for the preparation of bills in which the different classes of charges are drawn, and as to the method of obtaining money from the treasury whether by bills or by cheques for subsequent disbursements are laid down in the Subsidiary Rules framed under Treasury Order No. 16, Financial Publication No. II.

Government Servants of the Forest ![Department] draw money from the treasury by cheques, and disbursing officers of the Public Works Department in two ways, viz., directly by bills or by means of cheques. Government servants of other departments get their cash by bills on the treasury.

Note 1.- Cash required for contingent charges of the offices of Chief and Superintending Engineers, Superintendents of Works, and other special officers not being Divisional Officers or their subordinate officers, may be obtained either by bills on treasuries or from Divisional Officers. In the latter case the detailed procedure will be prescribed by the Principal Auditor.
Note 2.- In the case of the Public Works Department the term “Treasury” includes a Military Treasury-Chest with which a Divisional Officer may be placed in account.

"If the Mechanical and Civil Overseers are empowered to make cash payments up to Rs. 50 subject to the condition that the measurements of the purchases of certain items like petrol, oil or cost of spare parts, which are urgently required, are recorded by the overseers, on the spot, before payment is made."

(4) Superintendent, Hadapsar Effluent Experimental Area Sub-Division up to Rs. 50 each on bills at items (a) and (b) under clause (2), when this is considered necessary in the interest of work.

(5) Executive Engineers of Divisions are empowered to permit for the purposes of prompt payments, when necessary such of the work-charged Surveyors and Overseers who are imprest holders and have furnished security under Rule 51 to make payments on muster rolls before they are checked and passed by the Sub-Divisional Officer up to a limit of Rs. 50 for each muster roll, provided further that at the time of recoupment of the imprest, the Sub-Divisional Officer scrutinizes the charges carefully as required by Articles 86 and 87 of Account Code, Volumes III, and records his ex-post facto sanction on the muster rolls concerned.

(c) Authorities competent to prepare or examine other demands for payment (i.e., muster rolls and acquittance rolls of work-charged establishments) and to make payments thereon.

Muster rolls will be prepared by a member of the Works establishment in immediate charge of a work subject to check both by the Subordinate-in-charge and the Sub-Divisional Officer. The latter will, however, pass the muster roll. Payment will either be made by the Sub-Divisional Officer himself or by an imprest-holder.

Those members of the Bombay Subordinate Engineering Service who are in charge of sections are empowered to disburse the salaries of members of the work-charged establishment who are serving under them on bills signed by the Sub-Divisional Officers. They are also empowered to make payments of unpaid wages on the receipt of abstracts approved by Sub-Divisional or Divisional Officers.

* Added by Notification dated 6-4-1964.
Rule 18 - Range Forest Officer in the Forest Department authorised to make payment.

18. **Range Forest Officer in the Forest Department authorised to make payment.**

In the Forest Department Range Forest Officers are authorised to make payments for work done or supplies made by contractors or piece-workers up to a limit of Rs. 500 on a single bill. Bills in excess of Rs. 500 should be pre-audited and passed for payment by Divisional Forests Officers.

*(ii) Cheques.*

19. **Rules relating to payment by cheque.**

The following rules relate to payments by cheques:-

(a) Disbursing officers authorised to draw cheques whether on treasuries or sub-treasuries or on the State Bank of India, either at the local head Office or a branch, should obtain their cheque books direct from the Treasury Officer in-charge of the head treasury concerned, by sending duly signed the printed requisition form which is inserted in each book towards the end. Not more than one book should be obtained on a single requisition. The cheque books should on receipt, be carefully examined to see that the number of forms contained in each book is intact and a certificate of count should be recorded on the flyleaf.

(b) Cheques from books obtained from a particular treasury should not be drawn on other treasuries or on sub-treasuries of other districts.

**Exception 1.-** In the case of Forest Department payments, cheques from one cheque book may be drawn on different treasuries and sub-treasuries.

**Exception 2.-** In the case of Public Works Department payments, cheques from one cheque book may be drawn on different treasuries and sub-treasuries, by the disbursing officers in their jurisdiction.

"[ - - - - - - - - - - ]"

(c) Each cheque book must be kept under lock and key in the personal custody of the drawing officer, who, when relieved, should take a receipt for the correct number of cheques made over to the relieving officer. The loss of a cheque book or blank cheque forms should be notified promptly to the Treasury Officer with whom the disbursing officer concerned has a drawing account.
(d) No advice of the issue of any cheque need be sent to the treasury. As a general rule cheques should not be issued for a sum less than Rs. 10 unless this is permissible under the provision of any law or rule having the force of law.

**Note** - The provisions of this rule have been relaxed so as to allow cheques for sums less than Rs. 10, but not less than Rupee one, to be issued for the return of deposits in the Presidency Magistrate Courts in Bombay.

They are also relaxed in the case of cheques drawn by Forests Officers for transfer credit to forest remittances of the amounts of remuneration paid to village officers for collecting forest revenue. The Sheriff of Bombay is authorised to draw cheques for sums less than Rs. 10 on his Personal Ledger Account. The Official Assignee, Bombay, is authorised to issue cheques for a sum less than Rs. 10 on his Personal Ledger Account.

'The Collector of Ratnagiri is authorised to draw cheques for sums less than Rs. 10 but not less than Re. 1 on his Personal Ledger Account which has been opened in his name for crediting the amounts of occupancy price and commutation value of Khot's dues recovered in accordance with sections 4 and 5 of the Bombay Khoti Abolition Act, 1950.'-[This restriction regarding the issue of cheques for a sum of less than Rs. 10 does not, however, apply to payments made on account of inter-departmental transactions affecting the values in Personal Ledger Accounts.]-[The payments should be made by cheques/drafts which should bear either of the following forms:-

<table>
<thead>
<tr>

<th>Payable at</th>
<th>To be crossed/Superscribed</th>

</thead>
<tbody>
<tr>
<td>1. Inter-departmental and inter-Governmental dues</td>
<td>Office of the Reserve Bank, State Bank of India and Subsidiary Banks</td>
<td>A/C Payee.</td>
</tr>
</tbody>
</table>
(e) When an officer is authorised to draw cheques on sub-treasuries, he should give notice to the Treasury Officer, from time to time, of the probable amount of his drawings on each sub-treasury in order that funds may be provided as far as possible. Cheques drawn on sub-treasuries should be distinguished by different numbers and letters from those drawn against the head-treasury.

(f) In cases of Forest, *[ - - - - - ] and Public Works Departments where funds are issued from the treasury on cheques, the departmental officers should see that the drawings are regulated by budget grants and appropriations.

+ The word "Excise" deleted by Notification dated 6.4.1964.
* Inserted by Notification dated 2.9.1964.
# Added by Notification dated 25.8.1966.

20. Petty disbursement of Forest and Public Works Department.

For petty disbursements of the Forests, *[ - - - - - ] and the Public Works Departments lump sums may be drawn from the treasury by cheques. Only the minimum cash required should be drawn, and if it is found at any time, that the balance in hand is larger than is required, the surplus should be refunded into the nearest treasury.

+ The word "Excise" deleted by Notification dated 6.4.1964.

21. Limits of Drawings of S D O.

If a limit has been set by a Public Works or Forest Divisional Officer on the drawings of Sub-Divisional Officer on any treasury (vide Subsidiary Rule No. 88 under Treasury Order No. 16, Financial Publication No. II), the limit so prescribed should be entered on the reverse of the counterfoil of the cheque book for that treasury before any cheques are drawn during that month, and the Sub-Divisional Officer should watch that the limit is not exceeded, by deducting from it, the amount of each cheque as it is drawn. The undrawn balance at the close of the month should not be carried forward to the next month.

22. Duty of drawing officer in the absence of limit of monthly drawing.

In the absence of a monthly limit on the drawings, the drawing officer should record on the reverse of the counterfoil of each cheque, the amount of the next cheque drawn and of the total of drawings during the month, and carry
forward their total to the next counterfoil. This will enable him, from time to time, to exercise an independent check on the postings of his cash book.

23. Presentation of cheques after limit.

If the currency of a Public Works, [or] Forest *[ - - - - ] cheque expire owing to its not being presented at the treasury for payment within three months after the month of its issue, it may be received back by the drawer for destruction and issue of a new cheque in lieu of it. The fact of the destruction and number and date of the new cheque should be recorded on the counterfoil of the old cheque, and the number and date of the old cheque destroyed entered on the counterfoil of the new one.

+ Inserted by Notification dated 6.4.1964.

* The word "or Excise" deleted, ibid.

When a cheque is cancelled, the cancellation should be recorded on the counterfoil, and the cheque, if in the drawer’s possession, should be destroyed. If the cheque is not in the drawer’s possession, he should stop payment at the treasury, and, on ascertaining that payment has been stopped, he should write back the entry in the cash book. A cheque remaining unpaid from any cause for twelve months from the date of its issue should be similarly cancelled and its amount written back.

25. No cheque should be drawn until it is intended to be paid.

As a rule no cheque should be drawn until it is intended to be paid and cheques drawn in favour of contractors and others should be made over to them by the disburser direct; but the disburser may be assisted in making disbursements by a cashier appointed for the purpose. The occasional delivery of cheques through a subordinate may be permitted at the discretion and on the responsibility of the disburser. In such cases the subordinate should make no entry in any accounts which he keeps, as a payment made by cheque should appear in the cash account of the disbursing officer who draws the cheque, and the subordinates’ record will be in his correspondence.

Note 1.- It is a serious irregularity to draw cheques and deposit them in the cash chest at the close of the year for the purpose of showing the full amount of grant as utilised.
Note 2.- With a view to effecting economy in the cost of service postage stamps, the Divisional Officers having drawing accounts on the Bank may send crossed cheques drawn in favour of well known firms by ordinary post.

26. Payment due to contractors.

Payments due to contractors may be made to financing Banks instead of direct to contractors provided that the Department obtains (1) an authorisation from the contractor in the form of a legally valid document like a power of attorney or transfer deed conferring authority on the Bank to receive payment, and (2) the contractors own acceptance of the correctness of the account made out as being due to him by Government or his signature on the bill or other claim preferred against Government, before settlement of the account or claim by payment to the Bank. While the receipt given by the Bank holding a power of attorney or transfer deed from the contractor constitutes a full and sufficient discharge for the payment, contractors should, wherever possible, be induced to present their bills duly receipted and discharged through their Bankers.

27. Return of counterfoils of used cheque books.

Counterfoils of used cheque books should be returned promptly by the Sub-Officer to the Divisional Officer for record.

28. Cheques cannot be used for transfer of funds from one division to another.

Cheques cannot be used for the transfer of funds from one division to another.

29. Loss of cheque.

If a disbursing officer be informed that a cheque drawn by him has been lost, he may address the Treasury Officer drawn on, forwarding for signature a certificate in the accompanying form. If, after search through the lists of cheques paid, the Treasury Officer finds that the cheque has not been cashed, he will sign and return the certificate, taking care to note the stoppage of the cheque, a board showing the particulars of stopped cheques being hung up before the clerk concerned. If the original cheques presented afterwards, the Treasury Officer will refuse payment and return the cheque to the person presenting it after writing across it “Payment stopped”. The Disbursing Officer will enter in his account the original cheque as cancelled, and may issue another.
“Certified that cheque No. .............., dated. .............. for Rs. .............. reported by the Disbursing Officer to have been drawn by him on the Treasury in favour of .............. has not been paid, and will not be paid, if presented hereafter.

Treasury:
The .............. 19

Treasury Officer”

30. Honoring of cheque.

If a cheque is issued by Government in payment of any sum due by Government and that cheque is honoured on presentation to Government’s bankers, payment shall be deemed to be made:

(a) if the cheque is handed over to the payee or his authorised messenger, on the date it is so handed over, or

(b) if it is posted to the payee, on the date when the cover containing it is put into the post.

The rule applies mutatis mutandis to a cheque in payment of Government dues or in settlement of other transactions received and accepted in accordance with the provisions of Fin. R. 8.

Note.- Cheques marked as not payable before a certain date should not be charged to the accounts until the date on which they become payable.

31. Fraud or misrepresentation in respect of cheque.

Government accept no responsibility for any fraud or misappropriation in respect of cheques in payment of an officer’s pay, leave-salary, travelling allowance bills, etc., made over by him to a messenger.

Section IV-Vouchers for Departmental Payments.

32. Payment and repayment to be supported by a voucher.

As a general rule, every payment, including repayment of money previously lodged with Government for whatever purpose, must be supported by a voucher setting forth full and clear particulars of the claim. As far as possible, the particular from of voucher applicable to the case should be used. Supplier of stores and others should be encouraged to submit their bills and claims in proper departmental forms. But bills not prepared in such forms should not be rejected if
they set forth the necessary details of the claims. In such cases, the additional particulars required should be added by the Disbursing Officer.

**Note 1.-** When it is not possible to support a payment by a voucher a certificate of payment, prepared in manuscript, signed by the disbursing officer and endorsed if necessary by his superior officer, should always be placed on record. Full particulars of the claims should invariably be set forth, and, where this necessitates the use of a regular bill form, the certificate itself may be recorded thereon.

*Note 2.-* Cash memoranda which do not contain an acknowledgement of the receipt of money from persons named therein are not receipts within the meaning of section 2 (23) of the Indian Stamp Act (II of 1899). Further, the mere writing of the purchaser's name and address on a cash memorandum for delivery purposes does not transform it into an acknowledgment to the purchaser that the money has been paid. Cash memoranda will not, therefore, be regarded as sub-vouchers in Audit unless they contain an acknowledgement of the receipt of money from the person named therein (with stamps affixed when the amount exceeds' Rs. 20). In cases where this is not practicable it will suffice if the cash memoranda are stamped "paid" and initialled, by the drawing and disbursing officer.

33. **Every voucher must bear a pay order signed or initialled and dated.**

Every voucher must bear a pay order signed or initialled and dated, by the responsible disbursing officer. This order should specify the amount payable both in words and figures.

**Note.-** Cashier and others authorised to make disbursements on passed vouchers should make no payment without a proper pay order of the responsible Disbursing Officer recorded clearly in ink on the bill or other voucher. No payment should be made on a voucher or order unless it is signed by hand and in ink.

34. **Attachment of acknowledgement of payment to voucher.**

Except as provided in Rule 26 every voucher should also bear, or have attached to it, an acknowledgement of the payment, signed by the person by
whom or in whose behalf the claim is put forward. No payment will be made in the absence of the necessary acknowledgement.

**Note 1.**—If a disbursing officer anticipates any difficulty in obtaining, from the person to whom money is due, a receipt in the proper form, it is open to him to decline to hand him the cheque or cash, or to make a remittance to him, as the case may be until the acknowledgement of the payment, with all necessary particulars, has been given by him. In all cases of payment by remittance, a note of the date and mode of remittance must be made on the bill or voucher at the time of remittance. In cases of remittance by postal money order the purpose of the remittance should be briefly stated in the acknowledgement portion thereof.

**Note 2.**—In the case of article received by value-payable post, the value-payable cover together with the invoice or bill showing the details of the items paid for may be accepted as a voucher. The disbursing officer should endorse a note on the cover to the effect that the payment was made through the post office and this will also cover charges for the postal commission.

**Note 3.**—A certified copy, marked “Duplicate”, of a receipted voucher may be retained by the disbursing officer should this be necessary to complete the record of his office, but the payee should not be required to sign such a copy or give a duplicate acknowledgement of the payment.

35. **Instructions regarding preparation and completion of vouchers.**

The following instructions regarding the preparation and completion of vouchers should be observed:-

(a) When the payee signs in a vernacular, he should be required to note the amount acknowledged in the vernacular in his own handwriting. In transliterating his acknowledgments the amount acknowledged, as well as any remark made by him, should also be reproduced in English.

(b) The disbursing officer is responsible that the full name of the work as given in the estimate or the name of the component Part (or sub-head) of it, or the head of account, to which the charges admitted on a
voucher are debitable, or to which the deductions or other credits shown in the voucher are creditable is clearly indicated on it in the space provided for the purpose or in some prominent position.

These instructions are supplementary to those contained in Subsidiary Rule 26 under Treasury Order No. 16, Financial Publication No. II.

36. Payment to suppliers of stores.

In cases of payments to suppliers of stores remittances of amounts of less than Rs. 25 for which Remittance Transfer Receipts cannot be issued by Treasury Officer, may be made by postal money order at the public expense.

Note 1.- "Payments to suppliers of stores" include petty payments of contingent charges also, for the purposes of this rule.

Note 2.- Whenever money orders are tendered for issue with treasury certificates or cheques in lieu of cash, individual receipts in respect of each such, money order should invariably be demanded.

'[36-A. Payment for service rendered or supplies made.

(1) As a general rule, every payment for services rendered or supplies made, shall be made only after such services have been rendered or supplies made. Payments, prior to the receipt of stores may, however, be permitted in exceptional cases by an officer not below the rank of the Head of the Department only when the Accepted Tender contains a specific condition to that effect or such condition is included in the agreement between the supplier and the Government Department.

(2) The advance payment under sub-rule (1) shall not exceed 90 per cent of the cost of stores which have either been despatched or are being immediately despatched which payment shall be made after inspection of the stores regarding quality and against proof of despatch. In case of service contracts, such amount shall not exceed the amount payable in one year under the contract. The advance payments shall be made on the basis of a valid expenditure sanction issued with the concurrence of the competent authority. Adequate safeguards to secure Government against all losses in the event of short or defective supply or delayed supply of the materials shall be obtained from the supplier in each case in the form of bank guarantee
or any other approved form of security in order to make good the amount of advance with interest.

**Note 1.**- The Head of the Department, who has been empowered to make advance payments in the manner prescribed under this rule and the item of stores for which such advance payment is permissible, shall be specified under the orders of the Government.

**Note 2.**- In all such cases, proforma invoices shall be obtained before a bill is presented to the Treasury for payment.]

+ Inserted by Notification dated 20.03.1986.

**Section V-Advances to certain Government Servants for Tours.**

*Rules regarding the procedure to be observed in the payment and adjustment of advances for travelling expenses to non-gazetted police officers.*

37. **Application of rules to all non-gazetted police officers.**

1. These rules apply to all non-gazetted police officers when required to travel by road or train on journeys for which under the Bombay Civil Services Rules travelling allowance is admissible.

2. Advances may be made by the Commissioner of Police, Bombay, or a District Superintendent of Police out of their respective permanent advances to a non-gazetted Police Officer for payment of his railway fare or expenses by road upto the amount of such fare or expenses and limited in the case of a road journey by the rates stated in Bombay Civil Services Rules 414 or rule 2 of Appendix XX to the Bombay Civil Services Rules, as the case may be. These advances should not be treated as ordinary contingent charges but the permanent advance should be recouped on encashment of the pay bills of the parties concerned.

3. Heads of Police officers may also draw advances for travelling expenses for their non-gazetted Police subordinates. Such advances shall be sanctioned against pay and accounted for under travelling allowances as a final charge and they shall be finally adjusted in audit after receipt of the necessary pay bills from which the amounts advanced should be deducted.

4. Advances may also be granted, at the discretion of the District Superintendent of Police to Head Constables and Constables, when
ordered suddenly to proceed from their headquarters, up to the maximum limit of one month’s pay. These advances should be recouped in three equal monthly instalments from the pay.

Note.—Whenever advances are sanctioned by Superintendents of Police it is essential that the Sub-Inspector, to whom the money is sent, should immediately take the signatures of the recipients of the advance on an acquittance roll in token of their having received them. The acquittance roll should be immediately forwarded by the Sub-Inspector to the Superintendent of Police for necessary action by the Police Accountant, who will be responsible for seeing that the advances are finally adjusted in due course.

38. Advance of travelling allowance admissible.

Advance limited to 75 per cent of the travelling allowance admissible may be made by the Commandant General, Home Guards, State of Bombay, Initially out of his permanent advance to the Home Guards Officers and the members of the paid staff of the Home Guards Organisation in emergent cases for meeting their expenditure while on tour.

¹|Section VI- Claims against Government including claims of pay and allowances of Government Servants.

39A. Payment not preferred within a year of their becoming due.

(1) No claims against Government other than those by one department against another or by a State Government, not preferred within a year of their becoming due can be presented without an authority from the Accountant General Provided that (i) ²|such claims not exceeding ³|[Rs. 1,000] presented within three years of their becoming due may be paid without pre-audit ⁴|[- - - - - - - ]

(ii) this rule shall not apply to the following categories of such claims :-

(a) claims on account of pension, which are governed by special rules;

(b) claims on account of pay and allowances, ⁵|[- - - - - ] of such non- gazetted Government Servants whose names are
not required to be shown in the pay bills in accordance with Rule 262(1) of the Maharashtra Treasury Rules, 1968;

(c) claims on account of interest on Government securities; and

(d) any other class of payments which are governed by special rules or orders of Government.

Note.- Claims of Government servants referred to in provisions (i) and (ii) (b) to Rule 39(a)(1) should be submitted to the competent authority for according sanction to the payment of claim after due scrutiny and check as required in Notes 1 and 3 below Rules 239(b). A copy of the sanction for payment accorded by the competent authority should be attached to such bills, while presenting them to the treasury for payment. In no case should such claims be preferred at the treasury direct for payment without a copy of the sanction.

(2) The one year should be reckoned in the case of travelling allowance bills, from the date of return to headquarters, or from the 1st of the month, if the tour continues over that date; in the case of officiating pay, from the date of receipt of the orders sanctioning the promotions, if the officiating pay is due for a past completed month or months, otherwise from the following pay day; in the case of leave salary, from the date of the order granting the leave and in other cases from the date on which a claim become due, to the date of its presentation at the treasury.

Note.- In the case of sanction accorded with retrospective effect the charge does not become due before it is sanctioned. The time limit specified in Rule 39(a)(2) should be reckoned from the date of sanction and not from the date on which the sanction takes effect.

Exception. - In the case of the staff of the Public Works Department the period of one year should be reckoned from the first of the next month in respect of journeys performed during the previous month even though the tour may not continue over the first of the month.

(3) In all other cases, where no special orders exist, it will be left to the Treasury Officer when he feels no doubt to make arrears payments without pre-audit, but all claims in arrears require special care in
examination, and it is always open to the Treasury Officer to send the bill [---] for pre-audit if he sees occasion to do so.

**Exception.-** Pre-audit by the Accountant-General is waived in the case of travelling allowance bills of the constabulary [Rule No. 204(3) of the Bombay Police Manual, Volume II, 1959 edition].

(4) In the case of claims which are more than six months old, the preferring office should state in the bill the reason for the delay. In respect of travelling allowance claims, where delay in submission is on the part of the Government servant, the preferring officer should recommend rejection of the claims to the controlling officer, who should decide whether the claims should be rejected forthwith or be processed further. In cases where claims pertain to the preferring officer himself, the controlling officer should decide the rejection or otherwise of the claims after ascertaining the reasons for the delay.

**Note 1.-** In the case of claims for fees in criminal cases preferred by the Government Pleader, High Court, Bombay or his Assistants the preferring officer should state in the bills the reasons for the delay only when the claims are more than four months old.

**Note 2.-** In the case of claims for lawyer’s fees the period of one year for the purpose of pre-audit should be reckoned from the date of counter signature of the claim by the Remembrancer of Legal Affairs in Civil cases and the month following that to which the claim relates in the case of criminal cases.

(5) A claim presented for payment [one year] or more after the date of pre-audit will again require the sanction of the [competent Authority] for its payment.

(6) A claim for an amount of fine deducted on pay bills by the head of an office, and remitted by him, may, if the claim is not six months old, be paid without the sanction of the Principal Auditor.

(7) The above rules do not apply to claims for refunds of revenue.

**Note 1.-** Grant-in-aid to local bodies, charitable or educational institutions, etc. to public exhibitions and fairs, and compensation to Government Servants for accidental losses, contributions etc. sanctioned either by Government or by subordinate authorities under the powers delegated
to them should be disbursed at the treasury on the authority of such sanctions without the authority from the Principal Auditor.

In the case of grants sanctioned by Government of Local Authorities for primary education only for a specific purpose, e.g. grants to local Authorities for the introduction of Basic Education in isolated schools, grants for the opening of new schools grant for entertainment of additional assistants, etc. the Director of Education is authorised to sanction payments through the statements issued by him periodically, as in the case of ordinary maintenance grants sanctioned by him to Local Authorities for primary education and of grants to such bodies for the same purpose which Government may authorise him to sanction from time to time.

**Note 2.** Educational scholarships sanctioned by State Governments under the audit of the Accountant General, Central Revenues, may be disbursed by the Treasury Officer without specific authority from the Principal Auditor.

**Note 3.** Claims of Government against Railways for overcharges and claims of Railways against Government departments for undercharges will be recognised and admitted if the claims are preferred within six months:

(a) In the case of cash payments from the date of payment.

(b) In the case of warrants or credit notes from the date of presentation of bill by the Railway administration.

**Explanation.** The terms “overcharges” and “undercharges” used in this Note mean overcharges and undercharges of railway freight and fares only. They refer to shortages and excesses in the items included in a bill which has already been rendered the omission of an item in a bill is not an “undercharge” nor is the erroneous inclusion of an item an “overcharge”.

1. Substituted by Notification dated 7-9-1970
39B. Investigation of claims of Government servants to arrears of pay, allowances, etc.

Claims of Government servants, whether gazetted or not, to arrears of pay or allowances, or to increments and claims of persons not in Government service which have been allowed to remain in abeyance for a period exceeding one year, cannot be investigated except under the special orders of the competent authority.

Note 1.- Delays in payment are opposed to all rules and are highly inconvenient and objectionable and when not satisfactorily explained should be brought to the notice of the head of the department concerned.

The right of a Government servant to the travelling allowance including daily allowance, transfer travelling allowance, conveyance allowance and permanent travelling allowance shall be forfeited or deemed to have been relinquished if the claim therefor, is not preferred within one year from the date on which it accrues. If the travelling allowance claim is not preferred by the administrative authority concerned for payment within one year from the date of its becoming due, it shall not be paid unless the reasons for delay are investigated in detail by the authority competent to sanction investigation of claim under Rule 39 and a specific sanction issued by it. If the investigation shows that the administrative delay was without adequate and cogent reasons suitable action may be taken against the officer/officers concerned. The date of preferring claim may be taken as the date on which the Government servant concerned prefers the claim to the Head of the Office or the controlling officer and in case of an officer who has been declared to be his own controlling officer for travelling allowance purposes the date on which he presents the claim of the treasury.

Consequent upon the forfeiture of the right to travelling allowance the advance so drawn shall be recovered from the pay of the Government servant or any other dues in one installment by the authority competent to sanction such an advance.

Note 2.- The period of one year should be counted from the date on which a claim became due to that on which the investigation is
sought, i.e. the date of receipt of the application. In the case of transfer travelling allowance claims of the Government servant, the period of one year should be reckoned from the date of his/her joining the new post. However, in respect of transfer travelling allowance claims of the members of his/her family, the period should be reckoned from the date following the date of the arrival of family at the new station.

Note 3.-When claims which have remained in abeyance for a period exceeding one year are under the rule above, submitted for the orders of the competent authority, that authority should reject forthwith all claims, other than those that affect pension, which are petty as also all claims for the delayed submission of which an adequate explanation is not forthcoming. In considering old claims recommended to Government for sanction, Government will also take into account the fact that it is normally not possible, owing to the limited period of preservation of records to audit claims more than six years old.

Note 4.-[The Head of Departments and the Regional Heads] are empowered to authorise the Accountant-General to investigate the claims (including their own claims) to arrears of pay or allowances or increments which have been allowed to remain in abeyance for a period exceeding a year but not exceeding six years.

Note 5.-The Administrative Departments of the Mantralaya, Heads of Departments, Regional Heads and Heads of Offices are empowered to sanction, according to powers delegated to them under Manual of Financial Powers, 1978. Part.-I, the payment of claims to arrears of pay or allowance or increments which have been allowed to remain in abeyance for a period exceeding six years but not time barred.

Note 6-[Initial investigation in respect of the time-barred claims relating to the period after 1st July 1954, arising in Bombay City will be carried out by the Pay and Accounts Officer, Bombay subject to necessary post-check by the Resident Audit Officer, Bombay, on behalf of the Principal Auditor.

39C. No payments on account of increase to pay until sanction and funds provided therefor.

No payments may be made on account of increases to pay until the additional expenditure thereby caused has been sanctioned and funds provided therefor.

Section VII-Treatment of claims against Government which are barred by time.

40. Payment of time-barred claims against Government.

(1) A claim against Government which is barred by time under any provisions of law relating to limitation is ordinarily to be refused and no claim on account of such a time-barred item is to be paid without the sanction of Government. The onus is upon the claiming authority to establish a claim to special treatment for a time-barred item, and it is the duty of the authority against whom such a claim is made to refuse the claim until a case for other treatment is made out. All petty time-barred claims are to be rejected forthwith and only important claims of this nature considered.

(2) It is the duty of the executive authority in the first instance to consider the question of time-bar before submitting a claim to the Principal Auditor for sanction under Rule 39 of these Rules, and audit will refuse payment of all claims found to be time-barred until the sanction of Government has been obtained.

Note ¹[1].- While submitting an arrear claim to the Audit Office the executive authority should certify that the claim is not time-barred by the provisions of any law. This does not apply to claims of arrears of pay or allowances, or to increments.

²[Note 2.- Administrative Departments of the Secretariat are authorised to sanction time-barred claims upto a limit of Rs. 200 without consulting the Finance Department.]

1. Renumbered by Notification dated 6-4-1964.
2. Added, ibid.
Section VIII - Issue of Duplicates or Copies of Documents

41. Issue of duplicates or copies of receipt granted for money received.

No Government servant, may issue duplicates or copies of receipts granted for money received, or duplicates or copies of bills or other documents for the payments, of money which has already been paid, on the allegation that the originals have been lost. If any necessity arises for such a document, a certificate may be given that on specified day, a certain sum on a certain account was received from or paid to a certain person. This prohibition extends only to the issue of duplicates on the allegation that the originals have been lost, and does not apply to cases in which, according to special provision in these Rules, duplicates are prepared and tendered with the originals. In the case of a bill or deposit repayment voucher passed for payment at a treasury but lost before encashment or payment, the officer who drew the original bill or voucher should ascertain from the treasury that payment has not been made on the original before he issues a duplicate which should bear distinctly on its face the word "duplicate" written in red ink.

Section IX - Responsibility for Overcharge

42. Responsibility of drawer of pay abstracts or bill.

(a) A drawer of pay abstracts or bills for pay, allowances or contingent expenses will be held responsible for any overcharge.

(b) The responsibility of countersigning officers will be that which attaches to all controlling officers.

(c) The Treasury Officer who makes payment without pre-audit, will be responsible for checking any palpable errors, and (in the case of change of office, or of a rate of salary of gazetted Government Servants) for passing he new rate with reference to the orders directing the change. He is also required to examine the accuracy of the arithmetical computations in a bill.

(d) The responsibility will thus rest primarily with the drawer of the bill and (failing recovery from him) the overcharge will be recovered from the Treasury Officer, or the countersigning officer, only in the event of culpable negligence on the part of either of them.
Section X - Audit Objections

43. Prompt attendance of Government servant to all objections.

Every Government servant must attend promptly to all objections and orders communicated to him by the Audit Officer. So far as the Secretariat Departments are concerned, the Accountant-General will send audit objections to the appropriate Department and will also compile and forward to each Secretary to Government, half-yearly a list of objections which are outstanding against that Department for more than six months in the manner described below:

(a) All old items, which are settled in half-year, will be omitted, and new items, added in the next half-year. In respect of old items which remain unsettled at the time of the issue of the next return only a reference to the return in which the items were originally included will be given.

(b) The half-yearly statements will be compiled office or department-wise in duplicate.

(c) Action required to be taken against each item of the statement will be indicated in the return.

(d) Returns will contain relevant details such as particulars of objections (which are outstanding for over six months), period to which they relate, money value of the objections and replies of the administrative authorities together with their latest reference etc.

A copy of this list will also be sent to the Finance Department. It shall be the duty of the Department to arrange for prompt action being taken to settle the outstanding objections, if need be in consultation with the Finance Department. Efforts to hold periodical discussions between the Secretary of the Department and the Audit Officers concerned will facilitate quicker settlement of Audit objections. Special care should be bestowed in respect of such objections as involve the possibility of recurring loss being incurred unless quick remedial action is taken to prevent it.

The Departments should obtain periodical returns from subordinate officers by about the same date when the half-yearly returns from the audit authorities are received by them as it will facilitate comparison of data furnished by the subordinate authorities.
The following dates are prescribed for the half-yearly returns:-

<table>
<thead>
<tr>
<th></th>
<th>Audit objections for the period.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>April to September and not settled by March next</td>
</tr>
<tr>
<td>(1) Half-yearly returns due from Audit Officers to Administrative Departments</td>
<td>15th June next</td>
</tr>
<tr>
<td>(2) Half-yearly returns due from Administrative Departments to Audit Officers.</td>
<td>15th September</td>
</tr>
</tbody>
</table>

The half-yearly returns at (1) above will contain all the items placed in the Objection Books which are six months old after the closing of the Objection Books for March and September every year.

In regard to Audit objections relating to the various offices under a Department periodical returns to the department showing the offices which have failed to clear the Audit objections, the number of such objections and the period for which such objections have been outstanding with each office will be sent by the Accountant-General half-yearly. The Department should obtain periodical returns from offices subordinate to them showing the particulars of outstanding objections and the reasons for their non-settlement to enable the Department concerned to check up those returns received half-yearly from the Accountant-General and to take such action as may be necessary in the circumstances of each item. The Department should intimate to the Accountant-General half-yearly the progress of settlement of the audit objections as communicated by the subordinate offices.

**Note 1.**-In the case of the Forest Department, the objection statements should be returned in original by the Divisional Forest Officer through the Conservator within a week of their receipt from the Principal Auditor.

**Note 2.**-The fact that some of the objections are still under reference is no reason for keeping back the statement. Such cases can be extracted for subsequent explanation.
44. Unauthorised payments.

Where the Principal Auditor intimates that a certain payment, proposed to be made or already made, is unauthorised, the head of the office concerned shall, on receipt of such intimation, ensure that the payment or further payment, as the case may be, is withheld at once;

And where, in respect of a payment already made or an amount drawn, the Principal Auditor also intimates that the amount paid or drawn should be recovered or refunded, the head of office shall, without delay take steps to see that it is so recovered or refunded.

Government servants acting in contravention of this rule render themselves liable to disciplinary action, and such action may involve the recovery from them, in the manner prescribed in Appendix 20, of the full amount of any loss which may have been caused to Government.

Section XI—Cash Book

45. Simple cash book to be kept in Department.

A simple cash book in Fin. R. Form No. 2 should be kept in Departments other than Forest and Public Works for recording in separate columns all moneys received by Government servants in their official capacity, and their subsequent remittance to the treasury or to the bank, as well as moneys withdrawn from the treasury or the bank either by bills or by cheques, and their subsequent disbursement.

The cash book should be closed and balanced each day, and the balance of each column at the end of the month should be verified with the balance of cash in hand and a certificate to that effect recorded in the cash book under the signature of the Government servant responsible for the money.

Note.—For Forest and Public Works Departments cash books are maintained under the Accounts and Audit Rules prescribed by the Auditor-General.

Cash Book of the Forest Department.

46. Revenues and Expenditure must be recorded in accounts of the Division.

(a) All revenue and expenditure must be recorded at once in the accounts of the division within which it is collected or incurred, without
reference to its origin or object. The "division" has been adopted as the Forest unit to ascertain the results of the working of the Department and adjustments must be made between the different divisions when revenue is collected or expenditure incurred in one division on account of another.

Note. -Inter-divisional adjustments should also be made in the case of advance of pay, travelling allowance, etc., made to Government Servants on transfer from one division to another.

(b) The adjustment referred to in clause (a) should be made monthly.

47. Bills to be entered in the cash book.

The bills on which the pay and travelling allowance charges of the Forest Department are paid by the Divisional Officer and not at the treasury are entered in the cash book.

_Earnest-money Deposits_

48. Earnest money deposits tendered by contractors.

Earnest money deposits tendered by contractors should be paid by them direct into a treasury or sub-treasury, and orders authorising the repayments should be addressed by the Departmental Officers to the Treasury Officer concerned. This procedure should also be followed in the case of cash deposits received by officers of the Police Department from contractors who are called upon to furnish security in cash or in Government Promissory Notes against breach of contract, the Government Promissory Notes received as security being dealt with by the officers concerned in accordance with the rules in Chapter VIII of the Government Securities Manual.

_Exception-_ (1) The above procedure is not applicable in the case of tenders received by the Director of Education from outside the Bombay State in connection with the work of printing and publication of Departmental Books. The earnest-money received by the Director of Education in such cases should however, be paid by him into the treasury for credit to Revenue Deposits.

(2) The above procedure is also not applicable in the case of tenders received by the Director of Industries in his
capacity as the Stores Purchasing Officer from outside the Bombay State. The earnest-money received by the Director of Industries in his capacity as the Stores Purchasing Officer in such cases should however, be paid by him in the treasury for credit to Revenue Deposits. Such earnest money from Non-State tenders should be by bank-drafts on Local Banks.

Note 1.-When it is not possible for contractors to pay the earnest-money into a treasury or sub treasury and the amount is received by an officer of the Public Works Department, the earnest money received from and returned to contractors on the same day as the tenders are opened need not be passed by the Divisional Officers through the Divisional Accounts. The contractors concerned should, however, be required to give a stamped receipt for the money in the Register of Tenders maintained in the Divisional Office and the Register should be treated as a subsidiary cash book and consequently as an accounts form.

Note 2.- Claims on behalf of deceased contractors in respect of the earnest money deposits lodged by them should be dealt with in the manner prescribed in Financial Rule 72(b), except that indemnity bonds should be taken in all cases before payments is made. The indemnity bond has been Prescribed in Appendix 10.

Section XII-Financial Control over Departmental Accounts.

49. Control by Conservator of Forests over the whole outlay of the Forest Department.

(a) The Conservator of Forests exercises a strict control over the whole outlay of the Forest Department for conservancy and work, and examines the charges on account of travelling and contingencies. To facilitate the exercise of this control, the Conservator is furnished monthly by the Divisional Officer with duplicate copies of the Abstracts of Receipts and Expenditure submitted to audit.

(b) He is further required specially to control the adjustments of advances for which purpose the monthly abstracts of the contractors' and
disburser's ledger, submitted to Audit by the Divisional Officer, are required to pass through the Conservator.

(c) He is responsible for seeing that the accounts returns are punctually submitted to the Principal Auditor by Divisional Officers.

(d) Under the authority of Government he can delegate all or a portion of his duties with regard to the control of accounts to the gazetted Government servant in charge of his office.

(e) He should sign all letters issued from his office sanctioning expenditure, appointments, etc., and may delegate the power to a gazetted Government servant in charge of his office, but not to the head clerk or other office employee.

50. Control of C. E., Public Works Department.

(a) A Chief Engineer, Public Works Department, exercises a control concurrent with the Principal Auditor over the duties of the officers of the department in connection with the maintenance of the accounts, and gives all legitimate support to the Principal Auditor in enforcing strict attention to the regulations concerning the disbursement of money, the custody of stores and the submission of accounts. If in exercising this control any financial irregularity is discovered, it should be considered whether it is so serious as to require disciplinary action and the Finance Department should be consulted in every case before disciplinary orders are passed.

(b) The Superintending Engineer is responsible for the maintenance of the authorised system of accounts throughout his Circle. He should see that Divisional Officers submit their accounts to the Principal Auditor punctually. He should examine the books of Executive Engineers and their subordinates, and see that the matters relating to the primary accounts are attended to personally by Divisional and Sub-Divisional Officers, and that the accounts fairly represent the progress of each work. It will also be his duty to examine the registers of work so as to keep a vigilant watch over the rates of work, and, if he considers it necessary, he may require an Executive Engineer to report to him monthly or at longer intervals, on a Works Slip, the total
expenditure to date under each sub-head of work in contrast with the sanctioned estimate.

Section XIII-Security Deposits.

51. Person entrusted with collection or custody of cash, stores, stamps etc. may be required to furnish security.

Cashiers, Store-Keepers, Sub-Store-Keepers and subordinates entrusted with the collection or custody of cash, stores, stamps or any other property may be required to furnish security in one of the forms mentioned below, the amount being regulated according to the circumstances and local conditions in each case under the sanction of the competent authority, Cash security normally of Rs. 200 in the form mentioned at item (2) below should always be taken by District Magistrates from the clerks who are in charge of cash and Muddemal property in the Courts of all Stipendiary Magistrates.

(1) By execution of a personal security bond with two sureties in the form prescribed in Appendix 3.

Note 1.-A Government servant serving in one department may be permitted to stand as a surety for a Government servant serving in another department provided in the case of Hindus they are not members of the same joint family. Retired Government servants and servants of local bodies should not be debarred from standing as sureties for Government servants.

Note 2.- The solvency of the sureties should be verified every year and fresh sureties should be called for wherever necessary.

(a) Government servants often make arrangements with their agents to draw their leave salaries or vacation pay, pensions, etc., either granting them powers-of attorney to enable them to do so, or leaving their bills ready signed in the agent's custody for presentation, the agents in their turn giving Government a bond of indemnity as security against any loss in case of overpayment.

Note.- A register of Powers-of-Attorney will be kept by the Treasury Officer in the form prescribed in paragraph 50 of the Government Securities Manual.

(b) The bond of indemnity which must be stamped should be in one of the Forms A, B and C prescribed in Appendix I according as the bond is executed by an individual, a firm, or a registered company, respectively.

(c) It must of course be seen that the person signing the bond of indemnity has authority to bind the firm or bank.

(d) It is not necessary, however, for a separate bond to be entered into in the case of each individual Government servant. Agents of standing and respectability may, for the purpose, be allowed to enter into a general agreement in Form D given in Appendix I, provided and if they are bankers incorporated in the United Kingdom or the British Dominions and are in the position of drawing pay, pension, etc., for a considerable number of officers.
Note.- The form of the bond executed under clause (d) of this rule requires advice to be sent to the High Commissioner for India of any change in the constitution of an unincorporated firm. When such advice is received in the Account Office, a recognition of the existing arrangements that have been concluded previous to the change in the partnership should be obtained either by calling for fresh agreements to be executed by the new partnership or by obtaining an acknowledgement from the new partnership that they are bound by the existing agreement of the old partnership or otherwise.

Claims on the Treasury

Chapter 5 - Gazetted Government Servants' bills

74. Pay may be paid only upon the personal claim of the concerned Government Servant.

Pay may be paid only upon the personal claim of the Government servant concerned, and to his personal receipt, and not otherwise. At the written request or order of the Government servant the pay bill may be made payable to some well-known banker or agent.

Note 1.- Under the above Rule the receipt of the banker or agent cannot be accepted as a final acquittance unless the bill itself is endorsed in favour of the banker or agent by means of a distinct pay order. The receipt of the banker or agent will be stamped whether it is in the body of the bill itself or separate, unless the receipt of the bill, has already been duly signed and stamped by the Government servant himself.

Note 2.- A Government servant or any other single person cannot be constituted an "Agent" for the purposes of the above rule, except when he holds legally valid power of attorney to act for the Government servant concerned.

Note 3.- This ruling applies to all payments whether on account of pay, travelling or other allowances which under the rules are made to Government servants on their personal account.

Note 4.- When the endorsement on a bill is incomplete or irregular, the Treasury Officer should refuse payment of the bill and return it to the person who presents it with a memorandum explaining why payment
is refused. When payment is made by cheque it is not correct to disregard the endorsement and issue a cheque in favour of the drawer.

75. **Leave salaries of Gazetted Servant of the Forest Department.**

The leave salaries of a gazetted Government servant of the Forest Department on leave in India, at a place where there is no disbursing officer of his Department, may be paid under the same rules as those of any other gazetted Government servants. No charge on account of such payments will appear in the cash book or accounts of the division.

(i) **Pay to Officers in England**

76. **Pay due in India to a government servant.**

If pay be due in India to a Government servant absent in England, he must make his own arrangements to receive in India.

(ii) **Transfer of Office**

77. **Transfer of charge of gazetted government servant to be reported to the Principal Auditor.**

Every transfer of charge of a *Gazetted Government servant* should be reported by post on the same day to the Principal Auditor. A copy of the report of transfer of charge should also be simultaneously sent to the Treasury Officer and the Head of the Department or the Controlling authority concerned and endorsement to the effect that a copy has been sent to the Treasury Officer should be made on the copies of report sent to the Audit Officer and to the Head of Department or the Controlling authority concerned.

78. **Points to be observed for transfer of charge in normal an emergent situation.**

For transfer of charge the following points should be observed:-

(1) The cash book imprest account or permanent advance account should be closed on the date of transfer and a note recorded in it over the signature of both the relieved and the relieving officers, showing the cash and imprest or permanent advance balances and the number of unused cheques, if any, made over and received in transfer by them, respectively.
Rule 79 – Entertainment of new establishment or a change.

(2) The relieving officer in reporting that the transfer has been completed should bring to notice anything irregular or objectionable in the conduct of business that may have come officially to his notice. He should examine the accounts, count the cash, inspect the stores, count, weigh and measure certain selected articles in order to test the accuracy of the returns. He should also describe the state of the records.

(3) In the case of any sudden causally occurring or any, emergent necessity arising for an officer to quit his charge, the next senior officer of the Department present will take charge. When the person who takes charge is not a gazetted officer, he must at once report the circumstances to his nearest departmental superior, and obtain order as to the cash in hand, if any.

Note - The provisions of this rule apply mutatis mutandis to non-gazetted Government servants also who are required to take over charge of cash and other accounts as relieving officers.

Chapter 6 - Establishment

Section I - Revision of Establishment.

79. Entertainment of new establishment or a change.

1. When the entertainment of a new establishment or a change, temporary or permanent, is proposed in an office, a letter fully explaining the proposals and the conditions which have given rise to them should be submitted to the authority concerned. In this letter should be set out-

(i) the present cost, either of the section or sections affected, or of the total establishment as the circumstance of the case may indicate to be necessary.

(ii) the cost after revision; and

(iii) details of the number and pay of the posts which it is proposed to add or modify.

Explanation (a).- When a scheme requires the sanction of higher authority only because particular items are beyond the powers of sanction of the subordinate authority in the letter submitted to the higher
authority full details should be given of these items and of any other part of the scheme so connected with them that, unless it is explained, it must be difficult for the higher authority to determine whether sanction should be given to these items or not. Details of other parts of the scheme are not required and should not be given, lump sum figures showing the total cost of each part of the scheme being sufficient.

**Example 1.-** It is proposed to establish a first grade college, and the sanction of higher authority is required only because it is desired to create a post in the Bombay Educational Service for the Principal and three Professors. Full details of the teaching staff should be given, because without these details the necessity for the post in the Bombay Educational Service cannot be gauged. No details should be given of the clerical or other subordinate staff.

**Example 2.-** It is proposed to establish a Government High School and the sanction of higher authority is required only because it is proposed to create a post in the Bombay Educational Service for the Headmaster. No details are required of the staff proposed for the school except the Headmaster, because knowledge of these details is not necessary in order to determine whether a post in the Bombay Educational service is required.

**Explanation (b).-** When the revision of a number of establishments is undertaken in pursuance of one definite central idea, which constitutes a single scheme for purposes of sanction and when the scheme requires the sanction of higher authority in the letter submitting the proposals for sanction full details of the several establishments need not be given but only such details as will indicate the financial effect of each portion of the proposals.

Thus if the scheme is for the increase of pay of a number of establishments it will suffice to set out-

(i) The present cost of all establishments concerned.

(ii) The various increases of pay or the various percentages of increases proposed and the reasons justifying the proposals.
(iii) In respect of each separate rate of increase proposed as set out in (ii)-

(a) A list of the establishments or classes of Government servants to which it is to be applied and the reasons for such differentiation.

(b) As accurate an estimate as possible of the probable cost with a statement that this has been worked out in consultation with the Principal Auditor and that it is accepted by him as correct.

Note. - In determining the extra cost allowances whether fixed or variable should be included. The estimate of the extra cost due to variable allowances such as those granted under house allowance schemes cannot be exact but it should be as accurate as possible.

II. (a) In the following cases a proposition statement in duplicate in Fin. R. From No. 5 should also be submitted:-

(i) cases of general revision of establishment;

(ii) proposals which cannot be set out clearly without it;

Note - A simple (Fin R. Form No. 6) may be used in this case when the full details of Fin. R. Form No. 5 are not necessary.

(b) The details to be shown in the proposition statements will be determined by the following rules:-

(i) The proposition statement, where this is necessary, should relate strictly to the section or part of the office affected by the proposals. As regards the other parts or sections of the office, neither details nor figures of total cost need to be included.

(ii) Where a section consists of both class IV and superior servants, details need be given only of the class affected, if a saving of labour will result from the adoption of this procedure.

(iii) The rules as to detail set out in Clause I above.

"The following procedure should be applied for ascertaining the average cost of time scales of pay:-
A progressive pay is, on an average, equivalent to the fixed pay, the amount of which lies between the minimum and the maximum of the progressive pay. The exact amount of this equivalent varies according to the conditions of each appointment, but in practice it is assumed that a progressive pay rising to its maximum by five equal yearly increments, is equivalent to a fixed pay equal to the minimum plus two-thirds, or if the appointment is a ministerial appointment, plus three fourth, of the difference between the minimum and the maximum. The following formulae should, therefore, be applied for ascertaining the average cost of time scales of pay:-

A. When the increment is annual and the period of rise is five years, the average monthly cost should be taken, in the case of ministerial appointments at the minimum plus three-fourth, and in the case of non-ministerial appointments, at the minimum plus two-thirds, of the difference between the maximum and the minimum.

B. When the increment is annual or biennial and the period of rise is above five years, the following principles shall be followed namely:-

(a) In the case of ministerial appointments:

\[
\text{Average cost} = \text{Minimum} + \left( \frac{5}{6} - \frac{X}{60} \right) \text{ of the difference between the maximum and the minimum;}
\]

(b) In the case of other than ministerial appointments:

\[
\text{Average cost} = \text{Minimum} + \left( \frac{13}{18} - \frac{X}{90} \right) \text{ of the difference between the maximum and the minimum;}
\]

Where "X" represent the total period of rise in years.

Note 1.- Details of the data adopted in Working out the average cost should invariably be prepared and furnished along with the proposition statement.
Note 2.- The fixed allowances referred to in the note to Clause 1 above
should be entered in proposition statements when such statements are
prepared but the variable allowances should not be included therein.
(c) The proposition statement or the proposal for revision should be
forwarded through the Principal Auditor.

iii. The statement prescribed in Budget Manual Form No. 10 should also
be submitted when necessary.
+ Substituted by Notification dated 5-5-1970.

80. Preparation of detailed statement of the permanent establishment.

Early in ‘[May] in each year, a detailed statement of the permanent
establishment existing on the 1st March will be prepared in such form and in
such manner as may be prescribed by the Comptroller and Auditor-General and
transmitted to the Accountant-General as soon as possible, and, in any case, not
later than the 15th ‘[May].

The directions given by the Comptroller and Auditor General with regard to
the Form, preparation and submission of these returns are contained in Appendix
24 to these Rules.

An up-to-date file of the special instruction, if any, issued by the
Accountant-General, in regard to the preparation of these returns should be
maintained for reference in each office.
+ Substituted for “April” by Notification dated 6-4-1964.

Section II-Payment of Bills

Procedure for the payment of pay and allowances including leave salary of non-
gazetted Government servants on leave (including casual leave).

Part I- General Rules.

81. Messenger may be permitted to draw pay and allowances.

A “Messenger” may be permitted to draw pay and allowances including
leave salary on behalf of a non-gazetted Government servant on leave (including
casual leave) provided he holds a letter of authority, signed by the Government
servant concerned, authorizing him to receive his pay and allowances, including
leave salary on his behalf, and also a personal receipt with stamp where
necessary, of the Government servant on leave (including casual leave) signed by
him on or after the date on which the pay and allowances including leave salary
accrued. The cashier in an office or a member of the cash section of an office should not be allowed to act as a messenger. As an additional safeguard, the signature of the absentee on the receipt and the letter of authority should be verified by the bill clerk or the cashier and the Head of an Office should either identify the messenger or have him identified by some other person to his satisfaction. The messenger should also be required to sign on the Government servants’ personal receipt stating the exact amount actually received.

Such a payment will be solely at the risk of the payee and no claim for loss, etc. will lie against Government.

Part II - Special Rules For The Public Works And Forest Departments

(i) Public Works Department.

82. Pay and allowances of subordinates of the Public Works Department.

The pay and allowances of subordinate of the Public Works Department employed in out of the way places may be remitted to them by postal money order at Government cost.

Note 2.- Remittance Transfer Receipts obtained by the Executive Engineer, Kaira and Panch Mahals Division, from the Kaira Treasury for payment to the staff stationed in the Broach and Panch Mahals District should be made payable at the sub-treasuries of that District.

83. Encashment of bill for an advance on transfer.

If the encashment of a bill for an advance on transfer is likely to delay a transfer, which is urgently necessary in the public interest, *if a Government servant is required to travel on duty by rail, road, sea or air at such a short notice that the drawal of travelling allowance advance is not practicable,* the advance may be made from the permanent advance (if any), works imprest, or other available cash in the hands of the disbursing officer concerned pending recoupment, when the bill *for an advance on transfer or the tour travelling allowances bill, as the case may be,* is subsequently encashed.

+ Inserted by Notification dated 17.4.1967.
(ii) Forest Department.

84. General rules regarding the preparation of pay and travelling allowance bill.

The general rules regarding the preparation of pay, and the travelling allowance bills of the Civil Departments apply to this Department with the difference that Divisional Officers discharge the functions of the Treasury Officers, and pay the charges by cheques, or out of cash obtained from the treasury by cheques.

85. Changes in Personnel of a circle scale and the grant of all leaves to subordinate employees to be intimated.

All changes in the personnel of a circle scale and the grant of all leaves to subordinate employees, sanctioned by Conservators as well as by the Divisional Officers who have been authorized to exercise such powers, should be intimated by the Conservator to the Principal Auditor in Fin. R. Forms Nos. 7 and 8 a separate list being prepared for each class of temporary establishment and for each class of permanent establishment.

*86. Pay and travelling allowance due to government servant on his transfer.

Pay and Travelling allowance due to a Government servant on his transfer to another circle or division and not paid on his departure should be paid from the division to which he has been transferred but charged against the appropriation of the division from which he has been transferred.]

Section III - Recoveries from Establishment Bills

(i) Fines

87. Fines imposed on non-gazetted Government servants to be recovered by stoppage from pay.

Fines imposed on non-gazetted Government servants for ordinary neglect of office duty are properly recovered by stoppage from pay and consequent short drawings from the treasury.
88. **Recoveries on account of security deposits of the employee of different departments.**

Recoveries on account of security deposits of the employees of different departments should be made in cash, at the time of disbursement of pay, and when such deposits are to be paid into the Post Office Saving Bank, the amount recovered should be forthwith remitted to the Post Office.

[*Attachment of Pay and Allowances for Debt.*]

89. **Duty of the officer receiving attachment order.**

1. When the pay of a Government servant is attached by any order of a Court of Law, it is the duty of the officer receiving the attachment order to see that the proper deduction is made in satisfaction of such order from the pay of the Government servant concerned.

2. When a Government servant is adjudged insolvent, the attachable portion of his salary vests in the Court that passed the order of insolvency or the Receiver appointed by the Court. The amounts which have been under attachment in execution of decrees against the insolvent shall, after the order of insolvency, vest in the Court that passed the order or the Receiver, as the case may be. The attached amounts instead of being sent to the various Courts which issued the orders of attachment, should be sent to the Insolvency Court or the Receiver as the case may be, for prorata distribution among all the creditors of the insolvent Government servant.

**Note 1.** - The extent to which the emoluments of a Government servant are exempt from attachment for debt is laid down in sub-section (1) of section 60 of the Code of Civil Procedure, 1908.

The following is an extract of the relevant provisions of the section:-

“60. (1) The following property is liable to attachment and sale in execution of a decree. ..................

Provided that the following particulars shall not be liable to attachment

[- - - - - - - - - - ] namely:-

[- - - - - - - - - - - - - - - - - - - - ]
(i) Salary to the extent of the first ¦[four hundred rupees and two-third of the remainder] in execution of any decree other than a decree for maintenance:

"[Provided that where such salary is the salary of a servant of Government or [- - - - - - ] a servant of a local authority, and the whole or any part of the portion of such salary liable to attachment has been under attachment, whether continuously or intermittently for a total period of twenty-four months, such portion shall be exempt from attachment until the expiry of a further period of twelve months and where such attachment has been made in execution of one and the same decree, shall be finally exempt from attachment in execution of that decree;

(ia) one-third of the salary in execution of any decree for maintenance;

[- - - - - - - - - - - - ]

(1) Any allowance forming part of the emoluments of any servant of the Government or of any servant of a local authority which the appropriate Government may be notification in the Official Gazette declare to be exempt from attachment, and any subsistence grant or allowance made to any such servant while under suspension;

[- - - - - - - - - - - - ]

Explanation 2.- In clause (h) and (i), "salary" means the total monthly emoluments excluding any allowance declared exempt from attachment under the provisions of clause (i), derived by a person from his employment whether on duty or on leave.

Explanation 3.- In clause (l) "appropriate Government" means-

(i) as respects any person in the service of the Central Government [- - - - ] the Central Government;

(ii) [- - - - - - - - - - - - ]

(iii) as respects any other servant of the Government or a servant of any other local authority, the State Government.]

Note 2.- The following declarations have been made by the State Government under clause (l) of the proviso to sub-section (1) of section 60 of the Code of Civil Procedure:-
(i) All House rent allowances;
(ii) All kinds of conveyance allowances;
(iii) Compensatory allowances;
(iv) All kinds of travelling allowances;
(v) Allowances granted as compensation on account of higher cost of living in localities considered by the Government to be expensive localities, including hill stations;
(vi) Allowances granted on account of uniforms and rations; and
(vii) Dearness allowances, war allowance and cost of living allowance;
(viii) All amounts paid by way of reimbursement of Medical expenses.

2[Note 3.- Dearness pay, which is really a part of the dearness allowance and is treated as pay for certain specific purposes only, which the State Government may, by notification in the Official Gazette, declare to be exempt from attachment, is also exempt from attachment by order of a Court]

(3) the maximum amount attachable by a Civil Court is calculated on the amount earned and not on what remains after satisfying any debt due to Government on account of advances taken under these rules;

(4) any deductions which may have to be made on account of subscriptions to Provident Funds recognized by Government, taxes on income payable by the Government servant, 3[dues of Co-operative Societies] and debts due to Government should be made from the non-attachable portion of the Government servant’s salary;

(5) the cost, if any, of remittance to a Court of money realised under its attachment order should be deducted from the amount realised and the net amount remitted to the Court.

(6) Cases may occur in which the judgement debtor does not sign the acquaintance roll and intentionally allows his pay to remain undisbursed or the judgement debtor, being a gazetted officer, or not being a gazetted officer but being permitted to draw his pay on a separate pay bill, may refrain from preparing his pay bill and drawing his pay regularly in order to evade payment on account of an
attachment order issued by a Court of Law. In such circumstances the Head of Office, or in the case of a gazetted officer or of an officer treated in this respect like a gazetted officer, the Administrative Officer of the Department concerned may draw the pay of the judgement debtor in satisfaction of the attachment order, subject to the prescribed restrictions and remit the amount to the Court concerned. The amount drawn should be charged in the accounts, the particulars of the attachment order being cited in the acquittance roll or the pay bill, as the case may be, as an authority for the charge and the Court’s receipts for the amount should be filed with the attachment register.

(7) In accordance with the above provisions, the maximum amount attachable by a Civil Court, for decrees other than decrees for maintenance is to be calculated thus:

If the total gross emoluments earned by a Government servant are represented by $X$ and the allowances declared to be exempt from attachment (vide Note 2 above) and, if a Government servant is under suspension, any subsistence grant or allowance made to him, are represented by $Y$, the net amount attachable, if any, is

$$\frac{[X - Y - 400]}{4}$$

¹[Note.- The decrees awarded by Courts prior to the 4th September 1963 based on the limit of the first hundred rupees and one-half of the remainder or the decrees awarded by Courts prior to the 1st February 1977 based on the limit of first two hundred rupees and one-half of the remainder, which was applicable until the provision was amended, shall continue to be valid until revised by the Courts.]

¹[(8) (a)] If an order of attachment against a Government servant is received before a previous order of attachment against the same Government servant has been fully complied with, the recoveries shall be made by the disbursing officer so long as the total amount recoverable with reference to the attachment orders is within the maximum limits prescribed in sub-rule (7).
(b) If a new attachment order has the result of increasing the amount beyond the maximum limits so prescribed, the disbursing officer shall return the attachment order to the Court concerned with a statement showing-

(i) particulars of the existing attachment;

(ii) Particulars of the amount withheld and paid into the Court concerned up-to-date; and

(iii) amount remaining unrecovered.

* Substituted by Notification dated 21-4-1969.

1. Substituted by Notification dated 5-1-1984

2. Added, ibid

* The Provisions of section 60 reproduced in the rule are amended by Act 104 of 1976, Section 23. It is further clarified that amended provisions of section 60 shall not apply to any attachment made before the commencement of said section 23.

90. Proper procedure in case of remittance of amount under attachment.

For payments made into a Court of Law, on account of attachment or otherwise, the proper procedure is to remit to the Court the amount realised under the attachment order less the remittance charges. The disbursing officer is not entitled to deduct from the salary anything in excess of the amount specified in the attachment order. The debtor will, therefore, receive credit only for the net amount received by the Court after the remittance charges have been deducted, and not for the whole amount deducted from the pay bill. The following rules and instructions should be followed in making such payments:

I- Offices situated outside Greater Bombay.

(a) Amounts deducted from pay bills of gazetted and non-gazetted Government servants under prohibitory orders issued by a Court of Law not located at the headquarters of the treasury cashing the bills should be remitted to the Court concerned by Postal Money Order:-

(i) In the case of attachments of the pay of gazetted Government servants the treasury officers disbursing their pay will prepare
money order forms in favour of the Courts concerned for the amounts to be remitted under the prohibitory orders less the money order fees. The treasury officers should deduct the amount specified in the attachment orders from the bills, and after passing the net amounts of the bills send the money order forms to the Post Offices for issue. A certificate should be recorded on each form to the effect that the amount of the money order with the money order fees due thereon has been credited to the Post Office by book transfer.

(ii) In the case of non-gazetted officers, the drawing officer should attach to the pay bill properly prepared money order forms for the amounts to be remitted under the prohibitory orders less the money order fees; the amounts specified in the attachment order should be shown as deductions in the pay bill. The Treasury Officer will pass the bill for the net amount, credit the deductions by transfer to the Post Office and send the money order form to the Post Office together with the certificate prescribed in sub-clause (i) above. On obtaining the money order receipt, the Treasury Officer, will check it and see that the amount specified on the receipt together with the money order fee thereon corresponds to the amount deducted from the bills and then transmit it for record to the drawing officer.

(b) Amounts deducted from pay bills of gazetted and non-gazetted Government servants under prohibitory orders issued by a Court of Law located at the headquarters of the treasury cashing the bills should be paid by transfer credit to Civil Court Deposits, for which transfer entry chalans should be passed as under:-

(i) In the case of attachment of the pay of gazetted officers the Treasury Officers should prepare chalans in triplicate. The amounts will be deducted from the pay bills and credited in the treasury accounts by transfer to the head “Civil Court Deposits”. One copy of the chalan duly signed by the Treasury Officer will be forwarded to the Court, the duplicate to the gazetted officer concerned and the triplicate will be retained in the treasury. The
payment of the amounts due to the parties concerned will be under the procedure for repayment of deposits.

(ii) In the case of attachment of the pay of non-gazetted officers, the drawing officer will obtain before the end of the month chalans in triplicate signed by the Bailiff of the Court and attach them to the pay bills, the amounts of the chalans being shown as deductions in the pay bills. The Treasury Officer will pass the net amount of the bill and credit the amount to the head "Civil Court Deposits" and forward the original copy of the chalan to the Court and the duplicate to the drawing officer retaining the triplicate in the Treasury.

Note.- The gross amount of the bill and the per contra deduction on account of Court attachments made therefrom should be shown in the treasury accounts, under the service head concerned and the deposit head" Civil Court Deposits" respectively.

II-Office situated in Greater Bombay

(a) Remittance to the Courts in Bombay.-

In the case of gazetted Government servants crossed cheques for the amounts of the attachments will be issued by the Pay and Accounts Officer, Bombay, in favour of the Judges of the Courts concerned and sent direct to those Courts.

In the case of non-gazetted Government servants, the Head of the Office should attach to the pay bills a schedule showing, (1) the names of the Government servants, (2) the amount to be deducted from the pay of each, and (3) the names of the Courts to which the money is to be remitted. The Pay and Accounts Officer, Bombay, will draw a crossed cheque in favour of the Court specified and send it to the Head of the Office concerned along with the cheque for the remaining amount of the pay bill. The Head of the Office will be responsible for forwarding the cheque to the Court concerned.

(b) Remittances to courts outside Bombay.-

(i) In this case also the procedure indicated in clause (a) above should be followed except that the amounts to be remitted to the courts will be those realised under the prohibitory order less the
money order fees thereon. Crossed cheques for the amounts realised under the prohibitory orders will be issued by the Pay and Accounts Officer, in favour of the Post Master General, Bombay (or any other post office in the Bombay City if this be more convenient to the head of the office). As the post office does not accept cheques for amounts less than Rs. 20, crossed cheques will be issued by the P. and A.O. if the total amount to be remitted by postal money order by each Head of the Office is Rs. 20 or above, inclusive of the money order charges. In the case of recoveries made from the pay bills of gazetted officers, the responsibility for remitting the amounts by money orders will rest with the pay and Accounts Officer. In the case of non-gazetted Government servants, the crossed cheque along with the cheque for the remaining amount of the pay bill will be sent to the Head of the Office who will be responsible for issuing the money orders. All such money orders will be for the amounts realised under the attachment orders less the money order fees thereon.

(ii) For amounts less than Rs. 20 the procedure in clause (a) of Section 1 of this Rule should be followed by the Pay and Accounts Officer and the Head of the Office concerned in the case of gazetted and non-gazetted Government servants, respectively.

III- Special procedure for Forest and Excise Departments

Amounts deducted from pay bills of gazetted and non-gazetted Government servants of the Forests Department under prohibitory orders issued by a Court of Law located at the headquarters of the Government servant concerned or of the Division in the accounts of which the pay bill is finally debited should be paid by drawing a cheque on the Treasury with instructions to pay it by transfer credit to Civil Court Deposits as prescribed in rule 90-l(b). In the case of remittances to the Courts in Bombay of the amounts recovered from the pay bills paid in Greater Bombay, the procedure indicated in clause II of rule 90 should be followed by the departmental disbursing officers. When, however, the amounts are below Rs. 10 they may be paid into the Court in cash.
When the prohibitory orders are issued by Courts not located at the headquarters of the Government servant concerned or of the Division in the accounts of which the pay bill is finally debited, the departmental disbursing officer should draw a cheque for the amount of the money order as well as money order commission and send it with the money order form to the Treasury Officer for payment by transfer credit to the Post Office and the Treasury Officer will then forward the money order form to the Post Office for necessary action.

1. Inserted by Notification dated 23-6-1960.
2. Deleted by Notification dated of 6-4-1964.

Section IV-Custody of Undisbursed Pay.

91. Procedure in case absence of payee at the time distribution of pay.

If at the time of distribution of pay, the payee does not present himself before the end of the month, the amount drawn for him should ordinarily be refunded by short drawal in the next bill, it being drawn a new when he presents himself to receive it. In cases, however, where the restriction will operate inconveniently, the amount of the undisbursed pay, at the option of the disbursing officer, may be retained for a period not exceeding three months, provided proper arrangement can be made for the safe custody of the sums retained. Pay must not under any circumstances be placed in deposit. "[Cash drawn on pay and travelling allowance bills of establishment should not be mixed with regular cash balance of the Department, if any. An account of undisbursed pay and allowances etc., should be kept in a register in Financial Form No. 41. Entries of the total and particular amounts of undisbursed pay and allowances may be made against each bill serially and subsequent payments thereof entered in the appropriate columns of the register and the Cash Book, each such entry being attested by a Gazetted Officer. From this Register an abstract of amounts remaining undisbursed for three months should be prepared to ensure their refund either in cash or by short drawal from the next bill.]

\^Note.-This rule applies also to cash received by a subordinate office for payment of pay and allowances of Government servants serving under him.

92. Undisbursed balances of cash obtained by P.W.D. Officers.

Undisbursed balances of cash obtained by Public Works Disbursing Officers from treasuries on bills for pay and allowances of Establishment, not charged directly to works, may be kept in departmental cash chests but they should not be mixed up with regular cash balances of the department accruing from money obtained on cheque.

Chapter 7-Miscellaneous charges

(i) Refund

93. Sanction necessary for refund of revenue regulated by delegation orders.

The sanction necessary for refunds of revenue is regulated by the delegation orders. This sanction may either be given on the voucher itself, or quoted on it, a certified copy being attached when such orders are not separately communicated to the Audit Office.

*93-A. Cases in which revenue is credited to a wrong head of account.

In cases in which revenue is credited to a wrong head of account of credited wrongly under misapprehension, the authority competent to order refund shall be the authority to whom the original receipts correctly pertain.]

94. Remissions of irrigation revenue.

Remissions of irrigation revenue allowed before collection should be treated as reductions of demands, and cash repayments of such revenue after collection, as outlay against the appropriation for the head “Deduct-refunds” subordinate to Direct Receipts. All other refunds of revenue and repayments of “Receipts and recoveries on Capital Account” should be taken in reduction of the receipts under the heads concerned.

95. Duty of Superintendent of Stamps, Bombay.

The Superintendent of Stamps, Bombay, as a controlling officer should check in every case the amount of refund of spoilt stamps and refund of Judicial Stamps allowed by Courts. Spoilt stamps are attached to vouchers in support of refunds allowed by Treasury Officer. In the case of refunds of Judicial Stamps allowed on court certificates payment should be made on the court certificate
itself, the receipt of the party being taken on such certificate, which should then be treated as a voucher. These vouchers should be sent for verification in the same way as vouchers for spoilt stamps to the Superintendent of Stamps, who will after verification forward to the Principal Auditor along with the schedule, the vouchers for amounts exceeding Rs. 100 each retaining the rest in his office.

96. Precautions to be taken before remission or refund.

Before a remission or refund of any kind, otherwise, in order, is allowed, the original demand or realisation, as the case may be, should be traced and a reference to the remission or repayment should be so recorded against the original entry in the cash book and other accounts so as to make the entertainment of double or erroneous claim impossible. Any acknowledgement previously granted should be taken back if possible and destroyed.

Rules relating to the grant of concessions to Government servants and Policemen suffering from Tuberculosis are contained in Appendix 25.]

(iii) Refund of Lapsed Deposits

[98. Repayment of lapsed deposits.

The lapsed deposits credited to State Revenues may be repaid by the sanctioning authority after ascertaining that the item was really received, was carried to credit as lapsed, and is now claimed by the person who might have drawn it any time before the lapse. The treasury officers will exercise the second independent check with reference to the detailed accounts kept by them. The payment of the deposit should be recorded in the district register of receipts, so as to guard against a second repayment. However, the system of pre-check by the
Accountant General for repayment of lapsed deposit will be necessary where detailed accounts are not kept in the Treasuries.

The concerned authorities should forward the statements of lapses to the Accountant General every year, who will carry out necessary adjustments by crediting the amount to revenue under intimation to the treasury officer who would make necessary not in his records. When a refund of lapsed deposit is made, the treasury officer will account for it as a refund of revenue.

\*[Note.- The Caution Money Deposit received in a Government Educational Institution from students should lapse to Government if the same is not claimed in writing (i) within three complete account years after the student actually leaves the Institute, either by obtaining a leaving certificate or by informing in writing of his intention to leave the Institute or (ii) within the three complete account years after the date of successful completion of the course whichever is earlier.]

$ Deleted by Notification dated 5.7.1969.

The application for sanction will be made in Fin. R. Form No. 33. Chapter 8-Works

Works executed by Civil Officers

(i) General

101. Expenditure on construction and repairs executed by Civil Officer is treated as contingent expenditure.

Expenditure on construction and repairs executed by Civil Officers is treated as contingent expenditure of the department incurring it, when it does not exceed Rs. 2,500 in amount and if the work has been assigned to the Civil Department. When the amount exceeds that sum, and the work is still executed by Civil Officers, the expenditure is treated as “works” expenditure of the department vested with the administrative control of the expenditure.

(ii) Executing of works

102. Works executed by Civil Officers may be carried out departmentally or through contractors.

The works executed by Civil Officers may be carried out departmentally or through contractors. In the former case, advances may be drawn from the treasury, and when detailed expenditure is incurred out of those advances, full details of expenditure showing the quantity of materials and labour, rates and cost working up to the total amount should be furnished to the Principal Auditor with the actual payee’s receipts in support of the advances. In the case of works executed through contractors, advances are strictly prohibited, but payment may be made in installments for work actually done, e.g., in the case of a building construction work, the contractor may be paid first the value of the foundation work, as soon as it is completed, and later on for the walls, the wood-work and so on. To pay for materials before they are actually utilised in the construction work, would be practically giving an advance, a procedure which should be definitely forbidden. When the work is finally completed a completion certificate should be furnished to the Principal Auditor along with the final bill, together with the estimate or a copy thereof, by the departmental disbursing officer after satisfying himself, by measurement or otherwise, that the actual work done corresponds with the estimate and is covered by the total payments made.
No money on account of construction should be retained in hand after the close of the year. All that has been drawn and remains unexpended on the 31st of March should be refunded into the treasury.

In no case should bills for work be submitted before the work billed for is completed. Bills may be submitted for portions of the grant expended from time to time but not for the whole sum in one bill before the work is completed.

No Government servant can spend on one work money sanctioned for another.

Note.- The above procedure is intended for smaller works costing not more than Rs. 5,000. For larger works the procedure should be on the lines of the procedure prescribed for the execution of similar works by the Public Works Department.

(iii) Sale of Government Land and Immovable Property

103. Property of Government to be sold through Revenue Department.

All land, the property of Government, should ordinarily be sold through the Revenue Department.

104. Interest of 6% to be charged on sale price.

Whenever any Government land or building is sold to a public body or a private individual and the purchaser takes possession of the property before the sale price is settled and paid, interest at 6 per cent on the sale price should be charged when more than one month elapses between the date of taking over of the land or building and the payment of the price.

105. Transfer of land or building from one Department to another under the same Government.

When any land or building is transferred from one department to another under the same Government, the transfer shall be free of all charge, except when the property is transferred to or from a commercial department in which case the full market value of it will be charged.

106. Transfer of Immovable public property to a local authority.

When any immovable public property is made over to a local authority for public, religious, educational or any other purposes, the grant should be made expressly on the conditions, in addition to any others that may be settled that the
property shall be liable to be resumed by Government if used for other than the specific purposes for which it is granted and that should the property be at any time resumed by Government, the compensation payable therefor shall in no case exceed the amount (if any) paid to Government for the grant, together with the cost, or their present value at the time of resumption, whichever may be less, of any buildings erected or other works executed on the land by the local authority.

107. General rules to be followed by officers of the Government while entering into contract involving expenditure from State Revenue.

The following general principles should be followed by officers of this Government entering into contracts involving expenditure from State revenues:

1. The terms of a contract must be precise and definite, and there must be no room for ambiguity or misconstruction therein.

2. As far as possible, legal and financial advice should be taken in the drafting of contracts and before they are finally entered into.

3. Standard forms of contracts should be adopted wherever possible, the terms to be subject to adequate prior scrutiny.

4. The terms of a contract once entered into should not be materially varied without the previous consent of the competent financial authority.

5. No contract involving an uncertain or indefinite liability or any condition of an unusual character should be entered into without the previous consent of the competent financial authority.

5A. Where escalation in respect of labour, overheads, customs duties, freight and raw materials etc, is provided for in a contract, the basis for the calculation of the same shall be clearly indicated.

6. Whenever practical and advantageous, contracts should be placed only after tenders have been openly invited and in cases where the lower tender is not accepted, reasons should be recorded.

7. In selecting the tender to be accepted the financial status of the individual and firms tendering must be taken into consideration in addition to all other relevant factors.
(8) Even in cases where a formal written contract is not made, no order for supplies, etc. should be placed without at the least a written agreement as to price.

(9) Provision must be made in contracts for safeguarding Government property entrusted to a contractors.

(10) The Auditor-General and under his direction, other audit authorities have power to examine contracts and to bring before the Public Accounts Committee any cases where competitive tenders have not been sought, or where high tenders have been accepted, or where other irregularities in procedure have come to light.

(11) In contracts enduring or likely to endure for a period of more than five years provision should, whenever feasible, be made for an unconditional power of revocation or cancellation of the contract at any time on the expiry of six months' notice to that effect.

(12) All items of work and other terms and conditions should be clearly specified in the tender notice for separate quotations.

(13) Utmost care should be taken to scrutinize the tenders to ensure that the quotations cover all the items of work mentioned in the tender notice and are also according to the terms and conditions prescribed in the tender.

(14) The letter of acceptance of the tender should clearly specify the rates for all items of works for which quotations have been called for.

(15) The verbal discussions and assurances obtained from the contractor should be always reduced to writing immediately and got confirmed from the contractor in writing.

(16) The contractors are not allowed to operate contracts on verbal assurances from them without getting the agreement incorporating the verbal assurances executed by them except in special and emergent circumstances, where work requires to be started before the formal execution of an agreement. In any case the condition mentioned in (15) above must be fulfilled before the work starts and the agreement should be got formally executed as soon as possible.

*Note.* Where contracts are concluded with provision for variation in price, the formula on which the price variation is based should be
clearly spelt out indicating the base price of the raw materials etc. on which variation is to be allowed. Price escalation is to be allowed only in cases of raw materials the prices of which are controlled or regulated by Government or Government agencies.

If extension of time for performance beyond the time-frame originally fixed or subsequently refixed is considered necessary, it is to be granted with a provision to deny any increase in price under the price variation clause coming into force during such an extended period. The purchaser shall, however, take the benefit of any reduction in price in terms of the price variation clause taking place during the aforesaid period.

A contract with provision for price variation with or without ceiling cannot be considered as a contract involving uncertain or indefinite liabilities or cost plue contract as envisaged in clause (5) above.

108. Cases involving revision of fixed rates specified in the contract.

Cases involving revision of fixed rates specified in contracts should be referred to Government in the Administrative Department concerned for orders. This rule, however, does not apply to the revision of rates in contracts entered into by the officers under the administrative control of the Public Works Department, which are governed by Government Resolution, Public Works Department, No 2363/27, dated 11th February 1929 nor to the revision of those in contracts made by the forest Department unless in respect of the latter contracts it is proposed to increase any accepted contract rates by more than 10 percent.

Chapter 9 - Public Buildings

Introductory Note. - The rules in this Chapter (except rule 111) are generally applicable to buildings maintained by the Public Works Department, but they should be applied mutatis mutandis to any other Department maintaining buildings departmentally. (c) All bulbs required for these residences either for the first installation of electric wiring, or for replacement due to breakage, or wear and tear should be supplied by Government at the rate of one bulb per socket. When the residences remain vacant, the electric staff should keep the bulbs in safe custody till such time as they are required again.
(d) The storage of grass or of quantities of other inflammable materials in any portion of the residence or its out-houses, excepting such portions as may be specially set apart for the purpose, is prohibited.

(f) The gardens attached to these bungalows should be maintained by Government including pay of the malis, charges for water, etc.

(g) When the Parliamentary Secretaries are provided with Government quarters, they should cease to draw house rent allowance and they are liable to pay taxes for specific services including charges for water, halalkhore and electric energy consumed in respect of these quarters as in the case with other tenants.

Rule 115 - Private building may be hired for public purposes.

(iii) Hire of Office Accommodation

115. Private building may be hired for public purposes.

In case it is occupied partly as a residence and partly as an office for which no separate rent is paid the share of the rent payable by an officer residing therein will be determined in accordance with the rules in Chapter XVII of the Bombay Civil Services Rules, Volume I.

116. Principles to be observed in dealing with questions regarding the conditions on which the Auxiliary Force should be allowed the use of building.

The following principles should be observed in dealing with questions regarding the conditions on which the Auxiliary Force should be allowed the use of buildings which are the property of Government:

(i) If buildings are likely to be required again by Government, they should be retained in State Public Works charge and be repaired at the cost of Government, the Force being charged rent for the accommodation. Any alterations or additions required by the Force should be carried out at the expense of Government, and considered in fixing the rent.

(ii) When the buildings are no longer required by Government, and when there is no probability of letting them to advantage, they may, with the approval of Government, be handed over altogether to the Auxiliary Force free of charge. The Force should then keep them in repair, and may alter or adopt them as they think fit, the cost being met from their own funds. The site would remain the property of Government and a small ground rent may be charged.

(iii) If the buildings should in any circumstances be resumed, Government will compensate the Auxiliary Force for any expenditure they might have incurred in alterations or additions to the buildings, but not for outlay on repairs.
(iv) In the case of an Auxiliary Force ceasing to exist, buildings handed over to them free of charge would revert to Government.

(v) Register of Buildings

117. Superintending Engineer will keep a register of all buildings in charge of the department within his circle.

Each Superintending Engineer will keep a register of all buildings in charge of the department within his circle, and each Executive Engineer a similar register of all the buildings within his division. In these registers the value of the land comprised in a property will be shown separately from the value of the building or buildings thereon, the value of each separate structure being also shown separately. In the case of purchased property the price paid will be apportioned between the various items comprising the property, e.g., land, main building, servants’ quarters, compound wall, well, etc.

- The capital value of any portion of the building which is abandoned or dismantled without replacement should be written off the total capital value of the building.

"[When a loss occurs by way of damage to any immovable property belonging to Government due to any calamity such as fire or flood or any other cause other than fair wear and tear, the value of the damaged portion need not be written off the accounts, if the restoration of the damaged portion is commenced within a period of two years from the date of the damage."

As all the details of the immovable property are shown in the printed Return of Buildings, any additions or alterations in the cost of these due to repairs or replacements should find a place therein, the cost of the portion replaced or remodelled (which should be estimated if not known) being credited to the estimates for "Original Works" and debited to "Repairs" vide para. 128(3) of Public Works Department, Volume I. A report regarding damage to the immovable property in the Fin. Form No. 43 reproduced below may be furnished to the Accountant-General by the Executive Engineer concerned.]

+ Inserted by Notification dated 6-6-1964.

Chapter 10 - Loans and Advances

Introductory Note.- The rules in this Chapter apply to Loans and Advances provided for in the State Budget only.
118. Sanction of Government for loans and advances met from State Revenue.

Loans and advances met from State revenues may be sanctioned by Government, and provisions should be made in the budget estimates for all such loans and advances which can be foreseen and which are not repayable within the year.

Note 1. The powers of Government to grant loans to Presidency Corporations are subject to the conditions of the Special Acts applicable thereto.

Note 2. The order sanctioning loan for any specific purpose to any authority or body (other than a corporation established under any law containing a provision for audit of accounts of such corporation by an agency other than the Comptroller and Auditor General and in respect of which the Comptroller and Auditor General has not been authorised by the Governor under sub-section (2) of section 15 of the Comptroller and Auditor General’s (Duties, Powers and Conditions of Service) Act, 1971 (56 of 1971) to have access to its books and accounts) which is covered by sub-section (1) of section 15 of that Act, shall contain a clause to the effect that the Comptroller and Auditor General shall have right of access, after giving reasonable previous notice, to the books and accounts of such authority or body for the purpose of scrutiny of the procedures by which the sanctioning authority satisfies itself as to the fulfilment of the conditions subject to which such loan was given.

2. Note 2, added, ibid.

119. Incurring of expenditure or liability against such loan funds.

No public department or public officer may incur any expenditure or any liabilities against such loan funds unless a statement in writing is first obtained from the Accountant-General that the amount is available out of the loan funds and has been placed in a separate account by him so as to be available for the proposed expenditure.
(ii) Interest

120. Credit of State Revenue with full amount of interest received on loans and advances.

State revenues are credited with the full amount of interest received on these loans and advances and, if any, sums left prove irrecoverable, they must at once be charged to State revenues and credited to the advance account.

(iii) Conditions of Repayment

121. Rules for granting loans and advances to local bodies.

Loans and advances are usually granted to local bodies under the following rules:-

(a) the term of loans may in very special cases extended to 30 years, but ordinarily the advances should be repaid within as short a period as possible.

Note.- In the case of loans to Co-operative Building Societies the term may extend up to 50 years.

(b) The term is to be calculated from the date on which the loan is completely raised or declared by Government to be closed.

(c) Dates should be fixed for the payment of instalments.

[(d) Any installment paid before its due date may be taken entirely towards the principal if it is accompanied by payment towards interest due up to the date of actual payment of instalment, otherwise the amount of the instalment shall first be adjusted towards the interest due for the preceding and current period and the balance, if any, shall alone be applied towards the principal.]

Note 1.-When a loan of public money is taken in instalments, the first half yearly repayment should not be demanded until six months after the last instalment is taken; meanwhile simple interest only should be realised. But should it appear that there is undue delay on the part of the debtor in taking the last instalment of a loan, Government may at any time declare the loan closed and order repayment of capital to begin. The Principal Auditor should bring to the notice of Government any delay that appears to him to require the above remedy and he should take the step whether there are any dates fixed for the taking of instalments or not.
Note 2.- If in any case dates have been fixed for the payment of interest, or for the repayment of instalments of debt, then such repayments should not begin until the second of the half-yearly dates so fixed, after the loan has been completely taken up simple interest only being recovered on the first half yearly date after the completion of the loan. For example, supposing a loan the interest on which is recoverable half-yearly to be completely taken up-on 31st March and the interest to be payable on 30th June and 31st December, the first half-yearly installment in repayment of principal will not be due until 31st December following. Simple interest only will be due on the intermediate 30th June.

Note 3.- Notes 1 and 2 are applicable, mutandis mutandis, to loans the repayments of which are made by other than half-yearly instalments.

Clause (d) Substituted by Notification dated 13.5.1983.

122. Repayment of advances.

When the repayment of an advance with interest is made by fixed equal periodical instalments, punctual payment of the instalments is indispensable, otherwise the loan will not be discharged in time.

(iv) Calculation of Interest

123. Interest shall be charged at the rate prescribed by the Government.

(a) Interest shall be charged at the rate prescribed by the Government for any particular loan or for the class of loans concerned.

(b) A loan shall bear interest for the day of payment but not for the day of repayment. Interest for any period shorter than a complete year shall be calculated as

\[
\frac{\text{Number of days x yearly rate of interest}}{365}
\]

unless any other method of calculation is prescribed in any particular case or class of cases.

Note 1.- The instructions issued by the Government from time to time prescribing the interest rates and other terms and conditions of loans to local bodies, statutory corporations, Financial, Industrial and Commercial undertakings in the Public Sector, private institutions or private parties and individuals, shall be strictly followed.
Note 2.- In a leap year, interest for any period shorter than a complete number of days \( X \) yearly rate of interest year shall be calculated as \[
\frac{X}{366.}
\]

Note 3.- The recovery of loans should ordinarily be effected in annual equal instalments of principal together with interest due on the outstanding amount of principal from time to time. The repayment and interest instalments may be rounded off to the nearest rupee subject to final adjustment at the time of payment of last instalment of principal or interest.

Note 4.- A suitable period of moratorium towards repayment may be agreed to in individual cases having regard to the projects for which the loans are to be utilised. However, no moratorium shall ordinarily be allowed in respect of interest payable on loans.

(v) Defaults in Payment

124. Reporting of default in payment of loan to Government.

(a) Any default in the payment of interest upon a loan of public money, or in the repayment of the principal should be reported promptly to Government by the Principal Auditor and immediate steps will be taken by Government to remedy the default.

(b) The authority which sanctions a loan may, in so far as the law allows, enforce a penal rate of compound interest, upon all overdue installments of interest or principal and interest. If a penal rate is enforced, it should not be less than \([14 - \frac{1}{2}]\) per cent per annum or more than 17 per cent] per annum. \([The penal rate of interest should be charged in lieu of the rate of interest charged.]

Note.- The responsibility imposed on the Principal Auditor by this rule, refer only to loans, the detailed accounts for which are kept by him.

+ Substituted by Notification dated 17-6-1984.

* Added by Notification dated 23-12-1967.
125. **Borrower should follow the terms of loan made to them.**

Borrowers should be required to adhere strictly to the terms settled for the loans made to them. Modification of these terms in their favour can be made subsequently only for very special reasons.

*(vi) Accuracy of Plus and Minus Memorandum*

126. **Questions regarding accuracy of plus and minus memorandum of loans and advances to be addressed to Principal Auditor.**

If a Government servant desires to question the accuracy of the *plus* and *minus* memorandum of loans and advances maintained at the treasury in which transactions for each loan are separately recorded, he must address the Principal Auditor and induce him to correct it. Every Government servant should, therefore, see that the debits and credits made to his account accurately correspond with those recorded in his own registers and returns. If he is not the District Officer, he should obtain from the Treasury a copy of the *plus* and *minus* memorandum with which he is concerned. Special care should be taken in paying recoveries into the treasury to show the amounts of interest and of principal separately, so that they may be separately credited in the treasury accounts, as the former must not, and the latter must be credited in the treasury *plus* and *minus* memorandum of loans and advances.

*(vii) Revenue Department Returns*

127. **Memorandum to be submitted with every return of revenue advances.**

(a) With every return of revenue advances made to the Revenue Authorities a memorandum should be submitted setting forth the figures of the treasury *plus* and *minus* account and agreeing them with the figures of the return.

(b) The Principal Auditor will, at the close of every year’s accounts, send to the Chief Revenue Controlling Authority a return in such form as may be agreed on showing the figures that pass upon his books in respect of revenue advances. The object of the statement is to enable the Chief Revenue Authority to check the reconciliation prescribed in clause (a).
(viii) *Irrecoverable Loans and Advances.*

128. Remittance of loans and advances.

Government or any subordinate authority to whom power has been delegated can remit loans and advances which are found to be irrecoverable (*vide* Note I below Financial Rule 146 and the Manual of Financial Powers).

Chapter 11 - Miscellaneous Advances

Rules Regulating the Grant of-

(I) Advances bearing Interest and (II) Other Advances.

132. Orders regulating the grant of advances to Government Servants.

Orders regulating the grant of advances to Government servants and others are included in this Chapter. In cases not covered by these rules or by the rules in Chapter 10, advances cannot be made except under the special orders of Government, vide also Financial Rule 118.

The following conditions are applicable to all advances:

(a) Rules 134 to 142 do not apply to Government servants who are not in permanent Government employ. As the pay of such Government servants does not constitute adequate security for a loan, advances should not ordinarily be granted to them. If however, in any special case the circumstances admit of the provision of adequate security, an advance may be sanctioned, in accordance with the terms of these rules and subject to provisions made in Note 5 to Rule 136, by the Finance Department to temporary Government servants under the administrative control of Government. For delegation of powers under this rule, vide serial No. 36 in the Manual of Financial Powers-Financial Publication No. VII.

(b) It is not permissible to sanction an advance which involves a breach of any of the canons of financial propriety reproduced in Financial Rule 58; provided that in any case where a cash grant would be within the powers of sanction of a competent authority, the grant of an advance not exceeding the amount of the cash grant does not require the sanction of a higher authority.
(c) The amount of the advance to be recovered monthly should be fixed in whole rupees except in the case of the last instalment when the remaining balance including any fraction of a rupee should be recover.

1- Advance Bearing Interest.

(ii) Advances for purchase of conveyances.

(iii) Tentage advances.

(iv) Passage advances to Government servants of non-Asiatic domicile and their families.

133. Rules regulating the drawing of advances bearing interest.

The following rules regulate the drawing of advances bearing interest:

(i) No advance should be sanctioned unless a certificate to the effect that there is sufficient balance available for expenditure is obtained from the Administrative Department. Such certificate of availability of funds, however, need not be endorsed to the audit office. The Administrative Department sanctioning an advance shall include a paragraph in the sanction order quoting the number and date of the letter issued by the Department under which availability of funds has been certified.

(ii) Unless sanction is accorded within three months in the case of house building, advances and within one month in the case of other advances, from the date of issue of the certificate of availability of funds from the Administrative Department this certificate should be considered as having become invalid and a fresh one should be called for.

(iii) The first instalment of a house-building advance or an advance for the purchase of motor car or boat or tent must be drawn within two months, and the first instalment of an advance for the purchase of other conveyances must be drawn within one month from the date of issue of the order according sanction, otherwise the sanction will be considered to have lapsed.

(iv) As soon as it becomes known that any amount, for which certificates or sanctions have been issued is not likely to be drawn, intimation
should be given to the [Administrative Department] which will make a further report if any surrender of the grant is advisable.

(v) In each financial year, the [Administrative Department], except in cases of real urgency, will stop issuing certificates of availability of funds after 31st January in the case of house-building advances and after 28th February in the case of other advances, so as to ensure that all advances sanctioned in a year are drawn within that year. All certificates and sanctions will lapse on 31st March except sanctions for undrawn installments of house-building advances.

(vi) All advances taken by Government servants for the purposes mentioned in rules 134-441 and special passage advances made in England by the High Commissioner for India vide Exception under Rule 142(b)] will be payable with simple interest at such rate as may be fixed by the Governor of Bombay from time to time. The interest will be calculated on accordingly should be recovered in one of more installments, each such installment being not appreciably greater than the installments by which the principal was recovered. The recovery of interest will commence from the month following that in which the whole of the principal has been repaid \[or from the month following the month in which the last installment of principal is repayable, whichever is earlier.\]

\[In the case of Gazetted Officers, who are their own Drawing Officers and in whose case the personal audit is conducted by the Audit Officer, the Audit Officer will calculate the interest due on the advance just after the recovery of last but two instalments of the principal and raise the demand against the officer concerned with the proviso that in case the last two instalments are not paid in time, the amount of interest will increase. In the case of non-gazetted Government Servants where the Head of Office draws and disburses the pay and allowances and makes the recovery, the responsibility for calculation of interest shall rest with the Head of Office. The audit office, will, however, check the correctness of the interest recovered from the non-gazetted Government Servants in post audit. The audit office shall also furnish such particulars as the Head Office may\]
require for calculation of interest as well as such assistance as he may need.]

**Note.-** In cases where pay bills for a month are disbursed before the end of the month, an instalment in repayment of an advance received through the pay bill will be taken as having been refunded on the first of the following month, the normal date for the disbursement of pay.

(vii) Advances shall be recovered by deduction from the pay bills of the Government servants concerned in the following number of monthly instalments.-

In the case of advances for the purchase of bicycles, the authority sanctioning the advances may extend up to a maximum of twenty-four, the number of instalments in which an advance should be repaid to Government.

(viii) The repayment of an advance should commence from the first issue of pay after it is drawn except when specifically provided otherwise in these rules.

(ix) In cases, where on account of premature death of a Government servant, it becomes necessary to recover the outstanding balance of an interest-bearing advance sanctioned to a Government servant and/or interest on the amount of such advance by adjustment either against death-cum-retirement gratuity or leave salary actually drawn, after the date of death of the Government servant, no interest should be charged on the amount of advance thus adjusted against death-cum-retirement gratuity/leave salary, if any, beyond the date of death of the Government servant.]

(i) House-building advances

(ii) Advances for purchase of conveyances

An advance to a Government servant for the purchase of a motor car or a motor boat may be sanctioned subject to the following conditions:-

1*[1(1) An advance will be given only-

(i) if it is certified by the competent authority that, in his opinion, it will be useful to the public service if the Government servant possesses car or a boat for the performance of his official duties, and

(ii) if the competent authority is satisfied that the Government servant has the capacity to repay the advance.

Note.-The grant of such advance would not ipso facto entitle an officer to draw transportation charges for a conveyance under rule 490 of the Bombay Civil Services Rules.]
(2) The total amount to be advanced to a Government servant shall not exceed Rs. 7,500 or four months' pay, or the anticipated price of the car or boat, whichever is least. If the actual price paid is less than the advance taken the balance should be forthwith refunded to Government. [The sanctioning authority should furnish to the Audit Officer, the cash receipt and the bill for the purchase of the conveyance for scrutiny that the advance has been utilised for the purchase of conveyance within the prescribed period and that the actual price is not less than the amount of advance. The cash receipt and the bill should be returned to the borrower through the sanctioning authority.]

[Note:- The actual price should be construed as the price paid by the Government servant as the cost of the car including sales tax, and may include such items which have to be purchased along with the motor car e.g. spare wheel, tyre and a tube; pillion seat in a scooter. Certain accessories e.g. radio in a car, plastic cover which are not essential and which the Government Servant purchases of his own volition, will not be included in the actual price of the car. Insurance and Registration charges are incurred for running of the motor vehicle and cannot be included in the actual price of the car. However, Insurance charges incurred at the time of purchase of the motor vehicle may be included in the actual price. The cost of transportation of the conveyance upto the place of duty of the Government Servant concerned at the time of purchase irrespective of the fact whether the transport is arranged by the distributors of the Officer himself and the Octroi charges actually paid may be included in the actual price.]

(3) (a) An officer who is on leave or about to proceed on leave for whom an advance has been approved by Government will not be allowed to draw the advance earlier than a week before the expiry of the leave.

(b) An advance for the purchase of a motor car or other conveyance intended to be drawn in the United Kingdom while the Government servant is on leave outside India should not be granted.
(4) Except for special reasons which should be recorded in writing a fresh advance should not be sanctioned within a period of three years from the date the previous advance was drawn.

Before the drawal of a fresh advance the balance of the outstanding advance together with the interest thereon must be completely repaid.

(5) Except when a Government servant proceeds on leave other than leave on average pay not exceeding four months or retires from the service, or is transferred to an appointment the duties of which do not render the possession of a motor car or a motor boat necessary, the previous sanction of Government is necessary to the sale by him of a car or a boat purchased with the aid of an advance which has not been fully repaid. If a Government servant wishes to transfer such a car or boat to another Government servant who performs the duties of a kind that renders the possession of a motor car or a motor boat necessary. Government may permit the transfer of the liability attaching to the car or the boat, to the latter, provided that he records a declaration that he is aware that the car or the boat transferred to him remains subject to the mortgage bond and that he is bound by its terms and provisions.

(6) In all cases in which a car or boat is sold before the advance received for its purchase from Government has been fully repaid, the sale-proceeds must be applied, so far as may be necessary, towards the repayment of such outstanding balance. When an officer is not in a position to repay to Government immediately on the sale of a car the whole of the outstanding amount, specific sanction of Government should be obtained for its sale and if the insurance has run out in the meantime steps should be taken to renew the insurance. Provided that when the car or boat is sold only in order that another car or boat may be purchased, Government may permit a Government servant to apply the sale proceeds towards such purchase, subject to the following conditions:-

(a) the advance outstanding shall not be permitted to exceed the cost of the new car or boat;

(b) the advance outstanding shall continue to be repaid at the rate previously fixed;
(c) the new car or boat must be insured with a company approved by Government and mortgaged to Government as required by these rules;

"(d) the Government servant shall execute a fresh bond prescribed in Financial Rules Form 21-A."

Note.-It is not permissible for a Government servant to deliver a car which is under mortgage to Government in advance of his receiving the price of it.

(7) An advance for the purchase of a motor car or motor boat for use during the period of deputation may not be granted to a Government servant about to proceed on deputation out of India.

Note 1.-A Government servant may be allowed advances to purchase more than one car or boat at a time if it can be shown that such action is clearly desirable in the public interest and provided that the total amount outstanding at any one time by way of such advances against a particular Government servant does not exceed the limit within which advances may be given.

Note 2.- (i) A Government servant who draws an advance for the purchase of a motor car or motor boat is expected to complete his negotiations for the purchase, and to pay finally for the car or boat, within one month from the date on which he draws the advance; failing such completion and payment, the full amount of the advance drawn with interest thereon for one month, must be refunded to Government. At the time of drawing the advance, the Government servant will be required to execute an agreement in Fin. R From No. 20 and, on completing the purchase, he will further be required to execute a mortgage bond in Fin. R. Form No. 21, hypothecating the car or boat to the Governor of Bombay as security for the advance. The cost price of the car or boat purchased should be entered in the schedule of specifications attached to the mortgage bond. "[The agreement, the mortgage bond and the Insurance Policy should be shown to the local audit parties of Audit Office at the time of local inspection.]"
[Failure to execute a mortgage bond in time will render the Government Servant drawing the advance liable to refund forthwith the whole of the amount of advance with interest accrued unless good and sufficient reason is shown to the contrary and the authority mentioned at Serial Numbers 33, 34, or 35 as the case may be in Section 1 on page 29 of the Manual of Financial Powers, 1964, waives the condition prescribed in this regard.]

[(ii) A certificate signed by the sanctioning authority to the effect that the agreement in Financial Rules Form No. 20 or 20-A, as the case may be, has been signed by the Government Servant drawing the advance and that it has been examined and found to be in order, should be attached to the bill in which the advance is drawn. The sanctioning authority should ensure that the conveyance is purchased and hypothecated to the Governor as security for the amount advanced to the borrower together with interest thereon in the prescribed form within one month from the date of drawal of the advance.]

[(ii)(a) The Government servant to whom an advance is sanctioned for the purchase of conveyance shall produce the registration book of the vehicle within a period of one month from the date of purchase of the vehicle or within two months from the date of drawal of advance, whichever is earlier, to the sanctioning authority, to show that the vehicle purchased by him has actually been transferred in his name by the Competent Authority, failing which he shall be liable to pay a penal interest on the entire amount of advance in accordance with the provisions of rule 124 from the date of drawal of advance to the date of submission of the registration book. In case it is established that the delay in submitting the registration book to the sanctioning authority is not attributable to the Government servant, the penal interest shall not be charged for the late submission of the registration book for the period of such delay.]

(iii) When the advance has been fully repaid, the bond should be returned to the Government servant concerned, duly cancelled,
after obtaining a certificate from the Accountant General of the complete repayment of the advance with interest.

Note 3.- The form of mortgage bond executed by a Government servant drawing an advance for the purchase of a motor car or motor boat provides for insurance against full loss by fire, theft or accident. Insurance on owner driven or other similar qualified terms is not sufficient for the purpose of this rule. Insurance policies at a reduced rate of premium shall, however, be accepted as adequate in the following cases, provided that, in cases falling under clause (a), the borrower agrees to execute a subsidiary bond in Fin. R Form No. 22-

"(a) when the owner of the car undertakes to meet the first Rs. 100 of a claim preferred against an insurance company in the event of an accident".

Or

(b) when the car is not insured against accident for any reason of the year during which it is not in use but is stored in a garage.

[The sanctioning authority should furnish to the Audit Officer a certificate that the borrower has comprehensively insured the vehicle for an amount not less than the outstanding amount of advance plus interest thereon, if any, and the Insurance Company has been notified about the interest of Government in the Policy. If insurance is effected on annual basis, the procedure should be repeated every year until advance has been fully repaid to Government.

Explanation.- In cases where the Insurance Company does not issue fresh policy every year and the original one in which the clause as in Fin. R. Form No. 23 already stands inserted is renewed, it is not necessary to repeat the process of obtaining from Government servants letter in Fin. R. Form No. 23 for onward transmission to the insurance Company. The sanctioning authority should however ensure that the original policy has been renewed by the Company and the relevant clause in Fin. R. Form No. 23 already stands included in the original policy and that the Government Servant has insured the vehicle for an amount not less than the outstanding amount of the advance plus interest thereon. A certificate to this effect may then be sent to Audit
Officer. In case where a fresh policy is issued every year by the Insurance Company it would be necessary to repeat the process as contemplated in Note 3 above].

Vehicles purchased with the help of an advance from Government should be *ab initio* fully insured according to these Rules. Every Government servant taking advance for the purchase of a vehicle shall get the clause as prescribed in Financial Rule Form No. 23 inserted in all the policies of insurance in respect of a motor car, motor cycle, motor boat and other vehicle purchased by him/her with the help of advance taken from Government. Contravention of these orders will render the officer liable to refund the whole of the amount advanced with interest accrued unless good reason is shown to the contrary [and the authority mentioned in column 4 against the serial Nos. 33, 34, or 35, as the case may be, in Section I of the Manual of Financial Powers, 1964, waives the condition prescribed in this behalf.] The amount for which the car or boat is insured during any period should not be less than the outstanding balance of the advance with interest accrued at the beginning of that period and the insurance should be renewed from time to time until the amount due is completely repaid. If, at any time and for any reason, the amount insured under a current policy is less than the outstanding balance of the advance, including interest already accrued, the officer should refund the difference to Government. The amount to be refunded must be recovered in not more than three months instalments:

10[Note 4.-Advances for the purchase of motor cars or motor boats to Government servants in foreign employ should be granted from the funds of the foreign employer and when the latter desires to make such an advance, he should apply to Government for the necessary sanction. Government may grant sanction in such cases subject to the proviso that the advance should be regulated by the same conditions as would apply if the person were serving directly under Government. In special cases, however the advance may, under special order of Government, may be met from the general revenues of the Government].
Note 5.- Advances for the purchase of motor cars or motor boats to temporary Government servants should not exceed 75 per cent of the purchase price. Such advances should be sanctioned ordinarily only when there is reasonable prospect of the officer continuing in Government employ till the complete repayment of the advance.

Note 6.- This rule does not preclude the grant of an advance after the conveyance referred to in this rule has been purchased, provided application is made within one month of taking delivery or within one month of importation into India. [The form of agreement to be executed in such a case as well as in cases where the Government servant after applying for advance locates and purchases the conveyance before the receipt of the advance by raising private loan should be in Financial Rule Form 20-A.]

Note 7.- Government servant who is sent on deputation exceeding 12 months out of India or is transferred to a post abroad before an advance drawn by him in India for the purchase of a motor vehicle is completely repaid by him, may at his option, be allowed by the authority who sanctioned the advance, to repay the remaining installments in rupees in India. The Government servant should arrange to remit the amount due by bank draft by 15th of every month in favour of the Accounts Officer in whose books the accounts of the advance in question are kept. A written undertaking shall be obtained from the Officer to this effect and the office to which he is attached abroad informed accordingly. If the draft is not received by Accounts Officer before the end of the month, he should immediately report the matter to the Administrative Department concerned and also to the office abroad where the officer is working for further necessary action. Failure on the part of the officer concerned to remit the bank draft by the due date will constitute default in terms of Rule 124, Bombay Financial Rules, 1959 and render him liable to pay penal rate of compound interest in accordance with the provision of the above mentioned Rule. On return of the officer to India any amount left unrecovered will be deducted as before from his monthly pay bills by the Accounts officer concerned.]

If the Government servant wishes to transfer the tonga and pair of horses to another Deputy Collector who performs duties of a kind that renders the possession of a tonga and pair of horses, necessary, the Collector may permit the transfer of the liability attaching to the tonga and horses to the latter officer, provided that such officer records a declaration that he is aware that the tonga and horses transferred to him remain subject to the mortgage bond and that he is bound by its terms and provisions.

At the time of drawing the advance, the officer will be required to execute an agreement in Form No. 25 and in completing the purchase he will further be required to execute a mortgage bond in Form No. 24 hypothecating the tonga and pair of horses to the Governor of Bombay as security for the advance. (2) If the actual price paid for the tents is less than the advance taken the balance should forthwith be refunded to Government. At the time of drawing the advance the Government servant, should execute an agreement in Fin. R. Form No. 20 and on completing the purchase, he shall execute a mortgage bond in Fin. R. Form No. 21 hypothecating the tent to the Governor of Bombay as security for the advance.

(iv) Passage Advances to Government servants of non-Asiatic domicile and their families.
141. Rules for payment advance for the purchase of passages by Sea or by Air.

Advances for the purchase of passages by sea or by air may be sanctioned to Government servants of non-Asiatic domicile and their families in accordance with the following rules:-

1. In these rules "family" means a Government servants wife, legitimate children and step-children residing with and wholly dependent upon him.

2. These rules apply only to gazetted Government servant's of non-Asiatic domicile holding substantively a permanent post under the administrative control of the Government of Bombay:

Provided that, in the case of officers who are entitled to passages under Rule 12 of the Superior Civil Services (Revision of Pay, Passage and Pension) Rules, 1924, an advances will be admissible only when they have exhausted their benefits under the above Pay, Passage and Pension Rules.

Note.-An officer's domicile for the purposes of the rules should be determined according to the criteria laid down in Appendix B to Schedule IV of the Superior Civil Services (Revision of Pay, Passage and Pension) Rules, 1924.

3. An advance may be made to a Government servant for the cost of passage by sea or by air from a port or aerodrome in India to a port or aerodrome outside Asia of himself and members of his family and also for the cost of the return voyage or journey. The advance for members of the family will be admissible even though they do not accompany the Government servant on the voyage or journey.

4. The amount of each advance shall not exceed four months' pay of the Government servant or Rs. 6,000, whichever is less, subject to the further condition that it shall not exceed the amount actually required at the time for the purpose for which it is granted. It should be a sum expressed in whole rupees, being a multiple of thirty-six.

5. When an advance has previously been sanctioned, the amount of a further advance should be so regulated that the total amount
outstanding will not exceed the limits mentioned in Rule 4 above. For the purpose of recoveries each advance shall be treated separately.

6. An advance will not be admissible to a Government servant who does not intend returning to duty on the expiry of the leave and the Government servant shall submit with his application for the advance a certificate that he intends to return to duty on the expiry of the leave. The applicant should at the same time certify that he has not taken an advance for the same purpose under the rules regulating the General Provident Fund or any other similar provident fund rules.

7. (a) Advances will be recovered in thirty-six equal monthly instalments by compulsory deductions from pay, commencing from the first payment of a full month’s pay after the advance is granted. Except as provided in clause (b) of this rule, no recovery will be made from a Government servant while he is on leave. A borrower may, however, make repayment in less than thirty-six installments or may repay two or more installments at the same time.

(b) If the Government servant retires, or applies for and receives permission to retire on the expiry of his leave the outstanding balance of the advance will be recoverable at once, but where undue hardship is likely to result from compelling payment in one installment the administrative Department concerned or the High Commissioner for India may permit a relaxation of this rule to the extent of allowing monthly recoveries to be made from the pension or leave salary admissible to the Government servant at a rate not less than half the monthly amount of such pension or leave salary. In applying this rule consideration should be given to the amount which will be handed over to a provident fund subscriber on his retirement.

(c) The borrower will submit to the audit officer concerned or, if the advance is paid in England, to the High Commissioner for India, within three weeks of the receipt of the advance, receipts showing the amount of payments made for passages. Where, however, the money for passages had to be remitted from India to England (or vice versa), the time for submission may be
extended by two months. In the event of failure to comply with this rule, the amount advanced shall be recoverable at once. If the receipts produced are for an amount less than that advanced, the balance shall be recoverable at once.

8. Subject to the conditions of these rules, the High Commissioner may sanction an advance to a Government servant on leave drawing his leave salary in London, for the cost of return passages to India of the Government servant and his family provided no advance for the same journey has been previously made.

9. A Government servant receiving an advance under these rules will on receipt of the advance, sign and deposit with Government an undertaking in Form 31.

II - Other Advances

142. Rules for other advances.

Advances may also be made under the rules specified below in:-

(a) To a Government servant under orders of transfer, up to an amount not exceeding one month's substantive pay *(or if he is in receipt of officiating pay, the pay that he is in receipt of immediately before transfer, or the pay he will be entitled to after transfer, whichever is less) plus the travelling allowance to which he may be entitled under the rules in consequence of the transfer. Such advances may be sanctioned by any Government servant who should not ordinarily be of a lower rank than the Principal District Officer in the Department concerned or any authority specifically empowered by Government, in favour of any officer under his control, including himself. The advances should be recorded on the Government servant’s last-pay certificate. The advances of pay should be recovered from the pay of the Government servant in three equal monthly installments beginning with the month in which a full month’s pay is drawn after the transfer. The advance of travelling allowance should be recovered in full within three months from the date of completion of the journey by the Government servant, or by his family, as the case may be, by deduction from his transfer Travelling Allowance bill or in cash or by deduction from his pay in the pay bill.
[The Controlling Officer/Head of the Office should maintain a register in the Financial Rules Form No. 47 in respect of both, the gazetted and non-gazetted officer.]

Note 1.-The advance referred to in this clause is also permissible to a Government servant who receives order of transfer during leave. In such cases advances may be sanctioned by the authority mentioned in this clause. In the case of an officer who is competent to grant an advance to himself while on duty under this clause but receives the orders of transfer while on leave, the advance shall be sanctioned by the Head of the Department. If the Government servant on leave is himself of the status of Head of a Department, the advance shall be sanctioned by Government. In the case of gazetted Government servants who draw their leave salary at a place other than the old or the new headquarters and wish to draw the advance before they proceed to their new headquarters, the procedure indicated below should be followed. The sanction shall be communicated to the Audit Officer concerned for the issue of necessary instructions to the Treasury Officer concerned to make the payment. In cases of urgent necessity, the Collector of the District where the leave salary of the Officer is being drawn, may require the Treasury Officer to pay the advance, provided it is sanctioned by a competent authority and action is taken as laid down in Treasury Order No. 23.

Note 2.- The power of granting advances to self under this clause should not be exercised by officers in temporary service.

Note 3.-Clause (a) above does not preclude the grant of a second advance to a Government servant to cover the travelling expenses of any member of his family who, under Bombay Civil Services Rules 490, follows him within six months from the date of his transfer and in respect of whom an advance of travelling allowance has not already been drawn. [Such an advance may also include charges for the transportation of the personal effects].

Note 4.- When a single lump advance is drawn to cover the travelling expenses both of the officer himself and of his family, it may be adjusted by the submission of more than one bill if it so happens that the members of the officer's family do not actually make or complete
the journey with him. In such a case, the officer should certify on each adjustment bill admitted by him that a further bill in respect of travelling allowance of the members of his family (to be specified) who have not yet completed the journey will be submitted in due course and is expected to include an amount not less than the balance of the advance left unadjusted in this bill.

Note 5.- The advance of pay under this clause may be allowed to be drawn at the new station soon after the arrival of the officer there, on production of the last pay certificate showing that no advance was drawn at the old station.

Note 6.- Students and candidates of the Public Works Department under orders of transfer may also be granted advances up to an amount not exceeding one month's subsistence allowance plus the travelling allowance, subject to the condition that similar advances previously drawn are completely repaid before fresh advances are paid.

Note 7.- An advance of travelling allowance under this rule may be made by the competent authority to a temporary Government servant without insisting on a surety from a permanent Government servant provided it is restricted only to cover conveyance charges on account of the Government servant concerned; his family and his baggage to the new station and provided further that there is a reasonable prospect of the Government servant continuing in service till the complete repayment of the advance. This does not preclude the sanctioning of advances of pay and travelling allowance to a temporary Government servant on the same basis as for a permanent Government servant provided a surety from permanent Government servant is obtained in the Fin. R. Form No. 32.

Note 8.- The officers sanctioning advances of travelling allowance on transfer should forward a copy of the orders sanctioning the advance to the Head of the Office to which the Government servant is transferred. Full particulars of the advances pending for adjustment shall be shown in the Last Pay Certificate of the transferred Government servant.

Note 9.- A Government servant under suspension may be granted an advance of travelling allowance to cover his personal travelling
expenses and daily allowance for the period of journey from his headquarters to the place of inquiry and back for one day of inquiry. However, if the period of inquiry is intimated to the Government servant, then he shall be granted advance for that period as admissible under the rules. In case, the period of inquiry is extended, the daily allowance for that period may be claimed by the Government servant under suspension along with the adjustment bill for the advance drawn by him.

(b) To any Government servant in the Civil Department:-

(i) on arrival in India on first appointment, of an amount not exceeding two month’s substantive pay less the amount of any advance made in England;

Note.- When a Government servant on arrival in India asks for an advance and produces no last pay certificates, an advance may be granted by the Accounts Officer concerned, on the Government servant furnishing a declaration that he has not received any advance from the High Commissioner for India.

(ii) on return from leave other than leave on average pay not exceeding four month’s or deputation out of India, not exceeding two month’s substantive pay or Rs. 1,000 whichever is less, in addition to any advance made in England, provided no advance has been drawn under clause (a) above.

Exception.- Special passage advances made in England by the High Commissioner for India at his discretion to enable officers to return to duty shall be recovered in 36 monthly installments and bear interest at the usual rate for such advances-vide Fin. R. 133 (vi).

Note - The advance may be drawn under the orders of the Principal Auditor from any treasury in the Bombay State specified in such orders. Such advance as well as similar advances made in England, are recoverable by monthly instalment of one-third of pay fixed in whole Rupees.

(c) To a Government servant other than an inspecting officer referred to in ‘[rule 43 of the Bombay Contingent Expenditure Rules, 1959,] proceeding on tour, an amount sufficient to cover for a month his tour charges and also contingent charges, such as those for the hire of
conveyances or animals for the carriage of records, tents or other Government property, subject to adjustment upon the officer’s return to Headquarters or 31st March, whichever is earlier. An advance of travelling allowance to a gazetted officer under this rule is permissible only if his travelling expenses for the particular tour are not likely to be less than 6[Rs. 50] and is subject to the sanction of the competent authority in each case. Officers proceeding to Karachi, Aden, etc., should engage their passages through the office of the Accountant-General. This course will render an advance of travelling allowance unnecessary.

**Explanations.**—The expression “the amount sufficient to cover for a month his tour charges” means that the amount of advance of travelling allowance for a particular tour should not exceed the amount of the actual fare charges both ways together with daily allowance, admissible for likely periods of halt not exceeding thirty days, but excluding the incidental charges if any admissible on that tour.

This restriction should not however, be made applicable to the advances of travelling allowance to Class IV Government servants.

*Note 1.*—A second advance cannot be made to the same Government servant under this rule until the first one has been accounted for, except in the cases of Government servants from the offices of the Superintending Engineers and Executive Engineers under the control of Irrigation and Power Department and Building and Communication Department and the office of the Director, Maharashtra Engineering Research Institute, Nasik.

To ensure a proper check on the adjustment that is to be carried out in this connection, the sanctioning authority should attach to the orders allowing the advance one of the following certificates—

“(1) Certified that no previous advance is outstanding against Shri. .................................................................

or
(2) Certified that Travelling Allowance Bill of the Officer on tour in respect of the previous advance granted to him has been received and is under scrutiny in my office.

Advances should be sanctioned only if the sanctioning authority gives one of the two certificates mentioned above.

Note 2.- A Police Officer, proceeding outside Indian Waters with a Government passage on duty in connection with extradition and other cases, may be given as advance of an amount sufficient to meet the probable incidental expenses of the journey.

Note 3.- Advances can be sanctioned under this Rule by all Heads of Departments to themselves.

Note 4.- An advance of travelling allowance under this rule may be sanctioned to temporary Government servants by authority sanctioning the tour. The advance should be restricted to one month’s pay provided there is a reasonable prospect of Government servant continuing in service till the advance is repaid. This does not preclude sanctioning of an advance on the same basis as for a permanent Government servant, provided surety from a permanent Government servant is obtained in the Fin. R. Form No. 32.

5[Note 5.- The Travelling Allowance advance on tour drawn in the month of March may be adjusted on completion of the tour or by the 30th April whichever is earlier. The existing provision in Rule 142 (c) of Bombay Financial Rules referred to above should however be continued to be followed as hitherto in respect of advances drawn and journeys performed in other months of the year.]

6[Note 6.- In case the regular Travelling Allowance bill is not submitted within a period of three months from the date of completion of journey by the Government servant to whom a tour advance was given, the amount of advance should be deducted from his monthly pay bill and settled finally.]

7[The Controlling Officer/Head of Office should maintain a register in the Financial Rules Form No. 47 in respect of both the gazetted and non-gazetted officers.]
[Note 7.-Full particulars of the advances pending adjustment should be shown in the last Pay Certificate]

(d) To a Treasury Officer or District Superintendent of Police, for expenses, connected with a remittance of treasure, to be adjusted when the duty is completed.

(e) For law-suits to which Government is a party.

Note.- The advances mentioned in clauses (c) and (e) are treated as final charges and not as advances recoverable, and are to be drawn and accounted for either as contingent charges or travelling expenses of establishments as the case may be. Advances granted under clause (c) to the Camp Establishment of the Registrar, Co-operative Societies, to Assistant registrars, Special Auditors, Auditors, to Sub-Auditors, to the Weaving Staff, to Agricultural Organisers and their establishment, and to the Special Supervision Officer, Rural Development Inspectors, and their establishment, Assistant rural Development Inspectors, Deputy Director’s establishment, District Marketing Inspectors and their establishments, Shikar Officer and his establishment, Chief Marketing Officer’s establishment and other such establishment under the Registrar, Co-operative Societies, *President, Maharashtra Co-operative Tribunal and his establishments* [the Director of Sugar’s Establishment and to the Camp Establishment of the Director of Marketing] need only be adjusted on 31st March every year. Advances to Gazetted and non-gazetted Government servants under clause (c) and advances under clause (e) may be sanctioned by controlling Officers who are competent to sanction the expenditures as a final charge. Advances under clause (e) to non-gazetted Government servants may also be sanctioned by Gazetted Heads of Offices if so authorized by their Controlling Officers, provided the advances are adjusted within one month from the date of drawal of the advances.

(f) The any person either in Government service or not undergoing antirabic treatment in accordance with the rules in Appendix 15 to these Rules.

(g) To Sub-Inspectors of Police for the purchase of a sword and scabbard, of an amount not exceeding Rs. 75 in each case or the cost of the
sword and scabbard, whichever is less. Such advances may be sanctioned by an officer not lower in rank than a Superintendent of Police. The advances should be recovered from the pay of the Government servant in three equal monthly installments.

(h) For purchase of provisions to Forest Department subordinate in ranges which are inaccessible during monsoon months and consequently cut off from markets. Such advances are not to exceed two months' substantive pay or Rs. 75, whichever is less, and should be sanctioned by the Chief Conservator of Forests according to the requirements of each case. The subordinates should be asked to produce, as soon as possible, vouchers or any other evidence showing the amount of payments actually made. If it is found that the amount spent is less than that advanced or that the amount has been misapplied, the balance or the total amount as the case may be, should be forthwith refunded to Government. The advances should be free of interest and should be recovered in five equal monthly installments by deduction from pay.

should also be followed in all other cases in which the rules require that reasons for the grant of special concessions or allowances should be recorded. With a view to avoid the risk of typographical error, and of consequent overpayment and delay, all orders communicating the sanction to expenditure should express the amount sanctioned by them in words and figures.

152. Orders conveying sanction to expenditure must be communicated to the Principal Auditor.

Orders conveying sanction to expenditure must be communicated to the Principal Auditor-

(1) if the order is issued by an authority subordinate to Government to whom the power to sanction has been delegated by that authority;

(3) in other cases the order will be conveyed under the endorsement of the Finance Department, to whom the Administrative Department will send a copy of the order sanctioning expenditure for confirmation and communication to the Principal Auditor.

153. References to Finance Department.

When an order sanctioning expenditure is issued by an Administrative Department after unofficial reference to the Finance Department previous consultation with which is required under the rules, the order should show that the reference to the Finance Department has been made. It is essential for audit purposes that the Principal Auditor should know that necessary reference to the Finance Department has been previously made.

154. Sanctions accorded by Government to grant of land and alienation of land revenue.

Sanctions accorded by Government to grant of land and alienation of land revenue other than those in which assignments of land revenue are treated as cash payments should be communicated to Principal Auditor in a consolidated monthly return giving the details necessary for enabling the Audit Office to audit the sanctions accorded.

(v) Date of Effects of Sanction.

155. Statutory rules made by the Governor have effect from the date on which they are passed.

Statutory Rules made by the Governor have effect from the date on which they are passed and executive orders issued by the Governor take effect from the date of issue of the dispatch, letter or telegram in which the sanction is conveyed.

A sanction of the State Government or an authority subordinate to it has effect from the date of the orders conveying the sanction in the absence of special provision as to date of effect in the rules, orders or sanctions themselves. The general principal in all such cases should be-

Sanction to any expenditure becomes operative as soon as funds have been appropriated to meet the expenditure and does not become operative until funds have been so appropriated.

Sanction to recurring expenditure covering a specified term of years becomes operative when funds are appropriated to meet the expenditure of the first year and remains in operation for each year of the specified term subject to appropriation in such year.
Note.- A sanction would become operative, when, though no appropriation exists in the estimates, the expenditure is provided by reappropriation later on.

156. Retrospective effect not to be given to any proposal without reason.

Retrospective effect should not be given to any proposal for revision of pay except in very special circumstances. Whenever retrospective effect is given to any such proposals, the reasons for the same should invariably be specified in the sanction itself.

(vi) Lapse of Sanction.

157. Sanction not acted upon for a year must be held to have been lapsed.

A sanction for any fresh charge which has not been acted on for a year must be held to have lapsed, unless it is specifically renewed with necessary provisions in the budget estimates.

Note 1.-This rule does not apply to a case where an allowance sanctioned for a post or a class of Government servants has not been drawn by a particular incumbent of the post or a particular set of Government servants, nor does it apply to additions made gradually from year to year to a permanent establishment under a general scheme which has been sanctioned by proper authority.

Note 2.-The term “year” occurring in this Rule should be interpreted to mean a period of twelve months, provided that, when this period of 12 months goes into the next financial year, funds are allotted in that year to meet the expenditure, and that there is nothing in the wording of the order itself to show that the sanction lapses on a specified date, e.g., the 31st March of that year.

*Note 3.-This rule does not apply to a sanction for a temporary *[or non-refundable]: Provident Fund advance under the Bombay General Provident Fund Rules and the Contributory Provident Fund Rules (Bombay) which should remain operative for a period of three months from the date of sanction and should be deemed to have lapsed after this period unless it is specifically renewed.]*

*[Note 4.- The instructions contained in the Note 3 should not apply to the final withdrawals effected in the instalment. In such cases, the
sanction accorded for the final withdrawals from the Provident Fund should remain valid up to the particular date to be specified by the sanctioning authority in the sanction order itself.]

158. Sanction to an estimate for a public work cease to operate after a period of five years.

The sanction to an estimate for a public work will ordinarily cease to operate after a period of 5 years from the date upon which it was accorded, but the acceptance by competent authority of a budget estimate which includes specific provision for expenditure upon a work which is in progress may be regarded as reviving for the year in which the provision is made, the sanction to the estimate.

Chapter 15-Local Funds

183. Definition of “Local Fund.”

The expression “Local Fund” denotes-

(1) revenues administered by bodies which by law or rule having the force of law come under the control of Government, whether in regard to the proceedings generally, or to specific matters such as the sanctioning of their budgets, sanction to the creation of filling up of particular appointments, the enactment of leave, pension or similar rules;

(2) the revenues of any body which may be specially notified by Government as such.

The transactions of Local Funds are not included in the public accounts.

Note.-The creation of Local Fund falling under clause (2) above requires the sanction of the Government in the Finance Department.
(i) Receipts and Payments

184. Municipalities ordinarily obliged to place their funds in a government treasury.

Municipalities are ordinarily obliged to place their funds in a Government treasury or a bank or branch bank used as a Government treasury, if there is one in or near the Municipality.

185. No Local fund is allowed to overdraw its balance at its credit.

No Local Fund is allowed to overdraw the balance at its credit and no advance to cover such overdrafts will be sanctioned by Government.

186. A Local Fund Officer or any Government Servant may not use Service stamps.

Service stamps may not be used by a Local Fund Officer or any Government servant acting in a capacity connected with a Local Fund such as President or Secretary of a Local Fund Committee, but service labels may be used on the correspondence of a public officer acting as such even though the correspondence may relate to the affairs of a Local Fund.

Note.-Telegraphic messages, the charges for which are to be borne by Local Funds, should be classed as “Private” and not as “State”.

187. Transaction of all local funds to be recorded in the Form used for personal deposits.

The transactions of all local funds, including municipal funds, should be recorded in the form used for personal deposits, but must be kept quite distinct, and must pass into the cash accounts as Deposits of Local Funds, and not as Personal Deposits.

188. Transaction of each fund to be entered in a separate column.

The transactions of each fund should be entered in a separate column in the treasury register which allows one column for every such fund in the district. Unless the funds are very few in number, it is most convenient to have registers and total for municipal and cantonment funds separate from those of other funds.
(ii) Verification of Balances

189. Balance at the credit of each fund to be verified at the end of the year by the Treasury Officer.

The balances at credit of each fund are verified at the end of the year by the Treasury Officer in communication with the Principal Auditor on one side, and the officer or committee administering the fund on the other. The balance on the Principal Auditors’ books is the balance acknowledged by Government and the Treasury Officer is required to follow it, and not the local accounts as his standard.

(iii) Miscellaneous

190. Local fund required to pay in advance.

Unless any of the following arrangements has been authorised by Government, a Local Fund is required to pay in advance the estimated amount of charges to be incurred or cost of services to be rendered by Government on account of the fund:-

(a) Payments as made by Government may be charged to the balances of the deposits of the Local Fund in Government books.

(b) Recovery from the Local Fund may be postponed till the time when Government has to make payment for the changes.

(c) Payments may be made in advances from Government funds in the first instance, pending recovery from the Local Fund.

Note.-Local Funds has to pay for medicines supplied and their liability cannot be accurately known till the account of supplies has been received from the Military Department. In cases where such account is not likely to be received by 31st March, the Local Fund is required to pay during March the sum roughly estimated as the value of the medicines. Any over recovery will be readjusted in the new year.

*[190-A. Amount due to Government by a local body.

Any amount due to Government by a local body, including any amount overdue for payment in respect of a loan, is subject to recovery by adjustment from any non-statutory grant payable to it. The authority signing or countersigning a bill for such a grant should see that this Rule is observed as far as practicable.]*

* Inserted by Notification dated 16.2.1963.*
191. Administrators of Local Fund.

(1) The Administrators of a Local Fund may, with the permission of Government, make a permanent arrangement for contributing to pensions payable from the general revenues for its permanent employees engaged before 1st October 1939 or for any specified classes of them, by paying to Government a contribution at the rate of one-ninth of the sanctioned salaries of the several appointments;

Provided that-

(a) The contribution must be paid in full at the beginning of each month by cash or cheque to the nearest Government treasury. As the pension contribution is payable on the total sanctioned strength of an establishment, the amount recoverable will be the same every month unless additions and reductions of a permanent nature are made in the establishment. In order to enable such Local Authorities as are situated in remote places from Government treasuries to pay the pension contributions in time, a period of grace for paying pension contributions up to the last day of the month for which the contributions are due will be allowed. Those Local Authorities which make default and fail to pay the contributions within this period should be charged penal interest at the rate of 9 per cent per annum on overdue contributions with effect from the date of expiry of the last day of the month from which the default is made.

(b) In order to enable the Principal Auditor to exercise a proper check over the recovery of the pension contributions from local bodies, the Commissioners of Divisions should furnish the Principal Auditor with statements showing in respect of each local body within their jurisdictions, the various pensionable posts for which pension contribution are paid with their sanctioned scales of pay. In the case of primary school teachers the sanctioned number of posts in each grade (e.g. III year certificate. II year certificate, etc.) should also be stated differentiating between teachers appointed before and after 30th June 1923. Any additions to or reductions in the sanctioned establishment should be simultaneously communicated to the
Principal Auditor by the sanctioning authorities without fail. Whenever a post held by a pensionable employee falls vacant due to death, retirement, etc., and is to be filled by a person who is not eligible for pension, it will be open to the Local Authority to consider such a pensionable post abolished from the date it falls vacant. Pension contribution should then cease to be paid with effect from the date. Similarly, if a pensionable employee joins the Provident Fund of the Local Authority either voluntarily or under compulsion, pension contribution on his behalf should cease to be paid with effect from the date of his joining the Provident Fund. The occurrence of such an event should, however, be promptly communicated to the Accountant-General, by the Local Authority of Government, who will certify to the correctness of the Government, who will certify to the correctness of the changes.

(c) the bills for establishment charges must be subject to audit by Government with a view to ensuring that health certificates have been obtained for new entrants, that the contributions are recovered in respect of the whole sanctioned establishment which is treated as pensionable and that no employee in any month draws more than the amount sanctioned for the appointment held by him.

(d) The contribution on account of the attendance allowances may be paid by the Local Authorities not in advance but in arrears, that is, before the end of the following month. In case of delay, penal interest will be charged at the specified in proviso (a) above.

(2) All persons in the service of the Administrators of a Local Fund for whom pension contribution is paid to Government as stated above, shall be subject to the pension rules laid down in Chapter XI of the Bombay Civil Services Rules, except the rules regulating the grants from the compassionate fund, provided that it shall be open to any person in the service of the Administrators of a Local Fund on the date this rule comes into force to exercise the option of remaining under the pension rule to which he has hitherto been subject. The
intention of exercising this option must be specifically declared within three months from the date this rule comes into force, or if the servant is on leave on that date within the three months of his return from leave. Every servant who does not make such a declaration will become subject to the rules laid down in Chapter XI of the Bombay Civil Services Rules except the rules regulating the grants from the compassionate fund. The option once exercised is final.

Arrears contributions in respect either of individual officers of classes of officer proposed with a view to render past service pensionable, cannot be accepted.

(3) A Local Authority should obtain the approval of Government before sanctioning increased rates of pay to any of its employees, on whose behalf pension contribution is paid to Government, if such higher pay is to count for pension.

Explanations - (i) The term “Local Authority” occurring in this Rule means the Local Authority as defined in Section 2 of the Bombay Primary Education Act, 1923, in the case of Primary School teachers, and in all other cases the Administrators of the Local Funds concerned.

(ii) The term “sanctioned strength” occurring in this Rule means the strength sanctioned or approved by Government for the purpose of the Rule. The Local Authority should obtain the sanction of Government before paying contributions in respect of new posts. Provided that the total sanctioned number of pensionable posts of teachers remains unaltered, the sanction of Government need not, however, be obtained (1) whenever the number of posts of higher grades is increased by a corresponding reduction in the number of posts in lower grades owing to (a) the output of trained teachers deputed for training by the Local Authority with the sanction of the Director of Education, (b) the replacement of unqualified by qualified teachers or (c) the confirmation of temporary qualified teachers, or (2) whenever the number of posts of lower grades is
increased by a corresponding reduction in the number of posts of higher grades owing to the appointment of teachers in the lower grades in vacancies in the higher grades caused by retirement, transfer, resignation, dismissal or death, etc.

Note 1.- The above rule takes effect from 1st April 1932.

Note 2.- In cases of those primary school teachers transferred to local authorities under Section 8(i) of the Primary Education Act 1923, on whose behalf local bodies are paying pension contributions to Government, their dependents will be eligible for the grants from the Compassionate Fund.

†|Note 3.- The employees of the Local Fund Service of ex-Hyderabad State from areas transferred to this State after the States Reorganisation who were in service on 5th November 1959, (i.e., the date from which these rules were made applicable to that area) have been similarly given option either to retain the rules by which they were governed or to come over to the Revised Pension Rules, 1950 and also further to opt for the Family Pension Scheme, 1964. Those who failed to exercise the option within the time stipulated for the purpose are deemed to have opted for the Revised Pension Rules, 1950 of this State.

(iv) Audit

192. Classes of accounts of Local Funds.

Item 5 in list II- State list in the Seventh Schedule to the Constitution of India classes as a State subject “Local Government”. There is a great variety of account coming under Government audit which, while it does not relate strictly to receipt and expenditure of Government moneys, still does not fall literally within the definition of Local Fund Audit and which would, therefore, in the absence of special arrangements to the contrary, remain subject to audit by the Comptroller and Auditor General of India. Many of these accounts are of such a local nature that their audit should clearly be treated as a State matter, and it has accordingly been declared that such audit is a matter of a local nature within the State concerned. Thus the accounts of Local fund, with the audit of which the State Government are concerned, fall into the following two classes:—
(1) Accounts the audit of which is a State subject in accordance with the provisions of item 5 in list II-State list in the Seventh Schedule to the Constitution of India.

(2) Accounts, the audit of which not being strictly covered by (1) above has been declared to be of State nature, and in respect of which the State Government have to decide the extent of audit necessary and whether it should conducted through Government agency.

*\[193. Charging of audit fees.\]

All local funds, the accounts of which are audited under Government orders by the Chief Auditors, Local Funds Accounts, shall be charged audit fees on the basis of daily rates for each officer and person included in the party as hereinafter mentioned, unless any of such local funds is specifically exempted from the payment of such fees:-

"Inauguration Grant" is made available to each Governor to meet his actual expenses for renewals, whether of a major or minor character, of furnishings of his official residences. The maximum amount available to each Governor during the entire period of his term of office for meeting expenditure of this nature, is limited to Rs. 1,13,000, which may, at the discretion of the Governor and subject to the existence of necessary budget provision, be spent in the first year of his office. Reappropriations to or from the inauguration grant are not admissible.

[An extract of paragraph 6 of the Government of India (Governor's Allowances and Privileges) Order, 1950, is printed in Appendix A to these rules.]

In addition to the Inauguration Grant, an annual maintenance grant subject to a limit of Rs. 25,000 per annum is available to the Governor under the provisions of paragraph 7 of the Government of India (Governor's Allowances and Privileges) Order, 1950, to meet the cost of maintenance and repairs of all furnishings in official residences of the Governor. The balance of the maintenance grant unexpended at the close of a financial year will not lapse but may, at the discretion of the Governor be carried forward to meet expenditure under this head in subsequent years.

[Vide extract of paragraph 7 of the Government of India (Governor's Allowances and Privileges) Order, 1950, printed in Appendix A to these rules.]

4. The inauguration and annual maintenance grants are administered by the Military Secretary to the Governor/Comptroller of the Governor’s Household on whom devolves the responsibility for the safe custody of all equipment and the repair and renewal thereof.

5. A complete inventory shall be maintained in the office of the Military Secretary to the Governor/Comptroller of the Governor’s Household of the furniture, carpets and other equipment in the official residences of the Governor showing the date of supply of each article and its actual cost.

6. Replacements of existing articles and the purchase of new ones may be effected at the discretion of the Governor from both the inauguration and the annual maintenance grants within the prescribed financial limits of those grants, and all articles purchased including curtains and covers for furniture, shall be entered in the stock lists.

7. Unservicable articles may be sold and written off the stock lists at the discretion of the Governor, but no valuable articles should be sold unless they are
certified to be worn out or have become useless or are either distasteful or completely out of fashion.

8. Articles which though serviceable are either distasteful or completely out of fashion may be disposed of under the order of the Governor.

9. The sale-proceeds of unserviceable and other articles should be credited to State Revenues.

10. The inspection of the stocks and the audit of the various grants shall be carried out in accordance with the instructions contained in Article 147-A of the Audit Code.

Appendix 15

(See Fin. R. 97)

Concessions Granted by Government to Persons Undergoing Anti-Rabic Treatment

I. Concessions to Government Servants.

1. A Government servant whether temporary or permanent under the administrative control of the Government of Bombay will receive treatment free at any authorised centre. The term Government servant does not include a Government servant on Foreign Service or in Municipal or Local Fund Service. Piece-workers in pensionable service requiring anti-rabic treatment, may be granted the same concessions as are available to other Government servants.

2. Any Government servant who is bitten or licked by a rabid dog or suspected rabid animal and who is to proceed to a centre for treatment may be granted-
(i) his actual travelling expenses to the nearest centre for treatment and back viz:-

(a) Single fare each way by railway of the class to which the patient is entitled under the Bombay Civil Services Rules.

(b) for journeys by road or river, the actual cost of transit not exceeding the amount admissible under the Bombay Civil Services Rules. Expenses for the return journey should, if required, be paid to the patient at the treatment centre after the treatment is finished, by the Treasury Officer at that station, on production of a discharge certificate from the medical officer in charge of the centre.

(ii) an advance of one month’s pay, if applied for.

N.B.-An advance clause (ii) above will be granted only to those Government Servants whose pay is not more than Rs. 500 per mensem. Similarly, an advance equal to the amount of the Railway and other fare admissible under clause (i) above may be granted to such Government servants.

(iii) three weeks’ casual leave or, when the appointment of a substitute is found to be necessary, three weeks’ leave on average pay which will not be debited to the leave account, any leave required in excess being treated as leave on average pay or leave on Medical Certificate.

3. Government servants drawing not more than Rs. 25 per mensem are entitled to maintenance allowance during treatment as well as during the journey to and from the centre for treatment at the rate of daily allowance admissible under B.C.S. Rule 420.

4. [Cancelled]

5. Any Government servant drawing not more than Rs. 500 a month a member of whose family is bitten or licked by a rabid or a suspected rabid animal and who has difficulty in finding means for sending him or her to a centre for treatment may be granted an advance not exceeding the actual travelling expenses admissible under 2(i) plus one month’s pay. If he does not draw more than Rs. 100 a month an advance of the travelling expenses of an attendant, if necessary, may be given to a similar [extent]. In the case of Government servants whose pay does not exceed Rs. 50(or in the case of those drawing over
Rs. 50 but not over Rs. 100 where special circumstances exist) the recovery of
the amount advanced as travelling expenses of the attendant may be waived
altogether or in part as the Head of the Department thinks fit. The Head of the
Department may also in special cases waive the recovery of the amount advanced
for travelling expenses of the members of families of Government servants
whose pay does not exceed Rs. 50 a month.

6. The above concessions may be extended to a Government servant without a
lien on a permanent post while officiating in a permanent or temporary post, the
pay which he may draw while so officiating being taken as the "substantive pay"
for the purpose of these rules. The grant of the concessions in such a case is not
subject to the usual condition that there must be no extra expense to Government,
so far as the three weeks' leave on average pay mentioned in rule 4 is concerned.

7. A Government servant of the Civil Veterinary Department or the Medical
Department will be treated as on duty for the purposes of pay, travelling
allowance, leave and pension for the periods covered by journeys to and from
Parel or any other centre and his residence there for treatment, provided that he
came into contact with a rabid or a suspected rabid animal or with a case of
hydrophobia while actually discharging his official duty.

8. All advances made to Government servants under these rules should ordinarily be [recovered] in three equal monthly installments as provided in
Subsidiary Rules 59 to 61 under Treasury Order 16.

Note.- The amount of the advance to be recovered monthly should be fixed in
whole rupees, the balance being recovered in the last instalment.

II. Concession to indigent persons not employed in the Public Service.

9. Any indigent person who has been bitten or licked by a rabid or a suspected
rabid animal, and who in the opinion of any officer authorised to grant this
concession is unable to proceed to a centre for treatment at his own expenses be
granted his actual travelling expenses to the centre, viz., (a) single third class fare
each way by railway, (b) for journeys by road or river the actual cost of transit, (c)
maintenance allowance at the following rates:

"Europeans and Anglo-Indians, Re. 1 during the journey and Re. 1 per
diem during treatment, except when the treatment is administered in Bombay
City where the maintenance allowance shall be Rs. 1.8-0 per diem. Indians, 6
annas during the journey and 6 annas per diem during the treatment except when
the treatment is administered in Bombay City where the maintenance allowance shall be 8 annas per diem.

The maintenance allowance will not be admissible when the patient is accommodated and fed free of charge in a Government hospital.

10. The actual travelling expenses and maintenance and treatment charges of indigent persons coming from the areas of Local Boards, Borough Municipalities and Cantonments for anti-rabic treatment to the nearest institutions opened by Government and notified to be suitable for such purposes, shall be paid by the bodies concerned at the rates and on the conditions prescribed in Rule 9 or at such other rates as may be prescribed from time to time.

11. The officers named in Annexure B are empowered to grant the above mentioned concessions except the maintenance allowance and return journey charges of indigent patients which will be paid at the local treasury at the centre for treatment. Such Government servants can authorise the immediate departure for a centre for treatment of any person belonging to any of the classes of persons specified whether Government servants or indigent persons unconnected with Government service.

12. Except as stated in Rule 10, the cost of third class Railway tickets issued to indigent patients and to their attendants, if any, when proceeding to or returning from anti-rabic treatment centres in this State will be debited to Government. The tickets will be issued by the Railways only to those producing requisitions in the form printed in Annexure A to this Appendix. The officers mentioned in Annexure B are authorised to issue the requisitions. The following instructions should be observed by them in issuing the requisitions:

(i) The requisition forms should be issued only to indigent persons, i.e., persons, who pay not more than Rs. 50 as land tax per annum of whose income from any other source than land is not more than Rs. 30 per mensum, or a member of the family, of such persons.

(ii) When the patient concerned is a woman, or a child under 16 years of age, or is a person who, by reason of age or other cause, is incapable of travelling alone, the requisition may include a free ticket for one attendant also.

13. The following procedure should be followed in all cases:
(i) The officer despatching the patient for anti-rabic treatment should in addition to issuing requisitions for free railway tickets or paying the actual travelling expenses in respect of journeys by road or by sea or by both, prepare a statement in the form in Annexure C and forward it to the Medical Officer incharge of the Centre for treatment. On receipt of the proposed form of intimation, the Medical Officer should verify the entries in the statement by questioning patient or his attendant. After Completion of the treatment the Medical Officer, should fill in entries 12 to 17 of the statement and forward it to the Accountant General, Bombay, a copy thereof being simultaneously sent to the Local Body concerned with a request that the amount recoverable may be credited as a distinct item into the nearest treasury, and the date of credit and the name of the treasury intimated to the Accountant General, Bombay.

(ii) Under this arrangement the Medical Officer in charge of the Centre for treatment, who is invariably a Government servant will be entrusted with the duty of sending the necessary intimations as he is in possession of the full knowledge of the charges incurred.

(iii) The recoveries of treatment charges, such as cost of Sera, Vaccine, etc., will be credited to the Medical or the Public Health Department as the case may be according to the Centre where the patient has been treated. The recovery of other charges will be credited to "47, Miscellaneous" in reduction of expenditure or "XLVI-Miscellaneous" according as recoveries are affected in the same financial year or in a subsequent year.

In regard to temporary and officiating service, the head of the office should also invariably give necessary particulars with reference to Articles 370 and 371 of the Civil Service Regulations of clauses (1) and (2) of B.C.S. Rules 240, as the case may be, with a view to enable the Audit Office to decide later on by reference merely to such particulars whether the temporary or officiating service will qualify for pension or not. For example, in the case of officiating service the nature of the vacancy in which the Government servant officiated and in the case of temporary service, whether the temporary post was subsequently made permanent, should be stated.

**Note 2.**—Before any pay bills are destroyed, the periods of temporary and officiating service, as recorded in the service books or service rolls (as the case may be) of the Government servant concerned, should be verified by the head of the office from the pay bill and the fact of such verification should be recorded under proper attestation in the service books or service rolls (as the case may be).
Note 3.- The periods of preservation of account records in Public Works Offices are prescribed separately in Appendix 5 to the Bombay Public Works Department Manual, 1929.

[Note 4.-The period referred to here denotes “Complete years” and not Complete account financial years.]

(c) Heads of Departments are competent to sanction the destruction of such other records in their own and subordinate offices as may be considered useless, but a list of such records only as properly appertain to the accounts audited by the Indian Audit Department for the destruction of which no specific provision exists in the rules, should be forwarded to the Principal Auditor, for his concurrence in their destruction before the destruction is ordered by the Head of Department.

4. Inserted, ibid.

Subsidiary rules and instructions regarding the destruction of Accounts Records in offices rendering accounts to audit offices.

(a) The following records should be preserved for not less than the periods specified against them in the subjoined list.

[Note 1.- The period referred to here denotes “Complete years” and not complete accounts/financial years.]

(b) The periods prescribed should be reckoned from the completion of the case or (for files of periodical or occasional reports or returns) from the time when (the old registers being full or completed) a new one is started after bringing forward the live entries.

(c) Where specific provision does not exist for any paper in the following list, the treatment and period of preservation should be determined with reference to analogous papers in the list. But doubtful cases should be referred to the Principal Auditor for elucidation.

(d) Whenever a subject is mentioned such as fixation of contract grant, it must always be understood that the phrase “Papers or correspondence relating to” is prefixed.

Appendix 18

Rules for the Accounting of fees received by Government officers for work done for private bodies

[The following rules are intended to be applied to cases in which the whole or a share of the fees as such is payable to the Government servant doing work for private bodies or persons. They are not applicable to cases where a Government servant undertaking private work is remunerated by “honoraria” sanctioned by a competent authority even though such remuneration may bear a definite proportion to the fees realised. In the latter case, the payments are debitable to “Allowances, Honoraria, etc.”]

(i) In cases where the officer is permitted to retain the whole of the fee, he should collect it himself and the Government accounts will not be concerned.

(ii) In cases where the recoveries from the private bodies are divisible between Government and the officer concerned-

(a) If the exact amount of the fees, etc., is not known beforehand, all the fees must, in the first instance, be paid into the Treasury (as far as possible by the party concerned) for credit to “Deposits” pending final settlement when the recoveries, and the payments should be disposed of as in (b) below.

(b) If the exact amount of the fees, etc., is known beforehand the share due to Government should be credited as revenue of the Department to which the officer belongs and the rest should be collected by the Government servant himself.

Note.- The amounts or ditable to “Deposits” will be credited to the head “Civil Deposits—Deposits of fees received by Government Officers for work done for private bodies.”

Exception.- The amounts realised by Courts of Law on account of fees and travelling allowance of officers of the Public Health Department, when a called upon to give evidence on behalf of private firms and individuals, should in the first instance be credited to “Deposits” of the Court concerned and after paying the officers concerned the amount due to them the balance should be credited to the heads “XXI-
Administration of Justice" in accordance with the principle of Article 181 (1) of the Audit Code, Volume I.

(iii) The Government servant himself if he holds a gazetted post or the head of office on behalf of a non-gazetted Government servant should prepare his bill for fees for work on behalf of private bodies, specifying therein the authority sanctioning the payment of fees, and send it to the Principal Auditor through the Treasury Officer concerned, for certifying the details of the amounts credited into the Treasury by the party.

Appendix 19

(See Fin. R. 148)

Rules for the Exhibition of Losses in the Government Accounts and in the Appropriation Accounts

Section I-Rules for the guidance of the Executive Officers

I. Budgeting.

Provision for losses should not ordinarily be made in the budget. If, however, the nature of the work of a department is such that some losses must be regarded as inevitable each year, provision may be made, with the special sanction of the Finance Department in each case.

II. Report of losses.

With the exceptions noted below, any defalcation or loss of public money, departmental revenue or receipts, stamps, opium, stores, or other property, discovered in a Government treasury or other office or department, which is under the audit of the Principal Auditor should be immediately reported to the Principal Auditor, even when such loss has been made good by the person responsible for it. It will usually be sufficient if the officer reporting the defalcation of loss to higher authority sends to the Principal Auditor either a copy of his report or such relevant extracts from it as are sufficient to explain the exact nature of the defalcation or loss and the circumstances which made it possible. When the matter has been fully investigated, a further and complete report should be submitted of the nature and extent of the loss, showing the errors or neglect of rules by which such loss was rendered possible, and the prospects of effecting a
recovery. The submission of such report does not debar the local authorities from taking any further action which may be deemed necessary.

Exception 2.- Petty cases, that is cases involving losses not exceeding +[Rs. 5,000] each, need not be reported to the Principal Auditor unless there are, in any case, important features which merit detailed investigation and consideration.

Note 1.- Loss or deficiencies concerning building, land, stores and equipment should be written off any value or commercial account that may be maintained.

Note 2.- In the case of departments where accounts have been separated from audit, a special procedure for report of losses to Accounts and Audit Offices may be prescribed by departmental authority after consultation with the Auditor-General.

III. Heads of Departments should submit annually to the Principal Auditors concerned statements showing the remissions of revenue and abandonments of claims to revenue sanctioned during the preceding year by the competent authorities in exercise of the discretionary powers vested in them otherwise than by law or rule having the force of law. "The annual returns should be furnished by departmental divisions such as revenue districts, forest divisions, etc., and should contain in addition to the totals of all remissions and abandonments of claims to revenue classified under several sub-heads broadly with reference to the grounds on which they were sanctioned, a brief explanation of the circumstances leading up to those remissions and abandonments (and no other) which under any of the sub-heads amount to or exceed Rs. 1,000."

Note 1.- A local Government may make rules defining remissions and abandonment of revenue for the purpose of this rule, and may, after consultation with its Public Accounts Committee, fix monetary limits below which individual remissions need not be included in the statements.

The Government of Bombay have, in consultation with their Public Accounts Committee, fixed Rs. 1000 as the minimum monetary limit below which individual remissions need not be included in the statements.
Note 2 - Where the administrative year does not coincide with the financial year, the figures of the former may, if this prove convenient to the departmental authorities be given in the statements.

The Government of Bombay have directed that statement showing remissions of land revenue should be furnished by the Heads of Departments concerned by the revenue year, and not by the financial year. In all other cases, the information should be supplied to the Principal Auditor by the financial year. The annual statements should be furnished to the Principal Auditor so as to reach him not later than the 15th August of the succeeding year.

III-A. The Commissioners of Divisions should submit annually to the Principal Auditor statements by districts showing all grants of lands made by competent authorities during the preceding year in each division either free of occupancy price or at a concession price.

Each grant involving a concession of over Rs. 1,000 to one individual or institution should be summarised separately in the statements, and for the rest, the total amount involved in the concessions should be specified.

Note.- The statements should pertain to the financial year and should reach the Principal Auditor not later than the 15th August.

III-B. The Collectors and the Divisional Forest Officers should forward annually to the Chief Conservator of Forests returns in Fin. R. Form No. 43 showing all grants either free or at concession rates, of timber, trees and other forest produce made by Revenue Officers from revenue lands or from forests in charge of the Revenue Department and by Divisional Forest Officers from forests in charge of the Forest Department whether made by them or under the orders of Commissioner, Collectors, Conservators, etc. The Chief Conservator should consolidate them by Circles and forward them to the Principal Auditor.

Each grant involving a concession of over Rs. 1,000 to one individual or institution should be summarised separately in the return, and for the rest, the total amount involved in the concessions should be specified.

Note.- The returns should pertain to the financial year and should reach the Principal Auditor not later than the 15th August.

+ Substituted by Notification dated 17-12-1977.
Section II-Rules for the guidance of the Accounting and Audit Officers

A. Initial Accounts

I. Receipts.

(a) If a claim be relinquished, it is not to be recorded on the expenditure side as a specific loss.

(b) If, however, money due to Government has actually reached a Government servant and is then embezzled, stolen or lost, even though it may not have reached the treasury and thus have passed into the Government account, it should be brought into the Government account as a receipt and then shown on the expenditure side by record under a separate head as a loss.

Note 1.- Where losses of public money are wholly or partially met by non-issue of pay or pension and the accounting department authoritatively applies the unissued amount to meet the public claim, the resultant balance of the claim should alone be treated as a loss the emoluments due being charged to the pertinent head of account as if they had been drawn and used by the Government servant concerned in paying the public claim.

Note 2.- The term “Government servant” used in this rule includes persons who, though not technically borne on a regular Government establishment, are duly authorised to receive money on behalf of Government.

II. Buildings, lands, stores and equipment.

Losses or deficiencies need not be recorded under a separate head in the accounts, though they should be written off any value or commercial account that may be maintained. If any transactions under these categories are recorded under a suspense head in the Government accounts, losses or deficiencies relating thereto must be written off the suspense heads also.

III. Cash in hand, whether in treasuries or as imprest with Government servants.

All losses or deficiencies should be recorded under separate heads in the accounts.
Note 1.- The acceptance of counterfeit coins or notes is regarded as a loss of cash.

Note 2.- Any recovery made in the course of the year in which the losses are brought to account is to be shown by deduction from the head under which the loss is recorded. Any recovery made after the accounts of the year are closed shall be shown as an item of receipt.

IV. Irregular or unusual payments should be recorded in the accounts with general reference to the ordinary rules of classification according to the nature of the expenditure; for example, an overpayment of pay will be debited to the head "pay". Similarly, an excess payment for bricks manufactured will be debited to the work for which the bricks are used. It is only when special heads exist in the accounts for recording such charges as "compensations for damages", "irrecoverable temporary loans written off" and the like, that unusual or extraordinary payments will be separately recorded.

V. Where losses are an inevitable feature of the working of a particular department, the major head of account under which the expenditure of that department is recorded should contain separate descriptive heads under which such losses may be recorded.

B. Appropriation Accounts

I. Where losses or deficiencies are not recorded in the initial accounts, they should, if important, be mentioned in the notes under the Appropriation Accounts; provided that individual cases of losses under the main revenue head shall not be mentioned in those notes unless in the list of extra statutory remissions and abandonments of claims to revenue which is submitted to the audit officer suggests the desirability of offering general remarks on the subject.

Only those remissions of revenue should be shown in the Appropriation Accounts which relate to revenue due under a statute under rules framed under and having the force of a statute but which are sanctioned by an executive authority in the exercise of the discretionary powers vested in it other than under a specific provision in a statute or statutory rule. Remissions granted under a long-standing practice though not under a statute, namely, remissions of land revenue, excise remissions, and writes-off of revenue sanctioned by the Chief Justice of Bombay in exercise of the discretionary powers vested in him, should,
however, be regarded as an exception to the general rule and need not be reported in the Appropriation Accounts. The information regarding remissions of land revenue should continue to be furnished to the Accountant-General by the 15th August every year for its incorporation in the Finance Accounts of this State, in view of the magnitude of the amounts involved.

The following items should be reported in the Appropriation Accounts of this State:-

1. Cost of jail-made articles supplied to Government contractors found irrecoverable and written off.

2. Revenue from water-rates written off as irrecoverable or remitted on other grounds under the power vested in certain authorities by serial No. 39 of the Manual of Financial Powers (Financial Publication No. VII).

3. Revenue in respect of green manure crops written off as irrecoverable under the power vested in certain authorities by serial No. 39 of the Manual of Financial Powers.

4. Ferry dues remitted as a result of losses sustained by ferry contractors.

5. Maintenance charges of lunatics at Mental Hospitals written off as irrecoverable or remitted on other grounds by the Surgeon-General under the power vested in him by Serial No. 37 of the Manual of Financial Powers.

6. Interest on advances to forest contractors and costs of suits for the recovery of such advances written off as irrecoverable.

7. Assessment for cultivation of forest land written off as irrecoverable.

8. Remissions of fines levied under the Indian Forest Act, 1927.

9. Sale-proceeds of timber and other forest produce written off as irrecoverable.

10. Receipts under the Tobacco Duty (Town of Bombay) Amendment Act, 1932, and under the Bombay (District) Tobacco Act, 1933, written off as irrecoverable due to death, absconding, etc., of licensees.

(12) Court-fees in pauper suits written off as irrecoverable under Rule 161 of the Law Officers' Rules.

Note.- In the case of losses of stores, the test of importance should be the net value after crediting any sums recovered, and not the gross value of the stores lost. Small losses by fire, or in transit, or in other circumstances beyond the control of any responsible person need not be mentioned in account; but a heavy loss will probably lead to an increased charge and consequently a note explaining the charge may become necessary.

II. The principal types of irregularity, which should form the subject of audit comment, are mentioned in the instructions issued by the Auditor-General for the preparation of the Appropriation Accounts and the Reports thereon.

Section III-Audit Procedure

The submission of the returns mentioned in Rule III of section I of these rules, does not in itself connote any extension of the powers of the Audit Department for the audit of receipts. The Principal Auditor will not audit the exercise of the power of sanctioning writes-off by various authorities as indicated in the returns without a specific order under Rule 12 of the Auditor-General's Rules.

Appendix 20
(See Fin. R. 53)

General Rules for the enforcement of responsibility for losses sustained by Government through fraud or negligence of Government servants.

Section I-General Principles.

1. Means should be devised to ensure that every Government servant realises fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part, and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government servant to the extent to which it may be shown that he contributed to the loss by his own action or culpable negligence. The cardinal principle governing the assessment of responsibility in such cases is that every
public officer should exert the same vigilance in respect of public expenditure and public funds generally as a person of ordinary prudence would exercise in respect of the expenditure and the custody of his own money. While, therefore, Government are prepared to condone an officer’s honest errors of judgment involving financial loss, provided the officer can show that he has done his best up to the limits of his ability and experience, they are determined to penalise officers who are dishonest, careless or negligent in the duties entrusted to them. The extent to which the action or negligence of the officer was culpable must be ascertained by enquiry in each instance.

2. It is of the greatest importance to avoid delay in the investigation of any loss due to fraud, negligence, financial irregularity, etc. If the irregularity is detected by audit in the first instance, it will be the duty of the audit officer to report immediately to the administrative authority concerned. If the irregularity is detected by the administrative authority in the first instance, and if it is one which should be reported to the audit officer in terms of \([\text{paras. 16 and 17 of the General Financial Rules, 1963}]\), he must make that report immediately. Every important case should be brought to the notice of superior authority as soon as possible - the administrative authority should report to his superior and the audit authority to his superior. Should the administrative authority require the assistance of the audit officer in pursuing the investigation, he may call on that officer for all vouchers and other documents that may be relevant to the investigation; and if the investigation is complex and he needs the assistance of an expert audit officer to unravel it, he should apply forthwith for that assistance to Government who will then negotiate with the audit officer for the services of an investigating staff. Thereafter the administrative authority and the audit authority will be personally responsible, within their respective spheres, for the expeditious conduct of the enquiry.

Where account offices exist intermediary between audit and the administrative authority, the account offices will discharge the functions prescribed above for audit, but a report will still be necessary to the audit officer in terms of \([\text{paras. 16 and 17 of the General Financial Rules, 1963}]\).

3. In any case in which it appears that recourse to judicial proceedings is likely to be involved, competent legal advice should be taken as soon as the possibility emerges. In the case of losses involving a reasonable suspicion of fraud or other criminal offence a prosecution should be attempted unless the legal
advisers consider that the evidence available is not such as will secure a conviction. The reasons for not attempting a prosecution should be placed on record in all such cases.

4. In case where loss is due to delinquencies of subordinate officials and where it appears that this has been facilitated by laxity of supervision on the part of a superior officer, the latter should also be called strictly to account and his personal liability in the matter carefully assessed.

5. The question of enforcing pecuniary liability should always be considered as well as the question of other forms of disciplinary action. In deciding the degree of the officer's pecuniary liability it will be necessary to look not only to the circumstances of the case but also to the financial circumstances of the officer, since it should be recognised that the penalty should not be such as to impair the government servant's future efficiency.

In particular, if the loss has occurred through fraud, every endeavour should be made to recover the whole amount lost from the guilty persons, and if culpable laxity of supervision has facilitated the fraud, the supervising officer at fault may properly be penalised either directly by requiring him to make good in money a sufficient proportion of the loss, or indirectly by reduction or stoppage of his increments of pay.

3[It should always be considered whether the depreciated value of the Government property or equipment lost, damaged or destroyed by the carelessness of individuals entrusted with their care (e.g. bicycles, calculators, policemen's rifle, a touring officer's tent, a factory motor lorry, and engineers' instruments, etc.), should be recovered from the delinquent official. The depreciated value of the stores may be calculated by applying the 20 per cent of depreciation in the case of vehicles, including cycles, and 15 per cent in the case of calculating machines, on the reduced balance every year. The amount to be recovered may be limited to the Government servant's capacity to pay.]

6. One reason why it is important to avoid delay (vide paragraph 2 precedings) is that in the course of a prolonged investigation Government servants who are concerned may qualify for pension, a contingency which is in the circumstances undesirable for the following reason. A pension, sanctioned under Civil Service Regulation cannot be reduced or withheld for misconduct committed prior to retirement and, although an order to reduce or withhold a pension admissible under the Bombay Civil Services Rules would not be irregular. Government
would naturally feel considerable reluctance in passing such an order in the case
of a pension already sanctioned. It follows from this that, as a primary precaution,
steps should be taken to ensure that an officer concerned in any loss or
irregularity which is the subject of an enquiry, is not inadvertently allowed to
retire on pension while the enquiry is in process, and accordingly, when a
pensionable Government servant is concerned in any irregularity or loss, the
authority investigating the case should immediately inform the Accounts or Audit
Officer responsible for reporting on his title to pension and the authority
competent to sanction pension, and it will be the duty of the latter to make a note
of the information and to see that pension is not sanctioned before either a
conclusion is arrived at as regards the Government servant’s culpability, or it has
been decided by the sanctioning authority that the result of the investigation need
not be awaited.

7. The fact that officers who were guilty of frauds or irregularities have been
retrenched or have retired and have thus escaped punishment, should not be made
a justification for absolving those who are also guilty but who still remain in
service.

**Section II—Procedure regarding investigation and prosecution**

(1) All losses of the kind referred to in 1[paras 16 and 17 of the General
Financial Rules, 1963] must be reported forthwith by the officer concerned, not
only to the Audit Officer, but also to his own immediate official superior.
Reports must be submitted as soon as reasonable grounds exist for believing that
a loss has occurred; they must not be delayed while detailed enquiries are made.

1[Note 1.- The reports contemplated above need not be submitted in cases
involving losses not exceeding Rs. 300 each.

Note 2.- Reports of losses in excess of Rs. 300 should be submitted
through proper channel to the Head of the Department. These
reports will be necessary even in cases where the amount
involved is less than the limit up to which the officer concerned
is competent to write off the loss under powers delegated to him
under Manual of Financial Powers (F.P.VII). The Head of
Department may deal with these reports finally if cases in
which the losses involved does not exceed the amount to which
he is competent to write off the loss subject to the conditions (1)
to (iv) to Serial No. 43 of section 1 of the Manual of Financial Powers, 1964.

Note 3.- Reports of a Head of Department for all losses exceeding Rs. 300 each and the reports received by him which he cannot dispose of finally under Note 2 above should be submitted to Government with necessary remarks.

Note 4.- The above procedure will not apply to cases of losses which disclose defects in rules or procedure the amendment of which would require the orders of Government and those which disclose serious negligence on the part of any Government servant which may call for disciplinary action by a higher authority or cases which involve any important features which need investigation.

Note 5.- The submission of the reports contemplated above will be necessary in cases of shortages and damages discovered during physical verification of stores made under "Rule 179 of Maharashtra Contingent Expenditure Rules, 1965 (F.P.IX)"

(2) Reports submitted under (1) above must be forwarded forthwith to Government through the usual channel with such comments as may be considered necessary.

(Note. - The Divisional Commissioners are empowered to decide finally cases of misappropriation of Government money involving amounts upto Rs. 2,000 in offices under their control. The report referred to in para (1) above should be submitted to Government in such cases only where the misappropriation has been facilitated due to loopholes in rules or slackness of supervision on the part of higher official.)

(3) As soon as a reasonable suspicion exists that a criminal offence has been committed the senior officer of the department concerned present in the station will report to the District Magistrate and ask for a regular police investigation under the Code of Criminal Procedure, 1898.

(4) If he District Magistrate agrees that an investigation may be made, the senior officer of the department concerned present in the station will: (a) request the District Magistrate to arrange for the investigation to proceed from day-to-day, (b) see that all witnesses and documents are made available to the investigating officer, and (c) associate with the investigating officer an officer of
the department who is not personally concerned with the irregularity leading up to the loss, but is fully cognizant of the rules and procedure of the office in which the loss has occurred.

(5) When the investigation is completed an officer of the department (accompanied by the officer who attended the investigation) must be made available for conference with the authority who will decide whether a prosecution should be instituted. If it is decided not to prosecute, the case must be reported through the usual channel to Government for orders.

(Note.- The Collectors are empowered to sanction non-prosecution of Government servants involved in misappropriation of Government money not exceeding Rs. 200 (Rupees two hundred only) subject to the condition that, in such cases, the District Government Pleader opines that the prosecution would not be successful.)

(6) If it is decided to prosecute, the departmental representative will ascertain from the prosecuting officer whether, having regard to the engagements of the prosecuting staff, and the state of work in the Court which would ordinarily hear the case, it is necessary to move the District Magistrate to make special arrangements for a speedy trial, and will request the prosecuting officer to make any application that he may think necessary.

(7) When the case is put into Court by the Police, the senior officer of the department concerned present in the station will see that all witnesses serving in the department, and all documentary evidence in the control of the department, are punctually produced, and will also appoint an officer of the department (preferably the officer who attended the investigation) to attend the proceedings in court and assist the prosecuting staff.

(8) If any prosecution results in the discharge or acquittal of any person, or in the imposition of sentences which appear to be inadequate, the senior officer of the department concerned will at once consult the District Magistrate as to the advisability of instituting further proceedings in revision or appeal, as the case may be, and if the District Magistrate is of opinion that further proceedings are necessary, will request him to proceed as he would in any other case.

Appeals against acquittals can be made only under the orders of a State Government.

(9) The senior officer of the department concerned present in the station will see that, in addition to the reports required under (1), (2) and (5) above, prompt reports are submitted to Government through the usual channel regarding-

(a) the commencement of a police investigation;
(b) the decision to prosecute in any particular case;
(c) the result of any prosecution;
(d) the decision to proceed further in revision or appeal in any case;
(e) the result of any proceedings in revision or appeal.

(10) Notwithstanding anything contained in (2) and (9) above the senior officer of the Department concerned present in the station may, if he thinks fit, refer any matter through the usual channel for the orders of Government before taking action.

Section III-Departmental Enquiry.

1. It is desirable to explain as clearly as possible what is necessary to be done in the way of departmental enquiry where a prosecution is, or is likely to be, instituted. It has been found that, where fraud or embezzlement of Government funds has occurred, there is a tendency for the head of the office or department to regard the institution of criminal proceedings as absolving him from the unpleasant and often labourious task of conducting immediately a through departmental enquiry. This natural reluctance may be enhanced by an apprehension that an enquiry may prejudice the result of the trial in a Court of law. As a result, there has sometimes been great delay in taking departmental proceedings and the results have been inconclusive. Departmental enquiries should not necessarily be delayed pending decision of criminal cases, as at a later stage the evidence might disappear and the departmental enquiry could not be brought to any conclusion at all.

2. Experience shows that departmental proceedings cannot as a rule proceed concurrently with a criminal prosecution. Much of the evidence in a case of fraud or embezzlement is documentary. As soon as the criminal proceedings begin the documents go to the Court as exhibits, and there they must remain till the case is over and (if an appeal is filed) till the appeal is over. But is essential that everything should be done to carry the departmental proceedings as far as possible before prosecution begins. The stage to which departmental proceedings, prior to prosecution, should be taken must depend on circumstances, and cannot be precisely defined. The normal procedure is laid down in Rule 55 of the Civil Services (Classification, Control and Appeal) Rules, and the stage which departmental proceedings can reach may according to circumstances be any one of the stages described or implied in the Rule 1, i.e., the preliminary recording of
evidence, the receipt of the delinquent's written statement after the framing of a charge, the personal hearing, or the enquiry. If it is intended to prosecute, a finding and sentence should not be recorded in the departmental proceedings till after the disposal of the criminal case; but it must be emphasised that the proceedings should be completed up to the point that can properly be reached.

3. A common type of case is that where a number of persons are involved one or more criminally, and others in such circumstances as show negligence, or warrant the suspicion of criminal abatement without sufficient proof to justify prosecution, or have similar features which necessitate a criminal prosecution of one or more and a departmental enquiry against others. In such cases the authority has sometimes neglected to institute a formal departmental enquiry, or to carry it to the requisite stage, before criminal proceedings are taken, with the result that many months later, when the criminal case is over, effective departmental action has been found impracticable.

4. The general rule should be that in all cases of fraud, embezzlement, or similar offences departmental proceedings should be instituted at the earliest possible moment against all the delinquents and conducted with strict adherence to the Rules up to the point at which prosecution of any of the delinquents begins. At that stage it must be specifically considered whether further conduct of the departmental proceedings against any of the remaining delinquents is practicable; if it is, it should continue as far as possible (which will not, as a rule, include finding and sentence).

If the accused is convicted, the departmental proceedings against him should be resumed and formally completed. If the accused is not convicted, the departmental proceedings against him should be dropped unless the authority competence to take disciplinary action is of the opinion that the facts of the case disclose adequate grounds for taking departmental action against him. In either case, the proceedings against the remaining delinquents should be resumed and completed as soon as possible after the termination of the proceedings in Court.

5. The proceedings contemplated in these instructions are those which are regulated by the Civil Services (Classification, Control and Appeal) Rules. Where action is taken under the Public Servants (Inquiries) Act XXXVII of 1850, this ordinarily takes the place of a criminal prosecution as regards the person or persons accused; but the procedure as regards other persons involved against
whom the Act is not employed should be in accordance with the instructions given above.

Rules For The Guidance Of Officers In Connection With The Inspection Of Treasuries And Sub-Treasuries

Section 1- District Treasury

List of points for District Treasury inspection by Collectors

* Indicates questions which need not be answered in the case of treasuries dealing with Branch Banks.

* Indicates questions to be answered only in the case of treasuries dealing with Branch Banks.

(1) Inspection of the District Treasury by an officer of the Accounts Department will be made annually or at other times as may appear suitable considering the volume of work at the treasury, in accordance with the provisions of Articles 292 and 293 of the C.A.C. II and Article 868 of the Audit Code.

(2) Collectors will, however, be personally responsible for the general administration of the treasuries within their districts. The system of inspection of treasuries by officers of the audit department is not intended to relieve Collectors of their responsibility in the matter of management and inspection. Each Collector should once a year personally inspect the District Treasury at such time between the closing of accounts on the 31st July and the opening of the season of October as he may find convenient.

(3) Collector’s inspection of the treasury should mainly concern itself with the following matters:-
(i) Custody of cash and Currency notes including those in the currency chest, stamp and opium;

(ii) The condition of boxes and locks;

(iii) The custody of the keys by the Treasury officers and the Treasurers;

(iv) The guarding of the treasury by the Police sentries;

(v) The security furnished by the Treasurer or shroffs, etc;

(vi) The amount of cash kept in the sole custody of the treasurer;

(vii) The custody of R.T. Rs., cheque books, etc.; and

(viii) Whether the more important registers are in good order and kept up-to-date and the Circulars of the Accountant-General, and the standing orders relating to Treasury administration, if any, are filed up-to-date.

(4) All instructions which the Collector may find it necessary to give, should be communicated to the Treasury Officer in an English Official Memorandum immediately on the conclusion of the inspection and at the same time, any explanation he may require should be called for in an English Memorandum written on half margin. This should be promptly replied to by the Treasury Officer and the whole finally disposed of within three months of the date of inspection. Points requiring authoritative rulings or orders of the Commissioner or Government should be simultaneously reported to the Divisional Commissioners.

(5) The Collector should in the course of his inspection specially see that the strong room has been certified as secure and fit for use by an officer of the Public Works Department not below the rank of Executive Engineers and that the certificates and orders if any issued for the security of the room by the Superintendent of Police are hung up on the spot. He should also see that all padlocks and keys are duly entered in the register prescribed for the purpose and correctly placed in accordance with the rules.

(6) The list of questions for the treasury inspection given in Annexure I will serve as a useful guide in the work of inspection. The Collector is
required to issue his own orders in respect of every omission or irregularity noticed.

Section II-Subordinate Treasuries

Inspection of Sub-Treasuries by Collectors and Sub-Divisional Officers

Collectors and Prant Officers should examine every year the sub-treasuries of those Talukas of which they conduct jamabandi. When a Sub-Treasury has been once inspected either by the Collector or by the Prant Officer it need not be inspected again during the same year by the other officer. But if in the event of the inspection having been done by the Collector, the Prant Officer should count the Treasury balance and stamps once during the year. A sub Treasury should, however, be inspected against in the same year if its work is found to be unsatisfactory during the first inspection.

The examination should as far as possible be made unexpectedly and not at stated periods. The attention of the Examining Officers should be specially directed towards verifying the stock of stamps in addition to checking the cash in hand, and ascertaining whether the prescribed accounts are kept. The questions given in Annexure II should be answered by the Examining Officer independently of various points which may attract his attention from the administration point of view. A report should be submitted by a Sub-Divisional Officer in case of his inspection of the Sub-Treasury to the Collector immediately after the examination is over. It is not necessary that Sub-Divisional Officers should answer all the questions at each inspection; they may deal with different parts in instalments, but all the questions should be examined and reported on once a year. It is better that a thorough inspection of one department of the work of the Taluka Office should be made at a time than that a cursory inspection should be made of the whole office. There is no objection to a Sub-Divisional Office using clerk from his own office to assist him in the examination of the Taluka Office.

All instructions which the Collector or Sub-Divisional Officer may find it necessary to give should be communicated to the Sub-Treasury Officer. When any point discovered in the examination requires a report or investigation or explanation more than can be obtained during the inspection separate memos or error slips are more appropriate. The issue of such separate memos; should be noted in the detailed memo of inspection.
Yearly reports concerning all important points noted in the inspection of the Subordinate Treasuries in the district requiring the authoritative ruling or decision of either Commissioner or Government should be drawn up for the calendar year and submitted to the Commissioner so as to reach him on the 20th January following. These reports should contain the following particulars arranged in tabular forms:

1. Name of treasury, 2. Date of last proceeding examination by the Collector or Sub-Divisional Officer, 3. Date of examination in the year under report, and 4. Point requiring authoritative ruling or decision with observations.

Sub-Treasury inspection reports and the action taken on any defects brought to notice therein are reviewed by the Inspecting Officers of the Accountant-General’s Office during inspections of District Treasuries. All these reports should, therefore, be filed carefully and made available to the Treasury Inspecting Officer.

Section III - Currency Chests

Procedure for the Inspection of Currency Chest Accounts

Officers inspecting treasuries should pay special attention during treasury inspections to the observance of the rules regarding the maintenance of the chest register and the submission of chest slips. It should particularly be seen that the currency chest register is kept inside the chest and not elsewhere [vide Article 23 (b) of the Resource Manual], that the book is properly written up, initialled, etc., that the records show that currency chest slips are serially numbered [vide Article 23 (e) ibid] and that the number of the currency chest slips is noted in the currency chest register. It should be specially mentioned in the inspection report whether the rules on these points are observed by the treasury.

The Inspecting Officer should report independently to the Currency Officer in whose jurisdiction the treasury is situated the balance in the currency chest as shown in the chest register on the date of inspection. The Inspecting Officer is not required to check the totals and the balances in the currency chest register to see that the balance he reports to the Currency Officer has been correctly and legitimately arrived at. He has merely to report the balance as recorded in the chest register. The report should be made direct without the intervention of the treasury staff. In addition to reporting to the Currency Officer the balance in the
currency chest as shown in the chest register on the date of inspection, the
Inspecting Officer should intimate the number and date of the last chest slip
recorded in the currency chest register. The balance should also be reported in the
Inspection Report. In passing orders on the report, the District Officer should
indicate the receipt of confirmation of the balance figure from the Currency
Officer.

The audit of Treasury deposits and personal deposits rests with H.D.C. Appendix 22
(See Fin. R. 149).

Rules for the guidance of sanctioning authorities in the matter of according sanctions for grant-in-aid or contributions to educational and other institutions, local bodies, co-operative societies, etc., and educational scholarships.

Section 1

1. Unless in any case Government directs otherwise, every order sanctioning a grant should specify clearly the object for which it is given and the conditions, if any, attached to the grant. In the case of non-recurring grants for specified objects, the order should also specify the time limit within which the grant or each instalment of it is to be spent.

2. Only so much of the grant should be paid during any financial year as is likely to be expended during that year. In the case of grants for specific works or services such as building, water-supply schemes and the like, the sanctioning authority should use its discretion in authorizing payments according to the needs of the work. [The authority nominated as the Drawing and Disbursing Officer by the head of the Department for the purposes of grants sanctioned by Government, the Head of the Department or by the subordinate officer empowered to sanction such grants], should see that money is not drawn in advance of requirements. There should be no occasion for a rush for payment of these grants in the month of March. [In case where grants are in the nature of reimbursement of expenditure already incurred, the grants should be sanctioned to meet the expenditure already incurred not earlier than a year prior to the date of issue of sanction.]
3. (1) Before a grant is paid to any public body or institution, the sanctioning authority shall insist on obtaining an audited statement of accounts of the body or institution, containing (i) the receipt and payment accounts of the body or institution as a whole for the financial year, (ii) the income and expenditure accounts of the body or institution as a whole for the financial year, (iii) the profit and loss accounts in the case of trading and commercial organisations and the income and expenditure accounts in the case of other organisation, and (iv) the balance-sheet as at the end of the financial year of the body or institution as a whole; in order to see that the grant-in-aid is justified by the financial position of the body or institution and to ensure that the previous grants, if any, was spent for the purpose for which it was intended.

(2) These audited statements shall be furnished in such manner and subject to satisfaction of such conditions as the sanctioning authority may direct in this behalf. The authority may also require the statement to be furnished, irrespective of the amounts involved, at any time before or after utilisation of grant-in-aid or whenever called for.

(3) The grantee bodies or institutions shall, as far as may be possible, adopt the same financial year as that of the State Government. If it is not practicable for any grantee body or institution receiving aid also from other sources to adopt the financial year corresponding to that of Government, it shall apply to the authority sanctioning the grant-in-aid for permission to adopt a different financial year. The authority shall make every effort to persuade such body or institution to switch over to the financial year corresponding to that of Government before granting permission to the grantee body or institution to adopt a different financial year.

Note 1.- The order sanctioning grant for any specific purpose to anybody or institution {other than a corporation established under any law containing a provision for audit of accounts of such corporation by an agency other than the Comptroller and Auditor General and in respect of which the Comptroller and Auditor General, has not been authorised by the Governor under sub- section (2) of section 15 of the Comptroller and Auditor
General's (Duties, Powers and Conditions of Service) Act, 1971 (56 of 1971) to have access to its books and accounts] which is covered by sub-section (1) of section 15 of that Act, shall contain a clause to the effect that the Comptroller and Auditor General shall have right of access, after giving reasonable previous notice, to the books and accounts of such body or institution for the able previous notice to the books and accounts of such body or institution for the purpose of scrutiny of the procedures by which the sanctioning authority satisfies itself as to the fulfillment of the conditions subject to which such grant was given.

Note 2.- The authority sanctioning the grant shall, while communicating the sanction to the Comptroller and Auditor General, state whether the audited statement of accounts has been received from the body or an institution to whom the grant is sanctioned.

Note 3.- Where financial assistance is proposed to be given to a society or organisation, which resorts to profit making, the feasibility of giving the financial assistance by way of loan instead of grant-in-aid shall be specifically considered by the sanctioning authority. The authority competent to sanction grant-in-aid to non-official body or institution shall ensure that such body or institution fully deserve to receive the grant-in-aid and affairs of such body or institution are completely and beyond doubt free from any corrupt or otherwise undesirable practice whatsoever, and shall examine whether the body or institution has the experience and capacity to undertake the task allotted to it.]

[4. In cases in which conditions are attached to the utilisation of a grant in the form of specification of particular objects of expenditure or the time within which the money must be spent, or otherwise, the sanctioning authority shall be held primarily responsible for certifying to the Accountant General, Maharashtra, Bombay or Nagpur, as the case may be, where necessary, the fulfillment of conditions attaching to the grant, unless there is any special rule or order to the contrary. The certificate shall be furnished in the Proforma-1, at such intervals as may be agreed upon between the Accountant General Bombay or Nagpur, as the case may be, and the Head of Department concerned. Before issuing the certificate the sanctioning authority shall take steps to satisfy itself that the conditions attached to the grant are fulfilled. For this purpose it may devise a
machinery to keep an effective and constant check to see that the amount of grant is utilised and applied fruitfully for the purpose for which the grant was intended. The Administrative Department shall accordingly, devise its own inspectoral and supervisory machinery to satisfy itself regarding the proper utilisation of grants made to bodies or institutions. Where the accounts of expenditure from the grant are inspected or audited locally by internal auditing or other departmental auditors, the inspection or audit report, as the case may be, shall either include a certificate that the conditions attached to the grant have been or are being fulfilled or shall give details of the breaches of the conditions.

5. Unless it is otherwise ordered by Government, every grant made for a specific object is subject to the implied conditions:

(i) that the grant will be spent upon the object within a reasonable time, if no time limit has been fixed by the sanctioning authority; and

(ii) that any portion of the amount which is not ultimately required for expenditure upon that object should be duly surrendered to Government, before the expiry of the financial year in which it is sanctioned, unless there is any specific provision to the contrary.

2[Note.-The term “reasonable time” should ordinarily be interpreted to mean one year from the date of issue of the communication sanctioning the grant, unless otherwise specifically stated.]
Society registered under the Societies Registration Act, 1860, or otherwise.

(b) Government aided bodies, i.e., institutions or organisations which receive financial assistance from the State Government on a regular basis (either wholly or on a fixed percentage basis) and/or;

(i) Whose annual budget is approved by the Government; or

(ii) Government is adequately represented and associated with the Boards of Management or Committees of Management of the Institutions.

While obtaining the prescribed bond, where it is necessary, the requirement of furnishing two sureties in addition, need not be insisted on if the grantee institution or organisation is a society registered under the Societies Registration Act, 1860 or the grantee insisted is an activity of an organisation or society registered under the Societies Registration Act, 1860 or is a Co-operative Society, or is an institution of standing in whose case such sureties are not considered necessary by the administrative department concerned.

A certificate to the effect that the grantee has executed the requisite bond or has been exempted from doing so after working out alternative arrangement in consultation with the Law and Judiciary Department and the Finance Department should be furnished alongwith the grant-in-aid bill, [Signed by drawing and disbursing Officer nominated for this purpose by the Head of the Department, with the approval of the State Government, for payment of grant-in-aid sanctioned by Government, the Head of the Department or by subordinate officer empowered to sanction grants.]

87. The following principles should be kept in view while sanctioning building grants to institution, organisations, etc:

(i) It should be ensured that the building grant is sanctioned for the minimum area required for the purpose of the grantee institution; and

(ii) The order sanctioning the grant should embody such other conditions as may be considered necessary for ensuring to Government the right
to claim a share of the rent where the buildings are used for purposes other than those for which the grants were intended.

In order to ensure that the above conditions can, in the event of their breach, be reinforced through a Court of Law, such conditions should be incorporated in the agreement bond to be executed by the grantee institution, as per para 6 above.]

8. 4[-------------------]

9. 4[-------------------]

10. The Administrative Authority sanctioning the grant-in-aid should forward to the Audit Officer a certificate regarding the utilisation of the grants-in-aid. While issuing these certificates the Administrative Authority should satisfy itself that the conditions attached to the grants are duly fulfilled.]

Section II

Procedure regarding payment of Grants-in-aid

The amounts of the grant-in-aid are drawn by presenting bills in the [[BTR Form 39]] either by the grantees or by Departmental officers. When such bills are presented both by the grantees as well as by Departmental officers there is a possibility of double payment taking place. With a view to avoiding such double payments and irregularities in payment of grants-in-aid, it is decided that the following instructions should be strictly observed by sanctioning authorities in connections with sanction and payment of grants-in-aid to public bodies or institutions including statutory bodies:

(a) Once grant-in-aid has been sanctioned, it is the responsibility of the grantee to prepare and submit the bill in [[BTR from 39]] to the countersigning authority for signature and the Treasury Officer for payment. In no case, therefore, should the office of the sanctioning authority do this work on behalf of the grantee. There is, however, no objection to the grantee being guided in the preparation of the bill, such guidance taking the form of supply of blank [[BTR Form 39]] and indication of the particulars to be filled in.
(b) Before a bill is accepted, it should be particularly seen that the conditions, if any, attached to the grant have been accepted by the grantee without any reservation.

(c) In order to avoid overlapping grants, by different authorities or sources for the same purpose, the grantee should attach a certificate as shown in the annexure to each grant-in-aid bill.

(d) A register of grant containing following columns should be maintained:

(i) Serial No.

(ii) Number and date of orders sanctioning the grant.

(iii) Purpose of the grant.

(iv) Conditions, if any, attached to the grant.

(v) Amount sanctioned.

(vi) Date of receipt of the bill from the grantee and its amount.

(vii) Whether the conditions attached to the grant have been accepted by the grantee without reservation.

(viii) Dated initials of the countersigning authority.

(ix) Date of encashment of the bill.

[The register should be maintained by sanctioning authority if the bill is to be countersigned by the same authority. If, however, the powers of countersignature of grants' bill have been vested with an authority other than sanctioning authority, the register should be maintained by the countersigning authority and not by the sanctioning authority.]

(x) Date by which statement of accounts are required to be furnished by the grantee institutions, etc.

(xi) Whether utilisation certificate is necessary? If so, the date by which it is required to be furnished to the Audit/Pay and Accounts Office, Bombay by the concerned authority.

(xii) Date by which statements of accounts, etc. are actually received. (In case, there has been delay in the receipt of these statements, the reasons therefore, as well as efforts made by the sanctioning
authority/countersigning authority to expedite submission of such statements may be clearly indicated).

(xiii) Date of submission of utilisation certificate to the Audit/Pay and Accounts Office, Bombay and whether requirements of para 4 of Section I of Appendix 22 to Bombay Financial Rules, 1959 were complied with while furnishing the utilisation certificate. (In case, there has been delay in submission of utilisation certificate, the reasons therefor may be clearly indicated).

(xiv) Unspent balance, if any (Indicate whether the unspent balance has been surrendered by the grantee institution).]

[(e) Columns (i) to (v) of the Register should be filled in simultaneously with the issue of the orders sanctioning each grant, if the Register is being maintained by the sanctioning authority. In those cases in which the Register is to be maintained by the countersigning authority, these columns should be filled in by the countersigning authority on receipt of his copy of the sanction from the sanctioning authority. These columns should be attested by the Superintendents in the case of the Departments of the Government of Maharashtra and any Gazetted Officer nominated for the purpose by the countersigning authorities in the case of other offices. The serial number should be recorded on the body of the sanctioning letter at the time the item is entered in the Register as under:-

"Noted as Serial No. in the Register of Grants". Such a record will guard against the possibility of double payment. Column (vi) and (vii) should be filled in and attested by the Superintendent or other Gazetted Officer concerned as soon as the bill has been received from the grantee. The bill should then be submitted to the countersigning authority with the Register for countersigning the bill and for giving his dated initials in column (viii) of the Register.]

(f) It should be the duty of the countersigning authority to verify that the conditions, if any, attached to the grant have been duly accepted by the grantee without any reservation and that no other bill in respect of the amount has already been countersigned before. No bill received from a grantee should be countersigned unless it has been noted in the Register of Grants against relevant sanction. This would also facilitate
watching of payments in instalments, if any, in case of lump sum sanctions.

(E) In order to safeguard the interest of the countersigning Officer against the possible risk involved in making payments to the parties presenting the bills for encashment, the countersigning authority should send an advice note to the Treasury Officer with a request to pass the bill and the Treasury Officer in turn should intimate to the countersigning Officer the voucher number and the date of encashment of the bill.

1. Substituted by Notification dated 6-4-1964.
2. Added, ibid.

1 [Section III

Instructions in respect of sanctioning grants-in-aid or contributions to educational and other institutions, local bodies, Co-operative Societies, etc. and educational scholarships.

Besides strict compliance with the Rules prescribed by Government, contained in Sections I and II of this Appendix the Administrative Departments may pay special attention to the following conditions and take adequate steps to ensure that they are generally observed in respect of grants in aid sanctioned by them:

(1) Grants should be made available, as far as possible, on the basis of specific schemes drawn up in sufficient detail and duly approved by Government.

2 [Note(a).-The Administrative Departments should impress upon the institutions/organisations desiring grants from Government to submit their requirements with supporting details by the end of October in the year preceding the year for which grant-in-aid is sought. The Departments on their part should finalise their examination of these requests with the utmost expedition and make the necessary budget provision where it is decided to sanction grants. The organisations should be informed of the result of their requests in April in the succeeding year.
Note (b).- Facility of releasing of grant-in-aid by instalments shall be made applicable to all institutions, if they have good record and legal status. In the case of institutions which have good record of utilisation of grants, the first instalment amounting to one sixth of the year's grant may be paid in the month of April to meet their expenses for April and May out of the Budget provision sanctioned or out of the funds voted on account.

Note (c).- A second instalment of the grant not exceeding 50 per cent of the total annual grant, may be released provided the institution submits before the 31st May to the sanctioning authority at least an unaudited statement signed by the competent authority of the institution responsible for maintaining the accounts duly countersigned by the head of institutions, showing the expenditure incurred from the previous year's grant and resources available with it.

Note (d).- Subsequent instalment should normally be released only after receiving the audited statements of account of the previous year. However, if there are any genuine difficulties in getting the audited statements of accounts in time, these subsequent instalments may also be released in exceptional cases on the basis of the unaudited statements of accounts, provided that the total amount of all the instalments released in a financial year does not exceed 75 per cent of the amount provided in the budget of the year, for that purpose.

Note (e).- For the release of grant-in-aid to any institution for the first time, the procedure prescribed under rules in Sections I and II should be followed for the first year. However, for the subsequent years the procedure laid down in sub-rules (a) to (d) above should be followed.

Note (f).- Where grant-in-aid are in the nature of reimbursement of expenditure already incurred, grants may continue to be paid in lump-sum on the basis of past performance, etc., and it need not be paid in instalments.

(2) Periodical reports indicating the expenditure on each of the objects as detailed in the scheme should be called for and scrutinised to check...
whether there have been any variations or unauthorised diversion of funds.

(3) The provision contained in Rule 3 in Section 1 of this Appendix regarding submission of an audited statement of accounts should be insisted upon. There should be a provision also for the maintenance of an audited record of all assets acquired wholly or substantially out of Government grants. In the case of small institutions, however, the sanctioning authority may exercise its discretion of exempting such institutions from the submission of accounts as provided under the aforesaid Rule.

(4) In respect of grants to non-Government or quasi-Government bodies or institutions a condition may be laid down that the assets referred to in (3) above should not without the prior sanction of Government, be disposed off, encumbered or utilised for purpose other than those for which the grants were sanctioned.

(5) An undertaking should be obtained by the sanctioning authorities from the grantee institutions that they (the institutions) agree to be governed by the conditions of the grants which result in the creation or acquisition of permanent or semi-permanent assets.

(6) The grantee institutions should maintain a register (in the \textit{pro forma II} enclosed) of the permanent and semi-permanent assets acquired wholly or mainly out of Government grants. The register should be maintained by the grantee institutions separately in respect of each sanctioning authority and a copy thereof furnished to the respective sanctioning authorities annually.

(7) The sanctioning authorities should also maintain block accounts (in the \textit{pro forma III} enclosed) of permanent and semi-permanent assets acquired wholly or mainly out of Government grants by each of the grantee institutions. This record should be of a permanent nature and should be posted from the annual return furnished by the grantee institutions under (2) above.
(8) The Register of Assets and the Block Accounts maintained by the grantee institutions and the sanctioning authorities respectively should be available for open to scrutiny by Audit.

Note 4 - the conditions mentioned in paras. (5) to (8) are to be followed in case of non-statutory bodies only.

[Note 2-The term assets means (i) immovable property and (ii) movable property of a capital nature where the value exceeds Rs. 1,000. It does not include library books and articles of furniture in respect of which an inventory has to be maintained.]

[(9) As and when an asset is written off, necessary notes shall be kept (in the pro forma II and III enclosed) by the grantee institutions. At this stage, there is no need to reflect the same in income and expenditure account.

(10) As and when asset is written off or is sold, the sale-proceeds thereof shall be taken as receipts of grantee institutions and shown in the Income and Expenditure account (income side) and the book value of the assets disposed off shall be shown as assets disposed off below the total value of the assets on the assets side of the balance sheet and simultaneously the same value shall be shown under the heading “Capital Investment Write Off” on the liability side of the balancesheet. This would not be reflected in the Income and Expenditure account (expenditure side) and thereby the expenditure of the grantee institutions will not be unnecessarily inflated].

(See Fin. R. 80)

Comptroller and Auditor-General’s direction for the preparation and submission of the Annual Establishments Return

1. The detailed statement of permanent non-gazetted establishment, commonly known as the annual establishment return will be prepared in Form A'. It will show accurately the establishment as it exists on 1st April.

   Note. - No return is required in respect of a non-pensionable establishment.

2. The particulars in respect of all members of the establishment holding permanent posts, whether on duty or sent on foreign service, leave or deputation, or in temporary posts elsewhere or under suspension or in transit to another office, should be entered in the appropriate columns, with the exception of the following classes of Government servants:

   (a) Government servants for whom records of service are maintained in the Audit Office;

   (b) Government servants for whom service books are required to be maintained.

3. The return should show accurately the sanctioned scale of permanent establishment and so will include every post, whether filled or not. If a post be vacant, the word “Vacant” should be set against it in the column “Name and incumbent”. Posts sanctioned but not filled should be detailed at the foot of the return.

4. There should be a separate return for each permanent establishment and not more than one establishment should be exhibited on a single page.

5. The names should be entered in order of sections of the establishment. There should be a separate total for each section and a grand total for the whole establishment.

6. (a) In column 1 the general orders should be entered once only; any other order should be entered against every entry which it supports.

   (b) The date to be entered in column 2 is the date from which the Government servant has held the post continuously in an officiating, provisionally substantive or substantive capacity, as the case may be.
(c) Personal pay should be shown on a separate line immediately below the entry of pay in column 8, the orders of the competent authority sanctioning it being quoted in column 1.

If the pay entered in column 8 includes an increment allowed with effect from 1st April the entry should be checked with the increment certificate which would accompany the April bill.

7. When the pay of an establishment or of an individual Government servant is met partly by Government and partly by local or other funds, the whole pay should be shown in the return and the portion payable from each source specified in a foot note.

8. The name of a Government servant officiating in a post and the amount of additional pay for officiating drawn by him need not be shown unless the additional pay for officiating counts for pension.

In the case of an establishment on a time-scale of pay the names of all Government servants not belonging permanently to the cadre but officiating in permanent posts or holding temporary posts should be included with an indication of the nature of the vacancies they fill.

If the officiating incumbent holds a permanent post on another establishment, the fact should be stated and the entry should be supported by a certificate from the head of that other establishment.

Note.-The names of all temporary and officiating Government servants to whom the provision of Bombay Civil Services Rule 240 applies should be included in the annual establishment return. The annual establishment return should be in two parts, one for permanent establishment including the permanent and officiating incumbents of permanent posts, and the other covering all temporary posts in existence on the 1st April each year. Whenever a temporary post is subsequently made permanent a remark to that effect should be made in the return for that year.

9. If a Government servant on the establishment has attained the age of compulsory retirement, the number and date of the orders of the competent authority permitting his retention in service should be quoted in a note at the foot of the return. The period for which retention has been authorised or for which leave beyond the age of compulsory retirement has been granted should also be mentioned. If no orders for his retention have been received the number and date of the application for sanction to his retention should be noted.
10. A statement in Form B* should be appended to the return, showing with relevant particulars the names which did not appear in the return of the previous year and those which appeared in the return of the previous year but are now omitted, as well as the names of Government servants who were on leave or under suspension during the previous year.

If a Government servant was transferred more than once in the preceding year, the name of each office and posts in which he was employed during the year should be mentioned with dates in column 2 of the statement.

11. As the return will be the chief authority by which pension claims will be tested later, both the statements (Forms A and B) should after completion be checked carefully with the service-books and a certificate of this check should be endorsed on each.

12. In the case of establishments borne on a State or amalgamated cadre separate returns should be furnished to be Controlling Officer, who should consolidate them into one return. The certificate of comparison with service books on the consolidated return should be as follows:

"Certified by Heads of Offices to have been verified with service books”.

13. The return should be transmitted to the Accountant General as early as possible after 1st *[May]*, and, in any case, not later than 15th *[May]*.

Note.-In the case of establishment on time-scales of pay the Accountant- General may require the submission of the return in duplicate.

14. These directions apply equally in respect of local funds establishments, the claims to pension for which are submitted to the Accountant-General of verification of service and report.

Note.- The establishment returns should be submitted in Treasury Forms Nos. 139C and 140C.

* Not Printed
+ Substituted for “April” by Notification dated 6-4-1964.
Appendix 25

Section I

Rules relating to the grant of concessions of Bombay Government Servants other than Policeman, suffering from Tuberculosis—Pulmonary, including T.B. Pleurisy as well as non-Pulmonary.

1. All suspected cases of Tuberculosis in the employ of the Government of Bombay, should be sent for examination and opinion to the J.I. Group of Hospitals or the G.T. Hospital, Bombay, if serving in Bombay City, and, if employed in the mofussil, to the nearest District Headquarters Hospital. No charge should be made for such examination. The Civil Surgeon, if he considers it necessary, will refer the case to the nearest Government Hospital where proper facilities, including X-Ray, are available, for a thorough examination. No charge will be made for X-Ray, Skiagrams, examinations and laboratory investigations.

2. (a) If, after careful consideration, the case is found to be an active one, the Government servant concerned should be granted such leave as is recommended in his case by the authorised medical attendant until he has exhausted all the leave due to him under the ordinary or special leave rules or the Revised Leave Rules as the case may be. When the end of this leave is approaching he should be brought before a Medical Board for report whether there is any likelihood of his return to duty. If the Board reports that he would be fit to resume duty after further treatment, he should be granted extraordinary leave for the period recommended by the Board, subject to a maximum of two years. If the Board reports that there is no likelihood of his returning to duty, he should be invalided.

In the case of Government servants, who have more than six months' leave due to them, the examination by the Medical Board referred to above should be arranged six months after the commencement of the treatment, but before the expiry of the leave due. In cases where the total leave due is less than six months, such extraordinary leave as is necessary to complete that period may be given pending examination of the patient by the Medical Board.

At places where there are no Medical Boards the Civil Surgeons can with the sanction of the Surgeon General with the Government of
Bombay convene a Medical Board to examine Government servants suffering from Tuberculosis with help of two Medical Officers of the Institution where the patient is receiving treatment.

Instruction.-A doubt is raised whether the leave is to be granted in relaxation of normal rules, viz. proviso (b) to Bombay Civil Services Rule 736(b) (ii) (2) or rule 8 of the Revised Leave Rules, 1935. It is clarified that the words “all leave due” in the above rule should be interpreted to mean “leave due and admissible” under the normal rules applicable to a Government Servant. The cases where the leave has been granted otherwise than in the manner explained above should be regularised and the question of recovery of or overpayments of leave salary, if any, referred to Government for decision.

(b) In order to afford continuity of service to temporary Government servants, superior or Class IV, who contact Tuberculosis and undergo treatment in a recognised institution established for the treatment of the disease, and to enable them to return to their original posts after treatment, they may, in addition to leave on average pay or earned leave, as the case may be and/or leave on medical certificate which may be admissible to them, be granted in relaxation of Bombay Civil Services Rule 782 or Rule 14(2) of the Revised Leave Rules, 1935 (Appendix XLIV-A of the Bombay Civil Services Rules, 1959, Volume II) or rule 6(2) of the Revised Leave Rules for Permanent and Temporary Salaried Press Employees (Appendix XLIV-B of the Bombay Civil Services Rules, 1959, Volume II), extraordinary leave up to a maximum period of twelve months on any one occasion, subject to the following conditions :-

1. the post from which the Government servant proceeds on leave is likely to last till his return to duty:

2. the extraordinary leave shall be granted subject to the production of a certificate from the Medical Board, specifying the period for which the leave is recommended; and

3. The Medical Board, in recommending the leave, shall bear in mind the provisions of Bombay Civil Services Rule 659 and the
orders issued in Government Resolution, Finance Department,
No. 2534/33, dated the 16th May 1941.

(c) The concession of extraordinary leave up to twelve months shall also
be admissible to a temporary Government servant who, for want of
accommodation in any of the institutions recognised for the purpose
of the concession located at or near the place of his duty, receives
treatment at his residence, provided that-

(i) the treatment is under a duly qualified registered medical
practitioner; and

(ii) he submits a certificate signed by that medical practitioner to
the effect that he is under his treatment and that he has
reasonable chances of his recovery on the expiry of the leave
recommended.

(d) Before the expiry of the maximum limit of extraordinary leave
admissible under the rules, the Government servant concerned should
be examined by the Medical Board to see whether he is fit to resume
duty or should be invalided. If the Government servant is found to
have greatly improved, but to be still in need of some more time, say
1 to 3 months, to consolidate the progress and to become fit to resume
duties, further leave may be granted subject to the limit of 3 months
provided it is certified that he is likely to resume duty by the end of
that period.

(e) All Heads of Departments or Offices, as the case may be, should,
while placing the Government servant suffering from T.B. before a
Medical Board, invariably inform the Medical Board of the period of
extraordinary leave already enjoyed by the Government servant
concerned in pursuance of the T.B. concessions, and the balance of
leave admissible, so as to enable the Medical Board to certify whether
the Government servant is likely to be fit before the expiry of the full
leave.

(f) (i) The extraordinary leave availed of by permanent Government
servants on account of illness due to Tuberculosis should be
counted towards increments subject to the condition that only
such extraordinary leave falling during the period of three years
commencing from the absence from duty will count for increment under Bombay Civil Services Rule 50(b);

(ii) Temporary Government Servants suffering from T.B. who do not have a lien on any post will not be allowed to count the extraordinary leave towards increments;

(iii) The orders in (i) above would come into force from 6th January 1956.

(g) Charges for the medical examination of a Government servant suffering from T.B. by a regular or a specially convened Medical Board, for the purposes of these rules should be borne by Government if the Medical Board is convened at a place it is ordinarily convened. However if the Medical Board is convened at a place other than the one where it is ordinarily convened, on the request made by the Government servant on ground of health etc. all the extra expenditure e.g. Travelling Allowance involved shall be born by the Government servant concerned.

3. Concessions except leave admissible under these rules should be extended to Government servants under suspension also.

4. Concessions admissible under these rules may be granted to Government servants again if after having once availed of these concessions and having been certified to be fit for duty after treatment the Government servants contact T.B. again.

5. (a) While on leave, the Government servant should be required to undergo treatment in a Government Medical Institution, or if he so prefers, place himself for treatment under a competent private medical practitioner or in any of the approved non-Government Tuberculosis Sanatoria or Institutions mentioned below:

The Bel-Air Sanatorium Dalkeith, Panchgani.

Hillside Sanatorium, Vengurla.

Wanless Tuberculosis Sanatorium, Wanlesswadi.

Nasik Tuberculosis Institute, Nasik.

The Karnataka Health Institute, General Hospital and Sanatorium, Hukerip Road District Belgaum.
The Group of Tuberculosis Hospital, Sewri, Bombay.
The Salvation Army Tuberculosis Hospital, Anand, District Kaira.
The N. M. Wadia, Charitable Hospital, Sholapur.
The Talegaon General Hospital and Convalescent Home, Talegaon (Dabhade), District Poona.
The Anti-Tuberculosis Hospital and Perin Banoo Anti-Tuberculosis Dispensary, Ashwanikumar Road, P.O. Kattargaum, District Surat.
The Shashikala Tuberculosis Sanatorium, Jaysingpur, District Kolhapur.
The Swastik T. B. Sanatorium, Wai, District North Satara.
The K. J. Mehta T. B. Hospital, Amargadh (Saurashtra, locally known as Jithari Hospital).
Evangeline Booth Hospital, Ahmednagar, District Ahmednagar.
K. E. M. Hospital, Bombay.

The Medical Officers should have discretion to decide whether a patient should be asked to stay in Hospital or a Sanatorium or whether he should take treatment while staying outside such institutions under such conditions as may be considered necessary.

(b) (i) Reasonable facilities should also be provided, as far as possible, for admission of a Government servant to the existing institutions (i.e., Government Hospital or approved non-Government Hospital or Sanatorium), provided he is deemed fit by the Civil Surgeon of the District concerned or the Superintendent, J. J. Group of Hospitals or G. T. Hospital, Bombay, for institutional treatment.

(ii) A Government servant who cannot be accommodated either in a Government Hospital where proper facilities for the treatment of T. B. exist or in a reserved bed in one of the private T. B. Sanatoria where Government has reserved beds for the free treatment of Government Servants and who is allowed to take treatment in a non-Government Sanatorium or Hospital or under a private medical practitioner shall be entitled to the following concessions:-
(a) In case of Government servant whose pay does not exceed Rs. 250 per month, the expenses on Hospital or Sanatorium charges, special diet and special medicines subject to the limits mentioned in rule 6.

(b) In case of Government servant whose pay exceeds Rs. 250 per month only charges on medicines included in the latest National Health Formulary of the United Kingdom but not exceeding the limit mentioned in rule 6(3).

(c) Government servants undergoing treatment under private medical practitioners or as out-patients at Government Hospitals or recognised private Institutions should be granted the concessions subject to the following conditions :-

(i) The Medical Officer, i.e., the Civil Surgeon, or the Superintendent of Government Hospital should certify that the Government servant can take treatment of such medical practitioner under such conditions as he considers necessary.

(ii) The Medical Officer who has examined the Government servant should, as far as possible, try to secure him admission in a Government Hospital and at the same time furnish him with a list of approved sanatoria or institution, so that the patient may also on his own seek admission to one of them.

(iii) The necessary vouchers for the special medicines purchased by the patient for himself should be produced and countersigned by the medical practitioner or the authorities of the Institutions concerned, as the case may be.

(iv) The allowance for special diet should be granted subject to the condition that a declaration as stated below is given by the patient and is countersigned the medical attendant :-
I hereby declare that I, Shri ... was under the treatment of Dr. ... for Tuberculosis, and under his advice, I have taken special diet, such as ..., for which I have incurred an expenditure of Rs. ... for the period from ... to ... .

(d) Government servants taking treatment as indoor patients in Government institutions should be granted monetary concessions towards items on which they have incurred expenditure, subject to the maximum laid down in Rule 6, provided they produce necessary vouchers and certificates in support of their claim. The condition regarding production of vouchers for special diet should however be relaxed if the Government servant concerned gives a declaration that he has taken special diet of the value of Rs. 30 per month.

Note.-The Regional Officer of the Department or the Head of the Department under whom the Government servant is serving is the authority competent to sanction the concessions. The vouchers should therefore be produced before the Regional Officer or the Head of the Department as the case may be in order to enable him to authorise the concessions. It is not necessary to attach the vouchers to the bills presented at the Treasury.

6. Government will assist in the payment of the cost of special diet, special medicines and sanatorium charges in case of Government servants with pay not exceeding Rs. 250 per month when they are admitted as paying patients (and not against free beds reserved by Government) to private approved Sanatoria or Hospitals up to the following monetary limits:-

(1) Rs. 25 per month for sanatorium charges (which include charges for ordinary accommodation, ordinary diet and ordinary medicines) or at the rate actually paid by the patient, whichever is less;

(2) an allowance of Rs. 30 a month during the period of high prices towards the cost of special diet, if any, prescribed by the Medical Superintendent of the Sanatorium; and
(3) charges for special medicines including charges for P.P., Sputum Examination, Blood Tests and Injections, etc., up to Rs. 25 per month on production of a certificate from the Medical Superintendent of the Sanatorium, when those have been prescribed for and purchased by the patient.

It may happen that Government servant may purchase special medicines or pay for sanatorium charges or special diet to a greater extent during one month and less during the subsequent month, or *vice versa*. In such cases the Government servant concerned should be given the concession equal to the actual expenditure incurred by him during each month subject to the limits laid down in this rule, for a period of six months each time; and thereafter if it is found that on the basis of expenditure actually incurred by him, he would be entitled to more than what has been paid to him, on the basis of average, for that period of treatment, the difference shall be paid to him.

7. If after careful examination by the Medical Board the case is declared as “arrested” and the person is considered fit to carry out his duties, he should be allowed to continue in his appointment under the following conditions:

(a) that he remains under suitable medical supervision and treatment of a qualified medical practitioner approved by the Government Medical Officer concerned who should maintain a special register of such cases so that the patient may be followed up regularly from time to time in his own interest as well as that of public health;

(b) that the Government servant suspected of Tuberculosis or suffering from “arrested” Tuberculosis shall undergo periodical re-examination by the proper Government Medical Officer and if necessary, by a competent authority in Tuberculosis approved by Government. The re-examination should be done by the Government Medical Officer free of charge.

(c) Government servant suffering from T. B. and declared fit to resume duty on expiry of leave should report for a periodical check-up at the nearest Civil Hospital where there is X-Ray or at the recognised sanatorium where free beds are reserved for Government servants. Their periodical check-up should be done till the specialist examining the patient considers that such check-up is necessary in their cases
and not indefinitely. The expenditure on account of the travelling allowance of such Government servants should be borne by Government.

8. (a) For journeys to Government Medical Institutions and back in connection with the medical examination and for treatment, Government servants will be eligible to travelling allowance as on tour as admissible under the Bombay Civil Services Rules ²[and for the purposes of payment of such travelling allowance, their residences shall be treated as their headquarters]. Similar travelling allowance will also be granted, if Government servants go to approved non-Government Tuberculosis Sanatoria or Institutions for treatment.

(b) The attendant, if any, accompanying the patient (Government servant) should be granted actual single fare of the appropriate class in which the patient travels or a lower class by which the attendant actually travels.

9. In the event of a Government servant suffering from Tuberculosis being declared fit for duty the department concerned should, wherever possible, give him light duty for another year or so, and also allow him some period for rest daily or occasionally as advised by the medical attendant of the Government servant.

10. Temporary Government servants, who have put in more than a year’s continuous service shall be eligible for the concessions other than monetary concessions sanctioned in these rules. The monetary concessions will be admissible to those temporary Government servants who have put in not less than three years’ continuous service. Temporary Government servants with less than a year’s service are not entitled to any of these concessions.

For the purpose of this rule, one year’s service or three years’ service, as the case may be, should include even extra ordinary leave, and the service should be completed before the commencement of leave for the treatment of Tuberculosis.

11. The expenditure on account of monetary concessions extended under these rules should be debited to the appropriate budget head to which the cost on account of the general administration of the department concerned is debited, under the primary unit “Allowances and Honoraria”.
12. The concessions available under these rules shall, in any case, cease when the Government servant attains the age of superannuation.

13. Government servants who where suffering from Tuberculosis and who have been declared fit to resume duties should be granted the following monetary concessions:

(i) Rs. 15 per month for extra diet.

(ii) Rs. 15 per month for medicines and tonics.

The above concessions will be available for a period of one year with effect from the date of the Government servant resuming duty, subject to the conditions that the extra diet, medicines and tonics are recommended by the Civil Surgeon or the authorities of the hospital in which he was taking treatment and subject to the production of necessary vouchers in support of his claims.

Note 1.- This rule comes into operation from 14th December 1955 and not retrospectively.

Note 2.- This rule takes effect from the 14th December 1955. Those Government servants who has resumed duties prior to 14th December 1955, would be entitled to the concessions, but in their case, the concessions will not be admissible for a full period of one year from the date of resuming duties, but only from the 14th December 1955 for the unexpired portion of one year from the date of their resuming duties. For instance a Government servant who resumes duties on 12th May 1955 will get the concessions for a period from 14th December 1955 to 11th May 1956.

Note 3.- Government servants in receipt of pay over Rs. 250 p.m. are paid charges on medicines only, included in the National Health Formulary of the U.K. during the period of their illness under rule 5(b)(ii)(b). Such Government servants on resuming duty after having been declared fit should be paid the charges for medicines included in the National Health Formulary of the U.K. on the condition mentioned in the above rule.

Instruction.- One of the conditions for the grant of these concessions is that Government servant concerned should produce necessary vouchers in support of his claims. It may not always be possible for a Government
servant to produce vouchers in support of his claim for the extra diet. In such cases the Head of Department when granting the concession should insist on the certificate of the Civil Surgeon or the authorities of the hospital in which the Government servant was taking treatment recommending extra diet, medicines and tonics and on the production of vouchers for medicines and tonics a declaration given by the Government servant concerned that he has taken extra diet of the value of Rs. 15 per month in place of vouchers for extra diet should suffice.

14. The Regional Officer of the Department under whom the Government servant in need of concessions is serving or where there is no Regional Officer, the Head of the Department should be the authority to sanction these concessions.

Section II

Rules regarding grant of leave and monetary concessions and other facilities to Policeman suffering from Tuberculosis.

1. A policeman suspected to be suffering from Tuberculosis should be sent for examination and opinion to the J. J., or G. T. Hospital, Bombay, if serving in Greater Bombay, and if employed in the mofussil to the nearest District Headquarters Hospital. No charge shall be made for such examination. The Civil Surgeon, if he considers it necessary, will refer the case for treatment to the nearest Government Hospital, where proper facilities, including X-ray, are available for a thorough examination of the chest. No charge should be made for X-Ray, Skiagrams, examinations and Laboratory investigations. If there are no facilities for X-Ray examination in a Government Hospital and the policeman is required to obtain an X-Ray plate under the advice of the Civil Surgeon, the charges for such examination up to a limit of Rs. 20 should be reimbursed to him on production of a certificate from the Civil Surgeon that there were no X-Ray facilities available in the Government Hospital concerned and that the charges claimed are reasonable.

2. After a policeman is thoroughly examined at a Government Hospital and found fit for institutional treatment, the head of the office where the policeman is working should arrange for his accommodation either at a Government Hospital
or approved non-Government Hospital or Sanatorium mentioned in the accompanying Schedule ‘A’, the Police Surgeon being entrusted with this responsibility so far as the Bombay City Police Force is concerned. If no accommodation is available anywhere, the patients may place themselves under the treatment of a duly qualified allopathic medical practitioner near their place of residence with the approval of the Civil Surgeon concerned or the Police Surgeon, as the case may be.

3. (a) When a policeman is admitted in Government Hospital or Sanatorium, he should be discharged only when he is certified as “arrested” or “cured” or as “incurable”;

(b) If, after careful examination, the case is found to be an active one, the policeman should be granted all leave due on average pay including hospital leave;

(c) After one year, he should be examined by the Medical Officer with a view to a decision as to his fitness for further service or to an extension of one more year for treatment;

(d) After the expiry of all leave due on average pay including hospital leave, he may be granted Tuberculosis leave on average pay. In cases in which the leave due on average pay including hospital leave falls short of one year, Tuberculosis leave should begin after all such leave is exhausted. The total Tuberculosis leave should not exceed one year. After expiry of this leave, leave on half average pay, if due, should be granted in case it is found that a further period of leave is necessary for his recovery. After the expiry of the leave on half average pay, the policeman should be placed before a Medical Board for his examination as to his physical fitness for further service and should be granted extraordinary leave recommended by the Medical Board subject to the condition that all leave granted under (b) and (d) does not exceed three years;

(e) In order to afford continuity of service to temporary policemen who contact Tuberculosis and undergo treatment as laid down in these Rules, and to enable them to return to their original posts after treatment, they may, in addition to leave on average pay and leave on medical certificate, be granted extraordinary leave up to a maximum
period of one year on any one occasion, subject to the following conditions:

(i) The post from which the policeman proceeds on leave is likely to last till his return to duty;

(ii) The extraordinary leave shall be granted subject to the production of a certificate from the Medical Officer specifying the period for which the leave is recommended;

(iii) The Medical Officer shall, in recommending leave, bear in mind the provision of the Bombay Civil Services Rule 659 and the orders issued in Government Resolution, Finance Department, No. 2534/33, dated the 16th May 1941.

4. Tuberculosis policeman undergoing treatment in Government Hospitals or the approved non-Government Hospitals and Sanatoria mentioned in the Schedule ‘A’ or under duly qualified allopathic private medical practitioners should be held eligible for the leave concessions sanctioned under Rule 3 above.

5. (a) While on leave, the policeman should be required to undergo treatment in a Government Medical Institution or if he so prefers to place himself for treatment under a duly qualified allopathic private Medical Practitioner or in any of the approved Non-Government Hospitals and Sanatoria mentioned in Schedule ‘A’. The Medical Officer should have discretion to decide whether a patient should be asked to stay in a hospital or a sanatorium or whether he should take treatment while staying outside such institutions under such conditions as may be considered necessary.

(b) Reasonable facilities should also be provided for admission of the policeman to the existing institutions (i.e., Government Hospitals) provided he is deemed fit by the Civil Surgeon of the district concerned or the Superintendent, J. J. Group of Hospitals or G. T. Hospital, Bombay, for institutional treatment. The expenses of the policeman in a Government Hospital should be met wholly by Government subject to the limits mentioned in clauses (2) and (3) only of Rule 6 below.

6. Government will assist in the payment of the cost of the diet and medicine in the case of policeman when they are admitted to approved Non-Government
Hospitals or Sanatoria mentioned in Schedule ‘A’ up to the following monetary limits:

1. Rs. 25 per mensem for sanatorium charges (which include charges for ordinary accommodation and medicines) or the rate actually paid by the patients, whichever is less;

2. an allowance of Rs. 30 per mensem towards the cost of special diet, if any, prescribed by the Medical Superintendent of the Institution; and

3. charges for special medicine including charges for P. P., Sputum examination, Blood Tests and Injections, etc., up to Rs. 25 per mensem on production of a certificate from the Medical Superintendent of the institution when these have been prescribed for and purchased by the patient.

It may happen that Government servants may purchase special medicines or pay for sanatorium charges or special diet to a greater extent during one month and less during the subsequent month, or vice versa. In such cases the Government servant concerned should be given the concession equal to the actual expenditure incurred by him during each month subject to the limits laid down in this rule, for a period of six months each time; and, thereafter, if it is found that on basis of expenditure actually incurred by him, he would be entitled to more than what has been paid to him on the basis of average, for that period of treatment, the difference should be paid to him.

7. (A) (1) The concessions of Tuberculosis leave up to one year and extraordinary leave shall be admissible to a policeman who for want of accommodation in any of the institutions recognised for the purpose of the concession located at or near the place of his duty, receives treatment at his residence provided that:

(a) the treatment is under a duly qualified allopathic private Medical Practitioner; and

(b) he submits a certificate signed by that doctor to the effect that he is under his treatment and that he has reasonable chances of recovery on the expiry of the leave recommended.

(2) In such a case the policeman will also be entitled to an allowance up to Rs. 30 per mensem towards the cost of special diet and an
allowance up to Rs. 25 per mensem towards charges for special medicines, subject to the following conditions:

(i) The Civil Surgeon or the Superintendent of the Government Hospital or the Police Surgeon, so far as policemen of Greater Bombay are concerned, should certify that the Government servant can take treatment of such private practitioner under such conditions as he considers necessary;

(ii) The necessary vouchers for the special medicines purchased by the patient for himself should be produced and countersigned by the Medical Practitioner;

(iii) The allowance for special diet should be granted subject to the production of a declaration in the form specified in Schedule 'B' countersigned by the Medical Practitioner.

(B) The concessions referred to above should be granted to the Policeman undergoing treatment even as outdoor patients either at a Government Hospital or approved private Hospital or Sanatorium, subject to the condition that the vouchers for medicines purchased by the patient and the prescribed declaration for allowance for special diet are countersigned by the Medical Officer-in-charge of the Institution.

8. (A). Before the expiry of the maximum limit of extraordinary leave admissible under rule 3 (d) and (e) of these rules, the policeman concerned should be examined by the Medical Board to see whether he is fit to resume duty or should be invalided. If the policeman is found to have greatly improved, but to be still in need of treatment for some more time, say one to three months, to consolidate the progress and to become fit to resume duty, further extraordinary leave may be granted, subject to the limit of three months, provided it is certified that he is likely to resume duty by the end of that period.

(B). If after careful examination by the Medical Officer-in-charge of the case and of the Hospital, the case is declared as 'arrested' and the person is considered fit to carry on his duties, he should be allowed to continue in his appointment under the following conditions:

(a) that he remains under suitable medical supervision and treatment of a qualified medical practitioner approved by the
Government Medical Officer concerned who should maintain a special register of such cases so that the patient may be followed up regularly from time to time in his own interest as well as that of public health;

(b) that the policeman suspected of tuberculosis or suffering from 'arrested' Tuberculosis shall undergo periodical re-examination by the proper Government Medical Officer and, if necessary, by a competent authority in Tuberculosis approved by Government. The re-examination should be done by the Government Medical Officer free of charge.

9. The Inspector-General of Police, State of Bombay, the Commissioner of Police, Bombay, the Range Deputy Inspectors-General of Police, the Deputy Inspector General of Police, Criminal Investigation Department, the Director, Anti-Corruption Bureau, and the Deputy Inspector-General of Police, Head Quarters, should be the authorities competent to sanction monetary concessions under these rules to Policemen under their charges.

10. In the event of a policeman suffering from Tuberculosis being declared fit for duty, he should, wherever possible, be given light duty for another year or so and also be allowed some period for rest daily or occasionally as advised by the medical attendant of the policeman.

10-A. A policeman who was suffering from Tuberculosis and who has been declared fit to resume duty should be granted the following monetary concessions:—

(i) Rs. 15 per month for extra diet.

(ii) Rs. 15 per month for medicines and tonics.

The above concessions will be available for a period of one year with effect from the date of the policeman resuming duty, subject to the condition that the extra diet, medicines and tonics are recommended by the Civil Surgeon or the authorities of the Hospital in which he was taking treatment and subject to the production of necessary vouchers in support of his claims. If he is unable to produce vouchers for extra diet, a declaration given by him that he has taken extra diet of the value of Rs. 15 per mensem as recommended by the Civil Surgeon or the authorities of the hospital in which he was taking treatment, should suffice.
11. (a) These rules apply to all the permanent Head Constables (including Jamaders) and Constables of the Bombay State.

(b) Temporary policemen, who have put in more than one year's continuous service should be eligible to the concessions under these Rules other than the monetary concessions and the concession of Tuberculosis leave on average pay. The monetary concessions and the T.B. leave on average pay will be admissible to those temporary policemen who have put in more than three years' continuous Government service.

Note.-Continuous service of one or three years means continuous service of specified duration under the Government of Bombay till the commencement of leave for treatment of T.B.

12. The concessions available under these rules should, in any case, cease when the policeman attains the age of superannuation.

13. If a policeman is not prepared to go to any Government hospital or approved Non-Government hospital or sanatorium for treatment he should be granted the leave admissible to him under the normal operation of the Bombay Civil Services Rules.

14. The policeman should be provided with a railway and, if necessary, a steamer warrant and also motor fare for journeys to and from the Government hospital or approved non-Government hospital or sanatorium for himself and one attendant.

15. The concessions granted to a policeman suffering from Tuberculosis in the foregoing rules may be granted to him again if, after having once availed himself of these concessions and having been certified to be fit for duty, he contacts Tuberculosis again.

16. The monetary concessions and other facilities (except leave) granted to a policeman suffering from Tuberculosis in the foregoing rules should be extended to him even while under suspension.

[Note.—\[------------------------\]]

(d) \[\text{[fifty] month's pay subject to maximum of [Rs. 20,000] for the purpose of special repairs necessary to make the house habitable.}\]

[Provided that, a Government servant may receive a second advance, while any portion of the first advance is outstanding against him for the following purpose within the limits mentioned in clauses (c) and (d) and subject to the condition that the total amount of the first and the second advance shall not exceed the amount admissible under clause (a), namely:-]

In case where the house building advance has been sanctioned and has been drawn before 1st April 1984, such enhancement may be given effect subject to the following conditions, namely:-

(i) the Government servant should not have drawn the entire amount of house building advance sanctioned under the orders before 1st April 1984.

[Note 3.-The second advance will bear the interest, in force during the year in which such an advance is sanctioned.]
Instructions.- The actual amount of advance to be sanctioned will be determined on the basis of plans and detailed specifications and estimates to be furnished by the applicant justifying the amount of advance applied for and should be restricted to the estimated cost of construction/purchase within the ceiling amounts prescribed above. The amount of advance will further be restricted to the amount which a Government servant can repay partly from his gratuity/Death-cum -retirement Gratuity and partly by convenient monthly deductions from his pay before the date of his superannuation.

Explanation.-For the purpose of these calculations it will be assumed that a Government servant can generally commence repayment of advance one and half year after the date of approval of the advance and that an instalment calculated upto 33 1/3 per cent of his pay will be within his paying capacity.]

Such a second charge may be created only in respect of loan to be granted for meeting the balance cost of the house/flat by the recognised financial institution.]

6. **[Mode of Disbursement of Advances.]**

Subject to the provisions made in Rule 16-A, house building advances shall be disbursed in the manner hereinafter specified:

(a) Advances required partly for purchase of land and partly for constructing a new house shall be disbursed as follows:—

(i) A sum not exceeding 25 per cent of the sanctioned advance will be payable to the applicant for purchasing land on his executing an agreement in Form “A” appended to these rules for the repayment of the advance. In all cases which a part of the advance is paid for the purchase of land, the land must be purchased and the sale-deed together with all other documents of title in respect thereof produced to the sanctioning authority concerned within two months of the date on which the above amount of 25 per cent is drawn. In cases where the documents cannot be produced within the period of two months, the Head of the Department may, if he is satisfied that the failure is due to circumstances beyond the control of the applicant, extend the period up to one year; and thereafter, the State Government may for sufficient reasons allow the applicant to produce the documents before such date as it deems fit. In default of production of such sale deed and other documents of title or in case the documents as produced do not disclose a good and marketable title the applicant shall be liable to refund to
Government at once the entire amount of the advance with interest thereon up-to-date;

(ii) A further sum equal to 25 per cent of the sanctioned advance will be payable to the applicant on his title to the land being found to be in order and on his executing in favour of the Government a mortgage-deed in Form “B” appended to these Rules mortgaging the land purchased by him along with the house to be built thereon:

(iii) A further sum equal to 40 per cent of sanctioned advance will be payable when the construction of the house reaches plinth level; and

(b) Advance required for purchase of land with a view to constructing dwelling house thereon at a later date will be payable to the applicant on his executing an agreement in Form “A-1” appended to these rules for the repayment of the advance. In all cases in which advance is paid for the purchase of land, the land must be purchased and the sale-deed together with all other documents of title in respect thereof produced to the sanctioning authority concerned within two months of the date on which the advance is drawn. ¹⁹[In cases where the documents cannot be produced within the period of two months, the Head of the Department may, if he is satisfied that the failure is due to circumstances beyond the control of the applicant, extend the period upto one year; and thereafter, the State Government may for sufficient reasons allow the applicant to produce the documents before such date as it deems fit]. In default of production of such sale-deed and other documents of title or in case the documents as produced do not disclose a good and marketable title, the applicant shall be liable to refund to Government at once the entire amount of the advance with interest thereon up-to-date. If the title is found to be in order the applicant shall execute in favour of the Government a mortgage-deed
in Form ‘B-1’ appended to these rules mortgaging the land purchased by him.

(c) Advance required only for constructing a new house shall be disbursed as follows:

(i) A sum equal to 30 per cent of the sanctioned advance will be payable to the applicant on his executing in favour of Government a mortgage-deed in Form B-2 appended hereto mortgaging the land owned by the Government servant along with the house to be built thereon;

(ii) A further sum equal to 40 per cent of the sanctioned advance will be payable when the house has reached plinth level;

(iii) The last instalment of the advance will be paid to the applicant when the construction of the house has reached roof level, provided that the sanctioning authority is satisfied that on its completion the house will be habitable and fit for occupation in all respects.

(d) Advance required for (i) enlarging living accommodation in an existing house or (ii) carrying out extraordinary or special repairs to an existing house owned by the Government servant shall be paid to the applicant on his executing in favour of Government a mortgage-deed in Form “B-3” appended hereto mortgaging the land along with existing house thereon.

(e) Advance required for purchasing a ready-built house may be sanctioned by the competent authority after being satisfied that prima facie the title of the Government servant on completion of the contemplated purchase will be good and marketable. Payment of the entire amount required by and admissible to the applicant may be made in one lump sum on the applicant executing an agreement in Form “A-2” for the repayment of the loan. The purchase shall be completed and the house mortgaged to Government within 3 months of the drawal of the advance by execution of a mortgage-deed in Form “B-4” attached hereto failing which the advance together with the interest thereon shall be refunded to Government forthwith unless an extension of time is granted by the Head of Department concerned.
20 [The Head of Department may, if he is satisfied that the failure to execute the mortgage-deed within three months is due to circumstances beyond the control of the applicant, extend the period by one month. Thereafter the State Government may for sufficient reasons allow the applicant to produce the mortgage-deed by such date as it may deem fit.]

While authorising disbursement of an instalment of an advance under rule 6, the Head of Department will issue a certificate to the effect that the required formalities in pursuance of which the instalment has become due, have been complied with.

21[(f) The second advance sanctioned under the proviso to rule 4, shall be disbursed to the applicant on his executing in favour of Government a mortgage deed in Form B-5 appended to these rules.]

7. Proof by Government servants about title.-

In every case of house-building advance the applicant must satisfy the sanctioning authority that he has good marketable title to the land upon which the house stands or is proposed to be built.

Note 1.- This rule does not preclude the grant of an advance to a person who does not possess full proprietary rights in the land upon which he intends to build, provided the sanctioning authority is satisfied that the applicant has a lease of which the unexpired portion is of a term and value sufficient to justify the grant of the advance and that there is no danger of the lease lapsing or of Government being unable to dispose of it by reason of any restrictive covenants or otherwise. In examining the applicant's title, care should be taken to see that the lease does not permit any sub-demise by the lessee (the applicant-mortgagor). The mortgage-deed in such cases will be prepared in Form BB, BB-1, BB-2 and BB-3, instead of Forms B, B-2, B-3 and B-4 prescribed above.

21[Note 1A.- This rule does not preclude the grant of an advance to a Government servant who owns the land or house or both jointly with his/her spouse if otherwise admissible, provided both the Government servant and his/her spouse are willing to mortgage the land or house or both in favour of Government as security for
repayment of the advance. The application for grant of advance in such cases shall be accompanied by a letter from the Government servant that he/she will mortgage his/her share of the land or house or both jointly with his/her spouse as security for repayment of the advance. The applicant and his/her spouse will have to execute an agreement and Mortgage Bond in such terms as may be prescribed by Government.

Note 2.- The sanctioning authority may, at its discretion, require Government servant taking the advance to produce for inspection receipts in respect of all payments made on account of ground rent, Municipal taxes and all other outgoings payable in respect of the land mortgaged to Government within fifteen days of the respective dates on which they become due and payable. The sanctioning authority shall be at liberty to pay all the arrears in respect of such dues remaining outstanding for more than 15 days and take steps to recover such dues including interest thereon, if any, from his pay.

Note 3.- Instructions regarding the information required for verification of title are to be found in the Rememberancer of Legal Affairs Circular No. 290, dated the 25th January 1924 which is reproduced in Annexure II to these Rules. In addition to the documents referred to in the said Circular the Government servant should furnish, preferably in consultation with his own legal adviser, an abstract of title or a detailed note explaining this title by reference to the documents and relevant events if any. The note shall be got verified by the Collector of the District in which the property is situate, who, after verifying the contents with the respective records shall certify whether the property is free from encumbrances.

Note 4.- In cases where the applicant desires to purchase land, or house with land, an attested copy of letter from the seller of the plot or the building, to the effect, that, subject to the settlement and payment of the price he is in a position to hand over the vacant possession of the clearly demarcated developed plot of land or
ready house to the applicant within a period of two months from the date of his letter, may be forwarded.

Such letter of non-encumbrance need not be insisted upon, when the Government servant applies for a house building advance for purchasing land owned by or house/flat constructed by the Central Government or a State Government or a semi Government body, such as State Housing Board, City Improvement Trust etc. In such cases it is only necessary that the applicant produces a certificate to the effect that the land on which the house (flat has been/will be constructed) is unencumbered.]

Note 5.-The Head of Office in the case of a Non-Gazetted Government servant and the Controlling Officer in the case of a Gazetted Government servant should, when asking for the authority for payment (vide sub-rule 59 in Financial Publication No. II or any corresponding rule for the time being in force), send to the Accountant General, a certificate either in the bill in which the advance is drawn or separately indicating the prescribed form in which the mortgage-deed has been executed by the Government servant taking the advance and stating that it has been duly registered or that the Agreement in Form “A”, Form “A-1” or Form “A-2” signed by the applicant pending execution and registration of the final mortgage-deed in the prescribed form has been secured and retained with him. The fact of the execution and registration of the latter deed should be intimated to the Accountant General, Maharashtra State, as soon as possible.

8. **Surety bond in certain cases.**

In addition to the execution of the agreement and mortgage-deed referred to in Rule 6 above, the following three categories of applicants shall also be required to furnish a surety bond by a permanent Government servant or other solvent person acceptable to the sanctioning authority as a surety in Form “C” attached hereto before the sanctioned advance or any part thereof is actually disbursed to them:

(i) All applicants who are not permanent Government servants.
(ii) All applicants who are due to retire from service within a period of 18 months following the date of application for the grant of an advance.

(iii) All applicants who are permanent Government servants but not covered by sub-paragraph (ii) above, if they require the advance for purchase of a readybuilt house.

Note 1.- When the surety offered is a permanent Government servant, he should be of a comparable or of higher status than the Government servant to whom the loan is sanctioned.

Note 2.- No Permanent Government servant should be accepted as surety under this rule if he is unable to satisfy the sanctioning authority that notwithstanding his liability for repayment of loan, if any, granted to him under these rules he has adequate assets to meet the liability arising from the surety bond.

9. Release of mortgaged property.-

On repayment of the entire advance with interest and all dues, if any, Government will release the mortgaged house.

Note.- Ordinarily it will suffice if the mortgage-deed is returned with an endorsement that this get such endorsement or acknowledgment registered at his own cost. No particular form of endorsement is necessary. If however, the mortgagor insists on a formal deed or reconveyance, it should be in Form “D” appended hereto.

10. Liability of Government servant till advance is fully paid.-

(1) A Government servant quitting or removed from the station where he has built or purchased a house before the whole amount of the advance has been liquidated, will continue liable to the deduction of his monthly instalment until the advance has been repaid; but with the special sanction of Government he may be allowed to dispose of the house, provided he is thereby enabled to clear off at once the whole amount due; or to transfer it to any Government servant of his own or higher rank the future deductions being made from the pay of such Government servant.

(2) So long as the advance received by him under these Rules or any part thereof or interest thereon remains outstanding the Government
servant shall keep the house mortgaged to the Government in good state of repairs to the satisfaction of the sanctioning authority or the officer duly authorised for the purpose, and such authority or officer shall inspect the house periodically to ensure that the house is kept in good repairs by the applicant mortgagor concerned.

11. **Mode of making application, certificate of expenditure, etc.**

Applications for advances must be made through the applicant’s departmental superior, who will record his opinion as to the necessity for assistance solicited. The applicant must certify that the sum is to be expended only for the purpose for which it is asked for and undertake that if the amount of advance received exceeds the actual expenditure incurred by him the excess will be refunded to Government forthwith. Utilisation of funds, for a purpose other than that for which it is sanctioned shall render the Government servant liable for disciplinary action apart from his being called upon to refund to Government forthwith the entire advance drawn by him.

12. **Last pay certificate to denote position of advance.**

The last pay certificate granted to a Government servant in receipt of an advance must specify the original amount of such advance, the amount repaid and the balance remaining due.

13. **Examination of title.**

The applicant’s title to the property should be examined by the Solicitor to Government in the Law and Judiciary Department before the advance is actually paid. It should be seen-

1. that the applicant has undisputed title to the land on which it is proposed to build a house;

2. that in the case of an advance for the purchase of a house *vide* clause (d) of Rule 2 above, he will obtain such title as soon as the purchase price is paid;

3. that there will be no legal obstacle in either case to the property being mortgaged to Government; and

4. that Government will be in a position to exercise the power of sale on the happening of the events mentioned in the mortgage deed.
Note.—Such examination is not necessary in all cases as a matter of course, but the authority sanctioning the advance has discretion to decide whether the title deeds submitted by the applicant required any further examination by Government law officers.

13-A. Conditions to be observed by All India Officers intending to construct houses outside State.—

Where an officer belonging to All India Services applies for a grant of loan for house-building purposes under these rules and intends to construct a house outside the State of Maharashtra, such officer shall produce a certificate as to the correctness of the title-deeds from the law officers of the State within whose jurisdiction the house is to be constructed, and bear the cost of verification by such law officers and agree to produce a certificate from the appropriate officer of such other State that the construction of the house has reached the stage of plinth level, roof level, or as the case may be, completion in all respects.

14. Repayment of Advance.—

(c) It will be open to Government servants, to repay the amount in a shorter period if they so desire. In any case, the entire advance must be repaid in full (with interest thereon) before the date on which they are due to retire from service.

(d) In order to avoid undue hardship to a Government servant who is due to retire within 20 years of the date of application for the grant of an advance and under the Service Rules applicable to him is eligible for the grant of a gratuity or death-cum-retirement gratuity, the Government servant will be allowed to repay the advance with interest in monthly instalments (the amount of which shall not more than the amount of monthly instalments on the basis of repayment within a period of 20 years) during the remaining period of his service subject to the condition that the Government shall be entitled to recover the unpaid balance of the advance and interest at the time of his retirement [-----] from the gratuity that may be sanctioned to such Government servant.

The recovery of interest shall commence from the month following the month in which the last instalment of principal is repayable. \[39\][or from the month following the month in which the whole of principal is repaid, whichever is earlier].

(h) Recovery of the advance shall be effected from the monthly pay/leave salary bills of the Government servants concerned by the Head of the Office or the Accounts Officer concerned, as the case may be. (i) If a Government servant cease to be in service for any reason other than normal retirement/superannuation \[29\][---] before repayment of the advance in full the entire outstanding amount of the advance shall become payable to Government forthwith, Government may, however, in deserving cases, permit the Government servant concerned, or his successors in interest, as the case may be, or the sureties in cases covered by rule 8 if the house has not been completed and/or mortgaged to Government by that time to repay the outstanding amount together with interest thereon in suitable instalments. Failure on the part of the Government servant concerned to repay the advance for any reason whatsoever, will entitle the Government to proceed to recover the outstanding amount by enforcement of the mortgage, by recourse to revenue recovery proceedings or in any other manner permissible.

(ii) indicate to the Heads of Offices concerned the monetary limit upto which the grant of an advance could be considered in due course, in other cases (viz., for constructing a new house or for increasing living accommodation in an existing house).

(d) (i) On receipt of the formal sanction to the grant of advance by the Head of Office concerned, he shall arrange to complete the prescribed formalities, such as execution of Agreement, Mortgage Deed, Surety Bond, undertaking, etc. in the prescribed forms (in consultation with appropriate legal authorities, where necessary), and then forward them to the Head of Department with a request to authorise disbursement of an appropriate amount out of the sanctioned advance to the applicant. Where land or a ready built house is intended to be purchased with the help of the advance, the Head of Department may, before authorising payment of the advance, also require the Government servant concerned to certify that negotiations for the purchase have reached concluding stages, that the purchase price is not likely to be less than the amount of advance sanctioned, and that he has satisfied himself that the transaction will enable him to acquire in disputable title to the land/house in question. In such cases, the sale deeds, etc., should be examined by the Head of Office/Department carefully (in consultation with legal and other authorities) where the Government servant has actually acquired indisputable title to the property in question. It should also be verified that the
marked value of the land/house purchased is not less than the advance sanctioned.

(ii) The Heads of Offices shall instruct applicant desirous of constructing a new house or enlarging living accommodation in existing house, to furnish two copies of plans, as well as specifications and estimates in the prescribed proforma. The plans must be got duly approved by the Municipality or other local body concerned before submitting them to Head of Department.

(e) The plans specifications and estimates referred to in sub-rule (d)(ii) above should be referred to the Heads of Department with reference to the earlier correspondence on the subject. The Heads of Departments will after examining all these details in consultation with local P.W.D. officers, if necessary, inform the applicant through the Head of Office of the maximum amount of advance that could be granted to the Applicant concerned. On receipt of the Applicant's agreement to accept the proposed advances in cases where it is reduced the Head of Department will record formal sanction to the grant of the advance. He will also if necessary, amend the original sanctions issued in cases where the advance is required partly for purchasing a plot of land [see sub-rules(c)(i) and (d)(i) above]. The Head of Office shall attend to all formalities as explained in sub-rule (d) (i) above, and then request the Heads of Department to authorise disbursement of the first instalment of advance for construction purposes to the applicant. The payment of remaining instalments of advance may be authorised by the Head of Departments after the necessary mortgage deeds are executed by the applicants as prescribed in the Rules and on receipt of reports from the Heads of Offices that conditions governing the further instalments have been fulfilled after making such inspections as may be deemed necessary.

(f) The Head of Office/Department shall also ensure that the transaction/construction of the house is completed within the period prescribed in the rules, and that-
(i) the prescribed mortgage-deed is executed immediately on completion/redemption/purchase of the house, and the document kept in safe custody after registration.

(ii) the house is insured in the manner indicated in rule 15 immediately on its purchase/completion/redemption, and that the premium receipts are regularly produced for inspection.

(iii) the house is maintained in good repair and that the necessary insurance premia and Municipal rates and taxes are paid regularly, and the requisite certificate furnished annually, until the advance has been repaid in full.

(iv) monthly recovery of instalments of repayment of the advance commences from the due date and is made regularly from the pay/leave salary bill of the Government servant concerned thereafter.

(v) in the case of Government servants likely to retire within 18 months of the date of their application for the advance, the amount of their Provident Fund and Gratuity will be adequate to cover the balance of the advance outstanding against them just before the date of their retirement and that in such cases any applications for advance withdrawal from the Provident Fund subsequent to the grant of House building advances under these rules, should not be ordinarily entertained.

(vi) any amount drawn in excess of the expenditure incurred, is refunded by the Government servant concerned, to Government forthwith together with the interest, if any, due thereon.

(vii) the property mortgaged to Government is released immediately on the repayment of the advance and the interest thereon in full.

(g) To enable the Audit Officers concerned and the Finance Department to watch the disbursement of funds and the progress of expenditure on the construction of house each Head of Department will send them a consolidated quarterly progress report (in respect of all the offices
under them) by the end of the month following the quarter to which it relates.

Annexure II

(Please see note 3 below Rule 7)

By Government Resolution No. 592, dated the 21st August 1923, Government in the Finance Department directed that when a Government servant applies for the grant of an advance for the purchase or building of a house the applicant's title should be examined by the Law Officers of Government before the advance is paid. References are accordingly received from time to time from several Departments of the Secretariat regarding the title of the applicant to the house proposed to be purchased or built but the information supplied is usually insufficient for a thorough investigation of the title. The following instructions will, it is hoped, serve to show the nature of the information required:-

1. In order to show the title of the applicant the following documents and information should as far as possible, be furnished:

(i) Documents of title under which the applicant acquired the property.

(ii) Documents of title and other evidence showing the undisturbed possession of the vendor or donor of other person from whom the applicant acquired the property, or of the predecessors in title, for a period of at least 12 years prior to the date of the acquisition of the property by the applicant.

(iii) Duly certified copies of all registered documents which cannot for sufficient reason be produced.

(iv) Evidence that those who on the documents produced dealt with the property were adult and competent to confer a title, e.g., as a sole owner, or as a manager of a Hindu joint family, or a Hindu widow alienating for a specific purpose allowed by law.

(v) Evidence that there are no encumbrances on the property, and a statement that the village record-of-rights and the indexes of the village Registrars', Sub-Registrars' and District Registrars' records relative to the property in question have been examined for 12 years prior to the acquisition by the applicant.
(vi) A certified copy of any relevant entries in the cantonment, Municipal or Village Records, or in the village record-of-rights, or Register of Mutations, relating to the land.

(vii) Original receipts for any assessment or taxes paid in respect of the property.

(viii) A correct description of the property, its survey numbers and boundaries and a map showing it and the adjoining properties and the position of any buildings on it.

2. It is also desirable that a site plan countersigned by an officer of Government and clearly showing the dimensions and boundaries of the property should accompany the papers.

3. Translations of documents should also be furnished in all cases where the documents are in the vernaculars.

Mantralaya, Bombay- 400 032.

Dated the 6th November 1982.

Circular

As per Rule 71 of the Bombay Financial Rules 1959, pay bills payable at District Treasuries are to be signed and presented for payment four days before the last working day of the month to which they relate. No such time limit is prescribed in respect of the Sub-Treasuries, where pay bills may be presented for payment even on the last working day of the month to which they relate. Government is further pleased to direct that the pay bills payable at the District Treasuries should be presented for payment six working days in advance of the last working day of the month to which they relate, instead of four days in advance, as prescribed in Rule 71 of the Bombay Financial Rules, 1959.

Necessary amendment to the Bombay Financial Rules will be issued in due course.

House Building Advance

Waiving of recovery of outstanding balance amount granted to Government servants who die while in service.

Government of Maharashtra

Finance Department,

Resolution No. HBA- 1076/ CR- 765/ GEN- 5,
Mantralaya, Bombay 400 032.

Dated the 5th February 1981.

Resolution

According to Sub- Rule (d) of Rule 14 of the Maharashtra Government Servants House Building Advance Rules, 1962, Government is entitled to recover the unpaid balance of House Building Advance, at the time of the death of Government servant preceding retirement, from the DCRG that may be sanctioned to such a Government servant. Further, according to Sub- Rule (i) of Rule 14 of the said Rules, if a Government servant dies before the repayment of the advance in full, the entire outstanding amount of the advance becomes payable to Government forthwith. Government can, however, in deserving cases permit the Government servant’s successors in interest or sureties, in cases covered by Rule 8 (ibid), that time, to repay the outstanding amount together with interest there- on in suitable instalments.
2. The question of giving some relief to the families of Government servants who die while in service and against whom some amount of House Building Advance is outstanding was under consideration of Government. As a welfare measure and with a view to alleviating the distress of the family of deceased Government servant, Government has decided that the recovery of interest on House Building Advance granted to a Government servant under the Maharashtra Government Servants House Building Advance Rules, 1962, in the event of his premature death while in service, should be waived by the concerned Administrative Department. The recovery of the principal of the House Building Advance on the date of death of the Government servant should be adjusted against the DCRG payable under the rules. Even after such an adjustment if a balance is outstanding an amount upto Rs. 25,000/- should be waived by the concerned Administrative Department. In case, any balance is still outstanding, waiving of the same should be examined on merits of the case, in consultation with the Finance Department.

3. These orders take effect from 1.1.1981. The pending cases, if any should be regulated by the concerned Administrative Departments as per the above orders. The cases already decided should not, however, be re-opened.

By order and in the name of the Governor of Maharashtra,

J.D. Jadhav,
Joint Secretary to Government,
Finance Department.
