

**C I R C U L A R NO.333 dt.11-2-2008.**

It is the grievance of Advocates practicing in the charity matters at Bombay that accounts of the office of Joint Charity Commissioner have not been tallied for the last several years, said accounts are now being illegally and unauthorisedly checked by Shri Arvind Singh and his staff members and they are even allowed to verify daily cash collection and cash balance without any right and authority and without any government order and thereby allowing Chartered Accountants to interfere in the office administration.

All the concerned are hereby therefore called upon to clarify; and explain.
