**Subject: Partnering with CMRF for supporting Pediatric Cardiac Surgeries**

I chair the Chief Minister's Relief Fund (CMRF), which provides financial aid to needy patients across the state for various designated diseases. Therefore, I shall recommend a formal partnership between your Charitable Hospital and the CMRF, for convergence of the financial aid to the patients, specifically for 100 pediatric cardiac surgeries every year. The processes such as the selection of patients, due diligence, hospitals where the care can be provided etc. can be mutually identified and agreed to as per the rigorous due diligence criteria of the CMRF and the rules of the Hon'ble Charity Commissioner, Maharashtra governing all Charitable Hospitals. Such a formal partnership can significantly expand the benefits of the support by the CMRF.

I am looking forward to your support.

**Sincerely,**

**(Devendra Fadnavis)**
